## Bitter rivals no more

# Alfred, Bem now political allies

JOEY A. GABIETA

**TACLOBAN CITY**-After a bitter election that they figured during the 2013 balloting, former city mayor Alfred Romualdez and his erstwhile political rival, former congressman Florencio 'Bem' Noel have now kissed and made up.

This was separately confirmed by Noel and a close aide of Romualdez.

The political settlement between the two former rivals come at a time as the country is to conduct elections next year.

Romualdez, who served

as Tacloban mayor for nine years which ended on June 30, 2016, is rumored to be interested to seek the same position while Noel, who also served as a party-list representative under the An Waray also for nine years, has confirmed his plan to

return as the number one nominee of the said party-list group currently held by elder sister, Rep. Victoria Isabel Noel.

"It was not difficult for us (to become friends) be-

## 1st regional Lumens Awards

# NEA gives recognition to EV's 11 electric cooperatives

**CALBAYOG CITY** – Officials of the 11 electric cooperatives of the region gathered Friday to mark the first ever regional Lu-

mens Awards held in this city.

Administrator Edgardo Masongsong of the National Electrification Adminis-

tration (NEA) served as its main guest and speaker.

Highlight of the activity was the giving of awards see NEA gives /page 11 ...

**LUMENS AWARDS.** Leyte II Electric Cooperative (Leyeco II) general manager Engr. Fernan Paul Tan (right) and board of director president Gregorio Dolina hold the Leyeco II banner during a banner parade that signalled the start of the first ever regional Lumens Awards held in Calbayog City on Friday (July 13).

**POLITICAL RECONCILIATION.** Former political nemesis Alfred Romualdez (left) and Florencio 'Bem' Noel now claim to forget their political feuds by forging a political friendship. Photo shows the two smiling during a sports competition awarding. (Mayor Alfred Romualdez FB)

## More than 19,000 sitios still without power

# NEA invites private sector to help attain its full sitio electrification program

**TACLOBAN CITY**- The National Electrification Administration (NEA) is open for private companies to come in and help energize the more than 19,000 sitios across the country which remain without electric supplies.

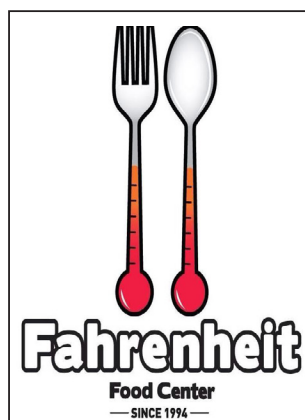

This was disclosed by NEA administrator Edgardo Masongsong who was in the city Thursday (July 12) afternoon en route to his visit to Calbayog City to attend the agency-sponsored

Lumens Awards for outstanding electric cooperatives in Eastern Visayas.

But this early, Masongsong was quick to say that even though it would be a private sector, which he called as qualified third party (QTR), that would provide electricity to these unserved communities, power rate would still be minimal.

"The QTR will charge subsidized rate meaning if for example, its P18 per

kilowatt hour just like our see NEA /page 11 ...

COMMENTARY:

# Dream big dreams!

By Philip Jude Acidre  
(continuation)....

I can go on and on with all my experiences of meeting TESDA graduates in the many countries that I had the opportunity of visiting – from those working in cruise ships, to restaurants, to automotive mechanics to skilled welders. World-class Filipino talents can be found all over the world operating factories and construction sites, managing cafes and restaurants, building skyscrapers and running industrial-scale farms. They are among our country's hardworking dollar-earners abroad, and among the most well-sought skilled workers at home.

But, if you ask me, the primary motivating factor to TESDA's success is you, the graduates, who never fail to give your best, juggling your many responsibilities at home and at work, yet unrelenting in your commitment to excel. That is, for me, the main driving force behind, not your individual success, but of every TESDA graduate.

I cannot tell you to work hard, because I know you probably work harder that I do. I cannot tell you to give your best for the people in your life – your family, your children, your parents, for were it not for them, had you given it your all to reach the success you have made to do?

But let me leave you with two points – dream and win. Many of us have dreams in life. We want a roof over our heads, a stable job that will sustain our need, probably one paycheck after another. We dream of vacations abroad, or maybe to one or two tourist attractions in the country. We may dream of a car, or having

our own business. Each one of us can have all of those dreams listed in our minds, our maybe we have own written list. I have mine listed on a dream board I keep in my room. I am sure, given the world of opportunities now open to you, those dreams are well within your reach. It may take time, but definitely, with hard work and focus, you can make them happen. But when you have finally found a better life for yourselves and your family, I am sure, time will come, when life would be too comfortable for you, not to dream any longer. Complacency will follow. Then the distractions, all keeping you from dreaming more, and dreaming big.

It is not enough to dream, but you have to dream big, and bigger. If you look at the lives of all the successful people throughout history, there is one lesson we can learn from them: the size of your dream is the magnitude of your success. So, continue to dream big. When in three or five years, life will be good, work hard to make it even better. Never stop at wanting the best for you and your family's future. You all deserve the best that life can offer. That brings me to my second point, win. The road ahead will not be easy.

There will be a lot of challenges that could tire you down, things that could dampen your hopes. Keep moving, keep going. Thing of life as a rubber sling, the further you pull it back, the farther it will definitely go. Those pains, those problems, they not only help you survive, they help you win. Time will come when you will have all those struggles of the past not as scars of fallen battles, but as marks of a true champion in life. You have given so much to get where you are now, I know you all deserve to win!

So dear graduates, dream and win! Dreaming is not enough. Winning without those big dreams could mean nothing. Remember, completing your TESDA certificate opens to you many opportunities that others do not have. There could be other persons in your family who might be more diligent than you, more hardworking and probably more intelligent than you are. There might be other people like you who badly need a job or children or probably brothers and sisters to send to school. But it is you who are here. It is you who have this opportunity. Please use this opportunity wisely, to do more good, to give the best to the people who mean the most to you. Lastly, do let allow people to look down on you based on the color of your collar. Yes, there was a time when people through blue-collared jobs were secondary compared to white-collared occupations. Prove to them, and I know you can, that your worth, your value is not determined by the color of your collar, but by your hard work, your determination and your commitment to excel.

To the administrators and staff of the Technical Education and Skills Development Authority, to all the tech-voc schools here present this afternoon, and to all the parents of our graduates. Thank you very much for your hard work! Congratulations!

To our graduates, I apologize for not keeping my promise to be brief. But I am sure, there is more that is inspiring in your success much more anything that I could say this afternoon. Please with your every success, continue to be an inspiration to all of us. Congratulations! Continue to dream and always win!

Leyte Governor Leopoldo Dominico “Mic” L. Petilla delivered his message to the young parents ages 15 to 19 years old during the launching program for young parents on July 6, 2018. The governor was joined by Dr. Ofelia Absin, officer-in-charge of the Leyte Provincial Hospital. (GINA P.GEREZ)

## Law provides them financial assistance 4Ps beneficiaries ask senators not to stop TRAIN Law implementation

TACLOBAN CITY- Beneficiaries of a financial assistance in the region source from the TRAIN (Tax Reform for Acceleration and Inclusion) Law are calling senators not to suspend its implementation saying it's a big help to them.

Suspending it would mean a deduction of about P200 a month, an amount that matters to the beneficiaries who are all identified by the government under its 4Ps (Pantawid Pamilyang Pilipino Program).

Some senators, notably Senator Bam Aquino, are calling for the suspension of the TRAIN Law to help cushion the raising inflation rate of the country.

“Please to our senators and our leaders, don't stop the enforcement of the TRAIN Law. The amount that we receive, no matter how small it is, is really a big help to us poor people,” Nenita Cantanero, 40 of Barangay Malibago, Babatngon town in Leyte said Wednesday (July 11).

Malibago was interviewed during a press conference organized by the regional office of the Department of Social Welfare and Development here in the city as part of its information campaign on the update of the implementation of 4Ps in the region.

The 4Ps was first im-

plemented in the region in 2008 covering 10 towns in Northern Samar, considered one of the poorest provinces in the country.

About 283,222 families of the region who are members of the 4Ps are also entitled to receive a financial assistance taken from the TRAIN Law enactment.

On top of the P5,400 a month she is receiving as a 4Ps beneficiary, Malibago is entitled to a P200 per month due to the TRAIN Law.

She is a mother to six children who are in school. Her husband, Reynaldo Jr., has no permanent job.

Lilia Advincula, 46 and from this city, also appealed to those who are seeking for the suspension of the TRAIN Law.

“It's really a big, big help to us because the amount that we receive from the

TRAIN (Law) boosted our assistance as a 4Ps beneficiary,” the mother to four children said.

Her husband, Renato, works as a job order worker of the Department of Public Works and Highways as part of its maintenance crew cleaning up the streets.

Paula Unay, regional program coordinator of 4Ps, said that she is also not in favor to suspend the implementation of the TRAIN Law.

According to her, the P200 monthly assistance, which is to increase to P300 next year, helps the poor.

“After all, it is the poor people that should be given assistance by our government...to help them cushion the rising prices of commodities,” Unay said.(JOEY A. GABIETA)

The applicant shall publish this Order once in any newspaper of general or regional circulation in the Philippines at least five (5) days before the hearing.

# Ex-solon ‘Bem’ Noel throws support on Chua-Pineda’s ABC prexy reelection bid

TACLOBAN CITY- The reelection of barangay chairwoman Eden Chua Pineda as the president of the Association of Barangay Chairman (ABC) of the city is now but a foregone conclusion.

On Wednesday (July 11), former congressman Florencio ‘Bem’ Noel of the An Waray party-list group gathered 135 out of the city’s 138 barangay chairmen as a show of support on Pineda’s reelection bid as ABC president.

As ABC president, Pineda sits at the city council as an ex officio member to include the city federation president of the Sangguniang Kabataan.

Noel said that before the conduct of the baran-

gay and SK polls held last May 14, 2018, he talked with Pineda, who is the barangay chairwoman of Brgy. 16, and vowed to support her on her reelection bid as ABC president of the city.

The former congressman added that the gathering of the city’s barangay officials at their house was also his way to know the newly-elected barangay chairmen of the city since he was away from politics for three years now.

Noel said that before the May 14 barangay and SK elections, he made a promise to Pineda that he would throw his support on her bid as ABC president.

But the former congressman said that the most important reason why he

wanted to meet with the barangay leaders of the city is to help foster unity and work together for the best interest of Tacloban.

“It is always a best decision to be one and not to be divided. After all whatever needs to be done, it is good to do it with unity,” Noel said.

Pineda expressed her thanks for the support Noel had given to her.

She also said that with all officials of the city down to the barangay level working together, Tacloban and its people is sure to benefit it.

“Everybody will be happy that we are one, there’s no conflicts. That all our plans for the city will go smoothly,” Pineda said.

(LIZBETH ANN A. ABELLA)

## Tingog Sinirangan to conduct free eye check-up and cataract operation slated next month

TACLOBAN CITY- A free eye check-up and cataract operation to all men and women aged 60 years old and above is scheduled here in the city next month, coinciding the ‘Eye Health and Safety Awareness Month.’

Tingog Sinirangan party-list group, in co-operation with the Philippine Ophthalmologist Society and the congressional office of Leyte Representative Yedda Romualdez of the first district, is calling individuals who have eye problems or who are in need of a cataract operation anywhere in the region to avail of the upcoming Tingog Medical Program next month.

“Those who would like to avail the operation have to visit our office for the laboratory screening, which is also for free. This is not limited to Leyteños only,” said Ivy Jane Dacallos, office manager of Tingog Sinirangan party-list.

For referral check-up and pre-operative screening endorsement, visit the Tingog Sinirangan party-list office at the Community Center corner Real Sagkahan

street fronting Tacloban Astrodome, Dacallos said.

“The patient will have to visit Tingog office first for the registration and will proceed to Remedios Trinidad Romualdez (RTR) eye center Out-patient department for the check-up and screening,” she added.

The check-up and screening is open only from 8:30am to 12nn, Wednesday to Saturday.

For 60 years old and above patients, their PhilHealth information is needed to avail the free operation.

“It’s first come, first serve basis. But we have no quota for the number of patients. We’ll have to finish the screening first to identify the possible numbers of patients for the operation,” Dacallos said.

According to Dacallos, this is the first eye operation to be conducted by their group for this year.

Tingog Sinirangan and Rep. Romualdez

have already organized four medical programs this 2018.

Its recent Tingog Medical Program was held at Brgy. San Agustin, in Jaro, Leyte on June 20, benefiting over 400 residents in the area.

Free medical, dental and wellness services were delivered through the joint efforts of Tingog Sinirangan, JCI Candahug Liberation, JCI Kulintang Inc., Philippine Association of Medical Technologists Iligan, Philippine Army, and the Local Government of Jaro.

The free medical consultation was provided by the medical team from Remedios Trinidad Romualdez Medical Foundation (RTRMF), Eastern Visayas Regional Medical Center (EVRMC), Department of Health (DOH)-Leyte Provincial Office and student organization Akma ResBak. (RONALD O. REYES)

Philip Jude Acidre, first nominee of Tingog Sinirangan party-list group, together with the Congressional Office of Leyte First District Rep. Yedda Romualdez and other partner organizations lead the medical mission at Brgy. San Agustin, in Jaro, Leyte on June 20, 2018, benefitting over 400 residents in the area. The event was also in partnership with JCI Candahug Liberation, JCI Kulintang Inc., Philippine Association of Medical Technologists Iligan, Philippine Army, Local Government of Jaro, Remedios Trinidad Romualdez Medical Foundation (RTRMF), Eastern Visayas Regional Medical Center (EVRMC), Department of Health (DOH)-Leyte Provincial Office and student organization Akma ResBak. ## Cold storage facility to open in Calbayog City, rest of Samar province

CALBAYOG CITY – The construction of a cold storage facility in this city is now in the go as it broke ground on July 6.

The construction of the said facility is an indication

of the company’s confidence of the city’s economy, Arturo Yan, owner of the Glacier Refrigeration Services Corp., said.

The company has invested P50 million for the

construction of their storage facility located in Barangay Pagbalican.

“The scale is not that huge like in Metro Manila but then again, we need to put investment outside Met-

ro Manila, which is part of our corporate responsibility to put investment in emerging areas like Leyte and Samar,” Yan told members of the media in an interview.

The construction of the

storage facility is expected to be completed by October this year. It will open with a 500 pallet space that could store marine and agriculture products.

## "No-el" in May 2019?

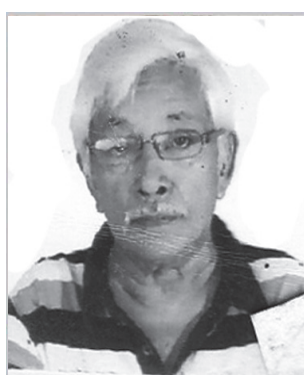

**S**peaker Pantaleon Alvarez proposed the cancellation of the May 2019 mid-term elections. The mid-term elections will elect 12 senators, congressmen, governors, vice governors, provincial board members, municipal/city mayors; municipal and city councilors nationwide.

The proposal to cancel the election is to have congressmen and senators be undisturbed to work for the provisions needed for Charter Change towards the change of a government system from the present unitary to federal form of government.

Question: Why is this administration in a hur-

ry to change the present of government system? Is federalism really a public demand? What is wrong with our present form of government?

When President Duterte took over the presidency, the issue on federalism was raised albeit sparingly. At the moment, it is clear that our people do not yet have a working knowledge what federalism is all about. There is no need to cancel the May 2019 mid-term election. In fact it is the proper forum for Charter Change to be included asan issue to be raised or explained by the candidates in the campaign. It is a perfect approach to feel the pulse of the people if Cha- Cha is indeed needed in our times now and why this is being spearheaded by the Duterte administration.

## Observer

ALVIN GZ. ARPON

## Do we have a "weakening" leadership now?

We feel uncomfortable of the revelations of President Duterte about his personal thoughts, his present desires and feelings about himself relative to the roles he now plays in his administration.

First he said he is "tired" of the pressures he is experiencing.

Lately he further says he is willing to cut short his term should the change of government form from the present system to Federalism takes effect.

In just 2 years of his 6-year term, it frustrates the 16 million Filipinos who voted for him to the presidency. I believe that when he filed his certificate of candidacy for President in the 2016 national election, he must have crafted a plan of development for the country, attainable in 6 years. Or was there none actually, so it is easy for him to declare cutting short his 6-year presidential term. Sad!!

-oOo-

A leader must possess high level of professionalism standards and competence. Of course we are already aware of his unappreciable cursing, bad-mouthing his critics, his "kill" instincts. Though he may not mean it but he uses the term "kill" to threaten law-breakers and the latest ones who are threatened are those engaged in illegal "5-6 loan" to poor people.

But the recent truly unacceptable, tasteless, irresponsible and ungentlemanly comment for a President is to describe Vice President Leni Robredo as "incompetent", maybe telling the political opposition that you have this kind of opposition leader.

-oOo-

I think the President should look into the way how he manages the affairs of state; the economy, his independent(?) foreign policy, yes, even crimes. Is the number one concern of Digong, to stop illegal drugs commendable? No, I say. After 2 years it is still

actively that - it is still a major item in daily news. What is worse is thousands have been killed - majority of those who perished in the war on drugs appear innocent.

-oOo-

Vice President Leni Robredo was elected by the people. But the President seems not to respect those who voted for her. The Vice President should be given a responsibility in this administration so the President can really see her "incompetence" if there is.

BUT as Vice President even without a cabinet post she has been doing a lot to help our people through her own initiative, specially the poor.

"Read: Robredo to Duterte: It's the economy..."

Philippine Star June 12 issue to know, what the Vice President has been doing; reactions of neutral observers and other leaders of the land in Duterte's ungentlemanly description of Vice President Leni Robredo as "incompetent (?)".

DOMS PAGLIAWAN

### Super humans in progress

Some strange things are happening nowadays between mankind and the rapidly-advancing technology. The latter, at first, was just meant to ease up processes that proved too complex and impossible for human beings to do--in short, technology for human consumption. This time, though, we are witnessing the reverse. Yes, we are now at the threshold of technological revolution when mankind will soon become technology's resource, or material instruments, for creating a peculiar generation of humanity. Instead of us manipulating technology, the latter will be the one to manipulate us, to exploit us in the guise of hi-tech living. We will be under its control, in bondage to its commands, and lose huge amounts of our human attributes.

What appears to be fun and excellent ideas at first, what sounds so profitable for our daily activities, will actually turn us into some kind of robotic beings, farreduced from being humans, and made to behave like aliens, or anything rid of conscience and adorable human emotions. Why, what transformation does technology have in store for us?

Well, under the scheme called transhumanism, it's actually turning us into super humans, capable of

thinking, experiencing, behaving, and performing tasks in supernatural ways. Here, people can possess super human abilities through the so-called body augmentation capabilities that will make them stronger and smarter than they are now.

These could come as wearable gadgets, like contact lenses, that can take videos and pictures. There's that earbuds with universal language translator that, when worn, could let the wearer communicate with anyone anywhere in the world. To increase physical strength, one can wear that so-called exosuit. With bodily-implanted microchips, one can unlock doors and computers. But biological augmentation is more powerful than wearables. It's an increased insight into human genomes, selecting the most intelligent embryos, and gene-editing technology which could eliminate hereditary ailments.

Besides augmenting bodily capabilities, wearable and implantable

*see Super /page 11 ...*

who is his creature, created in his image and likeness, endowed with powers and faculties that together with his grace would enable us to enter and share in the very life of our Creator, God.

We should never forget that we come from God, and not just from our parents, and we also belong to him, and not just to our parents, to anybody else or simply to our own selves.

Thus, the mere fact that we exist as a human person already presumes that we are called by God, that is to say, that God calls us to be with him, or that we have a vocation.

Vocation then has to be understood as having a universal scope. It is not simply meant for some people who may be inclined to things of religion and piety. It is for all.

But that general universal vocation may still have to be made more specific. And this is where one has to be more discerning to see what God is trying to show him. He could remain as a layperson, married or single, or God may want him to be a cleric or a religious person.

*see Developing /page 9 ...*

## From A Distance

JOEY E. CLARIN

### Leni as Opposition Leader

Vice-President Leni Robredo accepted the role of leading a united opposition in the coming May 2019 local elections. There were initiatives of different opposition groups to unite and they asked Leni to lead the united opposition.

Several groups which staunchly oppose President Duterte like Tindig Pilipinas, Akbayan, Magdalo and the Liberal Party asked her to be the leader of these political groups. Members of the opposition

are discussing the possibility of forming a united opposition slate for the May 2019 elections. Robredo reiterated her call on government leaders not to rush the proposed Cha-Cha and address the move posing issues faced everyday by Filipinos such as the unabated rise in the prices of basic goods. She said there are many policies of the administration that she opposes. It started with the extra-judicial killings. Now there's the anti-loitering drive which

is similar to the anti-drug war, the condition of our economy, the TRAIN law, Charter Change and the burial of the late dictator Ferdinand Marcos at the Libingan ng mga Bayani.

President Duterte however, bilitted her capability of governing the country. President Duterte said she is not ready to govern the country. He said Robredo is not capable of running a country like the Philippines.

Members of the left-leaning Makabayan bloc, party-list representatives said they will support Robredo all the way in fighting the government's "anti-poor policies", including its war on drugs, tax reform program and Charter Change.

Robredo's bid to unite the opposition is hardly surprising since she is the highest elected member of the opposition. An active opposition has a vital role to play in a healthy and well-functioning democracy.

towards this end, a comprehensive program for the promotion of community-based organic agriculture systems which include, among others, farmer-produced purely organic fertilizers such as compost, pesticides and other farm inputs, together with a nationwide educational and promotional campaign for their use and processing as well as adoption of organic agriculture system as a viable alternative shall be undertaken.

The State recognizes and supports the central role of the farmers, indigenous people and other stakeholders at the grassroots in this program.

## Commentary

By Fr. Roy Cimagala

### Developing a sense of vocation

I BELIEVE that we should arouse in everyone the need to develop a sense of vocation. I believe that this is something that has to be pushed consistently nowadays since there is a lot of ignorance and indifference to this need which is actually basic for all of us.

Of course, we have to do it slowly but steadily. Slowly, because the matter is quite complex and requires a lot of explaining to do. Besides, we have to know how to present things in such a way that they get understood and appreciated especially among the young ones whose mindset, attitudes, culture, etc. are quite different from those of the previous generations.

But, yes, it has to be done steadily, hopefully without let-up, and in a way that can make use of the usual things people get involved in nowadays to lead them to develop a sense of vocation.

It is indeed a big challenge to face, but one that is all worthwhile. And we just have to convince ourselves also that we actually have all the means we need to be able to do the job. Let's try not to vacillate from carrying out this duty.

We need to define, first of all, what a vocation is. It is a call that God, our Creator, makes on each one of us

## The Political Agriculturist

BERT ADA

### Hope from the organic agriculture way

This week there is scheduled a regional congress of organic farmers in VSU Sogod Leyte campus. From the appearance, it would seem that something good is coming from organic farming in the Philippines.

Of course there always are those who would think that this is just another circus, a going through motion to make it appear that change is coming in a vital area: food security, food safety farming in a way that is affordable and not damaging to our environment And safe to the very lives of our farmers.

xxx

The Organic Agriculture Act of 2010 declares as policy of the State to promote, propagate, develop further and implement the practice of organic agriculture in the Philippines that will

cumulatively condition and enrich the fertility of the soil, increase farm productivity, reduce pollution and destruction of the environment, prevent the depletion of natural resources, further protect the health of farmers, consumers, and the general public, and save on imported farm inputs. To

Pray the Holy Rosary daily for world peace and conversion of sinners (The family that prays together stays together)

**Prayer for the Nation and for Those who Serve in Public Office**

God, our Father, you guide everything in wisdom and love. Accept the prayers we offer for our nation, by the wisdom of our leaders and integrity of our citizens, may harmony and justice be secured and may there be lasting prosperity and peace.

Almighty and eternal God, You know the longings of our hearts and You protect our rights in your goodness, watch over those in authority, so that people everywhere may enjoy freedom, security and peace.

We ask this through our Lord Jesus Christ, your Son, who lives and reigns with you and the Holy Spirit, one God, forever and ever, Amen. (Courtesy of Daughters of St. Paul)

# DAR rehabilitates 2 roads in Matalom’s remote villages

MATALOM, Leyte – Farmers here see economic opportunities as two remote villages in this third-class municipality can already be penetrated by all types of vehicles after the Department of Agrarian Reform (DAR) rehabilitated the roads in going to Barangays San Vicente and President Garcia.

DAR thru the second phase of the Agrarian Reform Communities Project (ARCP-II) rehabilitated the 3.70-kilometer Esperanza-San Vicente road and the 2.69-kilometer Elevado-President Garcia road.

A double barrel reinforced concrete box culvert and a single barrel, three units reinforced concrete pipe culvert were also constructed along the Esperanza-San Vicente farm-to-market road that would serve as bridge in crossing streams; while in the Elevado-President Garcia farm-to-market road, a single barrel, three units reinforced concrete pipe culvert and slope protection were likewise constructed.

Making sure that travel on both roads will be safe, critical portions were con-

creted.

Chairman Avelino Aca-sio of Barangay Esperanza was thankful their road was improved from what used to be a trail where only single motorcycles could pass in going to adjacent Barangay San Vicente. Now, he disclosed that all types of vehicles can already penetrate the area making hauling of farm products for trading fast and easier.

Chairwoman Elda Gato of Barangay President Garcia on the other hand said that with the improvement of the Elevado-President Garcia road, they are now envied by other villages.

Meanwhile, Barangay Elevado Chairman Roselito Palen shared that they find it easy now to travel whether in going to the mountains or in going to the town proper.

About 5,000 residents in these areas, wherein more than 900 are agrarian reform beneficiaries (ARBs), benefited these projects with a combined cost of P18.6-million shared by the national government thru a loan from the Asian Development Bank (ADB) and the local government unit (LGU).

Thus, Provincial Agrarian Reform Program Officer-I Paulina Canales reminded the recipient barangays during the simultaneous turnover of the said projects recently to maintain the roads in good condition for a period of 10 years, otherwise the loan portion will be shouldered also by the recipient LGUs.

Assistant Regional Director for Program Beneficiaries Development Ismael Aya-ay led the turnover rite and announced on the same occasion other support services DAR is providing particularly to ARB organizations (ARBOs).

In acceptance, Mayor Eric Pajulio thanked DAR for all the assistance it has extended to his town. He likewise encouraged the recipient barangays to allocate funds from their Internal Revenue Allotment (IRA) for the maintenance of the roads.

Further, Vice Mayor Ma. Nicolina Caube suggested not to allow heavy equipment vehicles to pass these routes during rainy days to preserve the good condition of the roads.  
**(JOSE ALSMITH L. SORIA/ PR)**

DAR-8 Assistant Regional Director Ismael Aya-ay and Mayor Eric Pajulio (4th and 3rd from left) cut the ceremonial ribbon during the turnover and inauguration rites of two rehabilitated roads in Matalom, Leyte’s remote villages.

## DPWH completes P50-M flood control in Calbayog

CALBAYOG CITY – The Department of Public Works and Highways (DPWH) - Samar First District Engineering Office (SFDEO) completes the construction of flood control structures along Calbayog River (Upstream) in Barangay Hamorawon.

The project covers the construction of 336.57 meters of reinforced concrete river protection works on steel sheet piles foundation. It is under contract with B. Vicencio Construction with

an appropriation of P50 million sourced out from the 2017 General Appropriations Act. It was completed on October 13, 2017.

The flood control structure mitigates the flooding caused by heavy rains and high tides, benefitting the people of the villages of Hamorawon, Payahan, Dagum and adjacent barangays specifically those residing along the Calbayog River.

“Ever since this flood control project was com-

pleted, the river no longer overflows. We are so happy for this project because there are no more floods. We are so happy because before, we used boats to go to school and work but with this project, we now use the pathways provided by the flood control structure. It really has been a big help to our community,” said PO1 Jessica Amor, a local residing near the river.

## SK councilor, brother nabbed in a buy-bust operation

TACLOBAN CITY- A Sangguniang Kabataan (SK) councilor in a town in Leyte was nabbed in a buy-bust operation on July 14.

Arrested was Aaron David Balane, 23 of Barangay Iniguihan, Bato town in Leyte at about 9:30 pm by the elements of the anti-drug elements of the Philippine Drug Enforcement Agency (PDEA).

Also arrested by the PDEA elements during their sting operation in Barangay Kalanggaman, Bato town was Balane’s elder brother, Angelo,27, who was earlier arrested for illegal drug selling by the Bato police, PDEA regional information officer Rogelette Urgel said.

“The arrest of Balane only confirms that even barangay officials are engaging in illegal drug trade. In this case, it is unfortunate that an SK leader was arrested for illegal drug activity,” Urgel, in a phone interview, said.

Seized from the brothers were two pieces of sachets containing the suspected

‘shabu’ weighing 0.6 grams with a street value of P1,000.

The two suspects are now detained at the Bato police lock-up facility.

The former village chair where the brothers were arrested, Brgy. Kalanggaman,

Vladimir Adlawon, was earlier named by PDEA of its narco list.

But Adlawon strongly denied this allegation as he was also cleared by the Bato police.

### Cold...

...from Page 3

Yan said that they chose Calbayog City because it is a strategic place to become a distribution hub of key industry players of processed foods, marine, poultry and meat products and for providing support to local production of perishable products that includes agricultural products.

“But we may also expand our investment to other parts of Samar province like in Catbalogan City depending to the decision of our partners,” he said.

Yan added that with the presence of cold storage facility, this will encourage more local entrepreneurs to create products and brands that can be supplied outside the region and even export abroad.

The investment of Glacier in Calbayog City was welcomed by Samar Rep. Edgar Mary Sarmiento citing that it will provide employment and local producers of the city to have wider markets of their products.

# DepEd-Biliran launches five new districts, installs OICs

NAVAL, Biliran- The Department of Education (DepEd)-Biliran Division recently launched five new public school districts in addition to its existing nine districts and installed officers in-charge.

Two new districts were added to the existing two districts of the municipality of Naval, and one new district to the municipalities of Cabucgayan, Caibiran, and Kawayan.

Newly-installed officers-in-charge were Luzviminda Flores, Elsie Tan, Aida Cabrera, Dr. Alma Atibula, and Dr. Armando Laude.

The entire DepEd-Division of Biliran is now composed of 14 districts with the corresponding district supervisors and schools covered: Naval Public School District I under Charita Bernardes covers Agpangi Elementary School (ES), Sabang Elementary School, Atipolo Elementary School, Sto. Nino Elementary School, Cornelio Limpiado Elementary School, Fidel Limpiado National High School, and Naval Central Sped as its center.

Naval Public School District II under Elsie Tan covers San Pablo Elementary School, Borac Elementary

School, Anislagan Elementary School, Catmon Elementary School, Hagukhican Elementary School, Naval Night High School, Naval School of Fisheries, and Caraycaray Central School as center.

Naval Public School District III under Alma Cabrera covers Larrazabal Elementary School, Cabungaan Elementary School, VillacanejaEs, Libtong-Daku Elementary School, LibtongGamay Elementary School, Naval National High School, and Calumpang Elementary School as center.

# Tacloban CDRRMC slates activities for National Disaster Resilience Month Celebration

TACLOBAN CITY — The City Disaster Risk Reduction and Management Council (CDRRMC) chaired by Mayor Cristina G. Romualdez have lined up several activities for the observance of the National Disaster Resilience Month. Several Disaster Drills in the City Barangays will be conducted for the whole month of July.

The CDRRMC will have the following activities on July 16 to 17, and July 18 to 19: orientation and simultaneous earthquake, fire, landslide and evacuations drills at Northern Tacloban City National High School (TCNHS), and Marasbaras Elementary School. Drills will also be conducted on July 30-31 and

of the city government participated in the pre-testing activity of the Revised Disaster Preparedness Manual at the Department of Interior and Local Government Conference Room organized by the Local Government Academy.

The manual aptly named “Operation Listo” was formulated in 2014 by

the DILG and had its first rollout in 2016. The manual is intended for use by the local government units in the preparation of disaster preparedness plans.

Recently, the manual was enhanced to include a consolidated preparedness checklist.

ERRATUM

The Extrajudicial Settlement executed by Robert E. Pitt and Robert J. Pitt are heirs of the late Gloria Celestial Pitt. The parcel No. 2, Pcs-08-001453-D, situated in Brgy. Sagkahan, City of Tacloban, the title TCT No. should be read as: **TCT No. 122-2013001028** instead of **TCT No. 122-2013001023**, as published in March 1, 8, 15, 2018.

We regret the errors. ED

EXTRAJUDICIAL SETTLEMENT WITH ADJUDICATION

NOTICE is hereby given that heirs of the late Buenaventura Almoroto extrajudicially settled, partitioned and adjudicated over a parcel of land, Lot No. 5063, C-24, Cad 661-D, situated at San Francisco, Isabel, Leyte, containing an area of 27,731 square meters, more or less, covered by O.C.T. No. P-42955 and adjudicated one-sixth (1/6) of the same property to each of them; per Doc. No. 85, Page No. 17, Book No. 1, Series of 2002 of Notary Public Atty. Francisco H. Escaño, Jr.   
LSDE: July 14, 21 & 28, 2018

# Developing...

...from Page 5

And there are many charisms and spiritualities in the Church that one can choose. But as to which one a person is meant to be or to have, I imagine that this can be done if one develops a life of prayer, and makes use of means, like spiritual direction.

But the problem now is that hardly anyone feels the need for real prayer, that intimate conversation with God which should be a result of a loving desire to deal with God, to look for him, and to really know, love and serve him. Otherwise, a person will not feel the need for developing a sense of vocation, or if he feels something in this regard, it will most likely deceive

him.

I believe it is important that this matter of developing a sense of vocation should be worked on even in their childhood stage. Of course, it has to be done in ways suitable to the condition of the child, but it should begin at that stage. That way, things become easier and we can save time and effort when the children grow up and start to wonder what and how they should be in life.

In this regard, it should be made clear that we are dealing with spiritual and supernatural realities with a lot of mysteries involved, such that we should pursue this task of developing a sense of vocation with the proper attitude and skills.

# Hope...

sional Oversight Committee on organic farming act of 2010. The committee was also supposed to review and approve the implementing rules and regulations of the Act and also perform the following functions:

(a) Monitor and ensure the proper implementation of this Act.

(b) Review the proper implementation of the programs on organic agriculture and the use of its funds;

(c) Review the performance of the NOAB; and

(d) Such other functions it deems necessary.

Three researchers from the National Academy of Science and Technology(NAST), a

member institution to the National Organic Farming Board, reported that although organic farming is sustainable from the point of view of ecology, its sustainability financially and socio-culturally is still being questioned. It recommends strong long term support in research and development, extension and overall public support to sustain organic agriculture.

It should also be noted that under our present situation where a few families/corporations own/control vast tracts of lands while millions of Filipino farmers DO NOT OWN the land they are farming, the anti-poverty impact of organic farming in the Philippine context is COM-PROMISED.

of a Certificate of Public Convenience  
to operate a **FILCAB** service

**EDGAR M. BERADOR**  
Applicant/s  
x-----x  
**NOTICE OF HEARING**  
Applicant is a grantee of a Reconstituted  
Certificate of Public Convenience to operate a  
**FILCAB** service for the transportation of  
passengers and freight on the route: **BAYBAY  
CITY-BUNGA & VICE VERSA** with the use of  
**ONE (1) unit/s** which Certificate is valid  
and subsisting until **DECEMBER 12, 2018**.

In the present application, applicant  
request authority for extension of validity of  
the said certificate using the same number of  
unit/s.

**NOTICE** is hereby given that this  
application will be heard by this Board on  
**JULY 24, 2018 at 10:00 a.m.** at its office of  
the above address.

At least TEN (10) days prior to the above date,  
applicant/s shall cause the publication of this Notice  
of Hearing once in a newspaper of local circulation.

This application will be acted upon  
by this Board on the basis of its records and  
documentary evidence submitted by the parties,  
unless the Board deems it necessary to receive  
additional documentary and/or oral evidence.

cause it was more political rather than personal. So it was easy for us,” Noel said. And as a proof of their new-found political alliance, Noel agreed to support the bid of a Romualdez ally, Eden Chua Pineda, who is seeking reelection as city president of the Association of Barangay Chairmen (ABC) whose election is slated last week of this month. On Wednesday (July 11), Noel gathered about 135 out of the city’s 138 barangay chairmen of the city as a show of support on Pineda’s reelection bid as ABC president. According to Noel, it was their ‘well-meaning friends’, particularly Derek

Anido, who facilitated for him and Romualdez to settle whatever differences they have as a result of their political rivalry during the mayoralty race in 2013 of which Romualdez won. The 2013 mayoralty race in Tacloban was considered among its bitter-fought elections. At that time, no less than former President Benigno Aquino and his television and movie actress sister Kris Aquino campaigned for Noel. Meantime, Romualdez got the full backing of the Romualdez and the Marcos families. The former Tacloban city mayor is the nephew of former first lady and now Ilocos Norte Rep. Imelda Marcos. The current mayor of

pathetic, with the ability to understand perspectives other than their own. They could fathom the plight of refugees, giving the the chance to step into their shoes. They may also step into the shoes of their future selves, say, 40-50 years down the road. This application can prompt necessary preparations for the future. Another nice idea from the perspective of peace-loving people, but it again contradicts God’s original design for people to be uncertain of the future so that they will learn to rely on Him. *(To be continued)*

the city is Romualdez’ wife, former actress, Cristina Gonzales Romualdez. Anido, in a separate interview, said that it’s about time for the two former political rivals to close their differences for the good of Tacloban City. “They have several common friends and interests which includes (the best interest of Tacloban). So why not become friend and help each other,” Anido, who served as an executive assistant when Alfred was the mayor, said. According to Anido, the two met in the United States while they were on vacations close to two years ago and through his prodding and other common friends, met and agreed to bury their political rivalries.

and recognitions to all electric cooperatives of the region ranging from top performing electric cooperative; resiliency award; best in collection performance; most progressive electric cooperative; best in household performance; and single digit systems loss award, among others. Masongsong said that with 10 out of the region’s 11 electric cooperatives receiving a triple A rating, NEA bestowed Eastern Visayas as the ‘most improved region.’ Only the Norsamelco Electric Cooperative is rated A by NEA. The NEA administrator said that the first-ever regional Lumens Award is their recognition to the improved status of all electric cooperatives of Eastern

Visayas. “I really appreciate the regional electric cooperatives because they really help electric cooperatives that are at the bottom in the past. Every month, they conduct a meeting and assess their performances. They help each other that’s why they got the most improved region (award),” Masongsong said. He added that once Norsamelco gets a triple A rating, Eastern Visayas will be recognized as the most outstanding region. The 11 existing electric cooperatives in the region

## Triple A category of all electric coops in EV could result to a reduce power rates, says NEA administrator Masongsong

TACLOBAN CITY- The National Electrification Administration (NEA) administrator Edgardo Masongsong is confident that the power rate in the region would reduce with all of its 11 electric cooperatives attaining a triple A category.

The NEA administrator assured that with the triple A categories of almost all electric cooperatives in the region, power rates is bound to reduce.

At present, the average power rate in the region is at P9.35 per kilowatt hour.

Masongsong said that except for the Northern Samar Electric Cooperative (Norsamelco), all the electric cooperatives in the region are now categorized as triple A, the highest category being given by NEA to an electric cooperative in the country.

"It is the first time that almost all electric cooperatives in a region is categorized triple A except for one," the NEA administrator said.

Masongsong explained that although Norsamelco is the lone electric cooperative who failed to achieve a tri-

ple A category, it has shown tremendous improvement for the past years now which could led for it to achieve a triple A rating.

Report of mismanagement has led Norsamelco, the electric cooperative which covers the entire Northern Samar province, for it to be declared in the brink of bankruptcy which resulted for the NEA to take over its management in 2013.

Masongsong added that performance is not only about achieving a triple A category but also by reducing the systems loss and achieving a 100 percent collection efficiency which could lead to a reduction of power rate.

The 11 electric cooperatives in the region have been consistently efficient on their financial, institutional, and technical areas of operation thus the category.

The performance rating is based on two criteria, namely, the Key Performance Standards or KPS (80 percent) and the electric cooperatives classification (ECC) (20 percent).

The KPS cover 32 finan-

cial, institutional, technical and reportorial compliances indicators and standards, while the ECC covers seven financially driven standards and parameters, including power accounts to the National Grid Corp. of the Philippines.

Using the KPS and ECC, corresponding ratings were given to scores garnered

by ECs, as follows: 95-100=AAA; 90-94=AA; 85-89=A; 75-84=B; 50-74=C; and 49 and below=D.

Masongsong attended the first ever regional Lumens Awards held in Calbayog City Friday giving recognition to the achievements of the electric cooperatives in the region.
