60 SAF members deployed in Samar

JOEY A. GABIETA

TACLOBAN CITY- About 60 members of the elite Special Action Force (SAF) of the Philippine National Police (PNP) have already arrived in the region ready for their assignment in Samar.

This was revealed by Chief Supt. Dionardo Carlos, police regional director for Eastern Visayas, who added that the SAF members are now housed at the police provincial headquarters in Catbalogan City.

The police officer, however, declined to say when these SAF members arrived in the region except to say that they were deployed 'immediately' after the issuance of Memorandum Order 32 issued by Malacañang purportedly to address the 'lawless violence' existing in the province.

The MO 32 was issued on November 22.

Aside from Samar, additional police and soldiers are to be deployed in Negros Oriental, Negros Occidental, and Bicol region.

Carlos, in an interview, said that the SAF members would be deployed to 'specific areas' in Samar, once a guideline would be drafted with their counterparts at the 8th Infantry Division which is also based in Catbalogan City.

"We are waiting for the guidelines in coordination with our counterparts which will serve as our guide where they will be deployed," the police regional director said.

By Samar, Carlos said, this could include the three provinces of the island, namely, western Samar, Eastern Samar, and Northern Samar.

The three Samar provinces continue to struggle with the presence of New People's Army and even private armed groups.

Carlos also said that on top of the SAF members coming from their national headquarters, he would also like to ask all the police provincial headquarters in Samar provinces to organize their own forces with the task of helping the visiting forces.

Meantime, Carlos allayed the fears that the augmentation of forces may result to abuses or human rights violations.

"We are addressing crimes. If you commit crime, murder people and harass people to pursue for something that is not for the betterment of the country, eh tatayo kami bilang security forces, together see 60 SAF /page 22 ...

American priest arrested for sexual molestation of minors in Biliran

TACLOBAN CITY- An American priest based in Naval, Biliran was arrested for allegedly engaging in sexual activities involving minors on Wednesday (Dec.5) morning.

Arrested was Father Kenneth Bernard Hendricks by members of the local police and personnel of the US Homeland Security inside the Cathedral of Our Lady Rosary Parish at about 11 am, Senior Supt. Julius Coyme, police provincial director, said in a phone interview.

Hendricks, 71, was said to have sexually abused 'several' minor boys, many of them served as his sacristan.

"He was inside the church when he was arrested by the personnel of the US Homeland Security

and local police. He did not resist the arrest," Coyme said.

Personnel of the Bureau of Immigration and Deportation were also around during the arrest of Hendricks, said to have been living in Naval for 40 years now.

The priest is facing indecent sexual conducts involving minors, the police provincial director said.

The American priest is expected to be deported to the US to face charges against him.

Coyme said that based on their records, the American priest, who lived in Barangay Talustusan, Naval town, is facing seven complaints of sexual abuse.

"But of the seven complainants filed, only two proceeded with their com-

plaints," he said.

One of them was sexually abused by Hendricks when he was just 12 years old.

According to the complaint of the minor, Hendricks 'kissed his lips, fondled his penis and performed masturbation.'

Coyme said that based on the information he gathered from the US personnel, there could be other victims of sexual abuses committed by Hendricks.

"They came to us last week and informed us that they are still gathering information as there could be more victims of the American priest," the police official said.

The priest, who was first brought to the Biliran Provincial Hospital for medical

Embattled Catbalogan city mayor said she made a 'sacrifice' when she dropped her reelection bid

TACLOBAN CITY- Mayor Stephany Uy-Tan said that she made a 'sacrifice' when she decided not to seek reelection as mayor of Catbalogan City.

Uy-Tan withdrew her certificate of candidacy on November 29, the last day of filing on substitution for candidates running in next year's elections days after the Office of Ombudsman slapped her a six-month preventive suspension without pay.

The decision of the anti-graft court stemmed on a complaint lodged against her, Vice Mayor Sherwin Art Gabon, seven councilors to include Uy-Tan's father, Coefredo, and several City Hall personnel involving a land deal and a lease agreement entered with a private company.

The suspension order issued against Uy-Tan and her co-respondents has yet

Mayor Stephany Uy-Tan

to be served to them as of this writing.

Uy-Tan was substituted by her younger brother, Dexter who was once the city federation president of the Sangguniang Panlungsod.

The beleaguered city mayor, who is serving on her second term, will run for councilor instead.

"It's more of the desire that the people of Catbalogan will continue to receive the best service the government has to offer and has nothing to do with the

reported suspension issued to all local officials of Catbalogan," she said, referring to her decision not to seek reelection.

"It's just that I don't want the city to suffer because of this. My political opponents are very vocal that they have prepared a long list of cases to be filed against me," she added.

Uy-Tan said that she is confident that her brother, once elected as mayor, could also provide programs and projects that would benefit the people of the city.

"My brother, Dexter, will be running instead of me. I believe that as a councilor, I can still offer a big help for the first term of my brother," the mayor, who also served as a councilor before getting elected as chief executive of the city, said.

Red members, supporters in East Samar returned to the folds of the law

ORAS, Eastern Samar- Two regular members of Communist NPA Terrorists (CNTs), 18 Milisyang Bayan (MB) of underground mass organization of Barangay Pandol, Can-avid, this province, surrendered to the 14th Infantry (AVENGER) Battalion, Philippine Army last December 2, 2018.

Can-avid Mayor Gil Norman Germino together with Florita Macoro, municipal local government operations officer; Verina Amoyo, municipal social welfare and development officer and barangay officials of Pandol were present to witness the mass surrender.

Lieutenant Colonel Jimmy V. Jimenez, PA, commanding officer of the 14th Infantry Battalion, said that the surrender is a result of the unit's effective Community Support Program (CSP) operation, aggressive civil military operations and intelligence operations coupled with other lines of operations and efforts to further pressure the CNTs and their supporters in Eastern Samar.

This development will surely destroy if not, cut-off the support system of the CNTs and their mass base in the far-flung and isolated

villages of the province.

Mayor Germino stated, "For the past years, the CNTs frequently roam around the barangays of Pandol, Boco and Balagon conducting organizing and extortion activities as reported by the barangay officials. The surrender will further improve the peace and order situation in the municipality of Can-avid".

Barangay Pandol form part of the Guerilla Base of Front 3, Sub-Regional Committee (SRC), "ARCTIC", Eastern Visayas Regional Party Committee (EVRPC) unit of the Communist NPA Terrorists (CNTs) operating in the area of Can-avid and its nearby municipalities in Eastern Samar.

"The barangay is categorized as influenced and a stronghold of the NPAs since early 90's. The clearing of the influenced barangays in our area of operation has been the priority of the 14IB in its operational campaign to degrade and further defeat our confronted threat," Lt. Col. Jimenez added.

After a series of negotiation and dialogue conducted by CSP elements of Bravo Company of 14IB led by 1LT Dennis S Carig immersed in the said barangay to educate and deepen the awareness of

the community, the CNTs and its organization within the barangay were convinced to end their support to the armed struggle and surrender.

Rogelio Cebrero, alias "Pater", chairman of the underground mass organization of Brgy. Pandol, said, "We were hopeless and frustrated over unfulfilled promises of the CNTs that organized us. Now, we understand how the CNTs deceived and exploited our community. Our resources and even food for our family were handed to them as support to the armed struggle but we gain nothing. We also take this opportunity to clear our names and join the folds of law to live a normal and productive life with our love ones".

Lt. Col Jimenez added, "What we collectively achieved today is only the beginning, the 14th Infantry (AVENGER) Battalion will be needing the support of the people as we continue to perform our mission to end insurgency in the province of Eastern Samar. Rest assured that the Battalion will be unyielding and even more motivated to serve the people to ensure peace and development in our area of operation. (PR)

Uy-Tan nixes reelection bid; runs as councilor

CALBAYOG CITY- Three days after the Office of the Ombudsman issued a preventive suspension on her, Catbalogan City Mayor Stephany Uy-Tan set aside her reelection bid when she withdrew her certificate of candidacy for mayoralty post at the city office of the Commission on Elections (Comelec).

However, she will be running for a council seat with her younger brother, Dexter, substituting her to the post she first held in 2013.

Dexter, 25, was a former city federation president of the Sangguniang Kabataan (SK).

Mayor Uy-Tan withdrew her certificate of candidacy on November 29, the last day of filing for substitution.

“God knows Uy’s best. We were given time to decide to protect Catbalogan. If we are only thinking for our personal (interests), I will not file for city councilor. I will insist being the Mayor,” Uy-Tan said in a press conference, defending her decision not to seek for reelection in next year’s elections.

She said that she is proud that her younger brother will be running for

mayor of Catbalogan, a post held for a long-time by their father, Coefredo.

Uy-Tan was meted with a six-months preventive suspension order by the anti-graft court in two counts.

The suspension order, released on November 26, is in relation to alleged anomalous overpricing of purchase of land from private individuals.

The anti-graft court said that Mayor Uy-Tan and her co-respondents reportedly committed abuse of authority, grave misconduct, and gross neglect for the purchase of the property from private individuals.

The complaint was filed by Bernard Jake Ramos, a city council legislative staff officer, who claimed that they purchased an agricultural land owned by Alvin Cesar Laohoo and Lorenzo Laohoo, Jr. at an ‘exorbitant price’ of P120.225 million when the property had only a market value of P155,497.84 in 2016.

While the other order stemmed from a case filed by the Catbalogan City Public Market vendors for allowing Philippine Primark Properties Inc. (PPPI) to lease the public market.

Also suspended by the anti-graft court were Councilors

Maximo Pescos; Edward Uy; Christine Joy Escobar; Beethoven Bermejo, Rodolfo Aquino, and Nanette Jasmin.

Also suspended were city assessor Romero Tuazon and his assistant Arthur Macabare and Rizal Ignacio, employee of the City Assessor’s Office.

As of this writing, Mayor Uy-Tan and her co-respondents have yet to receive copies of the Ombudsman order.

And without the copy of the suspension order, Mayor Uy-Tan could still function the duties and responsibilities of her office, Myles Colasito, regional information officer of the Department of Interior and Local Government (DILG).

Colasito added that their office has yet to receive the said Ombudsman order.

Meantime, Mayor Uy-Tan asked her critics to stop sending negative comments but instead visit Catbalogan for them to see if indeed the questioned property’s price was over-priced as alleged.

“Let us be thankful that Catbalogan City is P300 million richer because of this lot,” she said.

Holiday truce with NPA? NO, says Lorenzana

We commend the stand of Defense Secretary Delfin Lorenzana when he rejected the proposal of the Communist Party of the Philippines (CPP) proposal for a suspension of military operations (somo) during the Yuletide season. Jose Maria Sison, head of CPP/NPA said that their proposal for a ceasefire in a way is to provide our people the chance to enjoy peace during Christmas. Also it will give the CPP a chance to celebrate their 50th founding anniversary.

This almost 5 decades of armed conflict

between CPP and our government observed this ceasefire in the past, but experience tells us that the CPP/NPA do not observe it because they still attack military camps during the agreed ceasefire.

Besides Sison revealed or lied when he proposed the ceasefire to give Filipinos the chance to celebrate Christmas. The Communist ideology do not believe in God.

So the shooting war continues even during the holidays. Us citizens should support our Armed Forces in this move of Secretary Lorenzana. For certain he has the go-signal from the President as Commander In Chief Rodrigo Roa Duterte.

Has change been coming?

Yes there are! In over two years of President's Duterte administration, indeed we observed there are changes. But.....

One of the most earth-shaking and courageous move is the complete turn around more of the President move to drive away USA from being a close ally for 7 decades almost and China in its place. As to what advantage has

the Philippines gained in terms of economic security and other development assistance and other deals/agreements with the United States remain to be seen. Indeed this is a big change that has come.

Pork barrel abuse have been a burning issue in Philippine officialdom since we became an independent nation. Pork

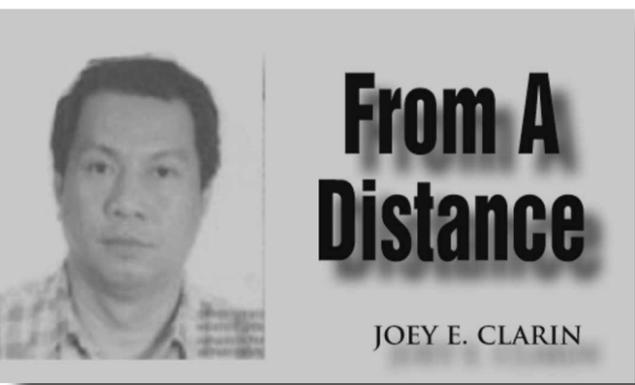

barrel, renamed later as Priority Development Assistance Fund (PDAF) maintained its nauseating and ugly intentions of lawmakers. These funds were allotted to congressional districts for Congressmen's intended projects. But the intentions do not materialize. It indeed in ghost projects but the intended funds went into the deep pockets of corrupt legislators. Worse, government agencies who are part of the implementation of projects get a share of this "official" loot. So previous administrations "killed" the pork, but it was revived not as Pork Barrel, not as PDAF by other doceptions but still the same under this administration. Is there a change? Pork Barrel or PDAF will always be revived using other deceptive terms because this has been the

source of legislator to enrich themselves. So shameless are they because these lawmakers are the most favored species of society enjoying big salaries and fabulous allowances.

Change has come with a new personality of a President who seems not to care how he express foul language when he is criticized. He freely lambasts Catholic Church, calling bishops and priests unpalatable names with gusto. What a change that has come on the kind of person that we placed in Malacañang.

Worse he makes some controversies statements but insults us by always saying he was just joking. So from having professionals leaders that lead this land now we have a joker!!!

The Charter Change

The House of Representatives approved a second reading a draft bill authored by Speaker Gloria Macapagal Arroyo revising the 1987 Constitution into a presidential federal system.

It was approved only by a voice vote (viva voce) of the members of the House. But it was a hastily approved resolution of the House. Opposition members expressed their dismay that the House has disgracefully discharged

its function as a constituent assembly with utter disregard for open and thorough discussion on proposed amendments to the fundamental law of the land. The intent is clearly to rubber stamp the approval of a new constitution that will further tighten the stronghold of political dynasties, undermine human rights and civil liberties and sell out our national patrimony and economy.

Deeds and not simply words

YES, we should not just be good in words. We have to convert our words and intentions to concrete deeds. Otherwise, there hardly would be any effect!

In so many words, Christ said it. "Not everyone who says to me, 'Lord, Lord,' will enter the kingdom of heaven, but only the one who does the will of my Father in heaven." (Mt 7,21) St. Paul said something similar. "Not the hearers of the law are just before God, but the doers of the law shall be justified." (Rom 2,13). And St. James: "Be doers of the word, and not hearers only, deceiving your own selves." (1,22)

Christ himself lived by this principle, even at the expense of his own life. "I do nothing of myself, but as the Father has taught me..." (Jn 8,28) And in the agony in the garden, he expressed that

most eloquent submission to his Father's will, "Not my will but yours be done." (Lk 22,42)

All the saints lived by this principle. And the epitome is Our Lady. When someone in the crowd told him his mother was around, he said: "Behold my mother and my brethren. For whosoever shall do the will of my Father that is in heaven, he is my brother, and sister, and mother." (Mt 12,29-30)

Far from disparaging his own mother with those words, Christ was actually praising her to high heavens. Mary did not only beget her son biologically. She begot him through her deep and constant faith, through her faithful obedience to God's will. Her 'Fiat' (Be it done) was not only uttered at the Annunciation. She lived it before and after that meeting with the Archangel Ga-

more important measures that will help uplift the lives of the Filipino people instead of rushing to make changes in the 1987 Constitution. They have yet to address this surge of market prices caused by the implementation of the TRAIN Law. Congress should focus on bills that would lower the prices of consumer goods and provide jobs to our countrymen. Inflation is at 6% and it's still high. Worse, the Charter Change removed the protection of Filipino enterprises against unfair foreign competition and trade practices.

It's good that the Senate is not supportive of the bill revising the 1987 Constitution. The chances of the federal draft Charter making it in the Senate is very doubtful. It is too busy debating on the 2019 national budget so that there will be no reenacted national budget for the year 2019.

briel. In fact, she lived it all throughout her life.

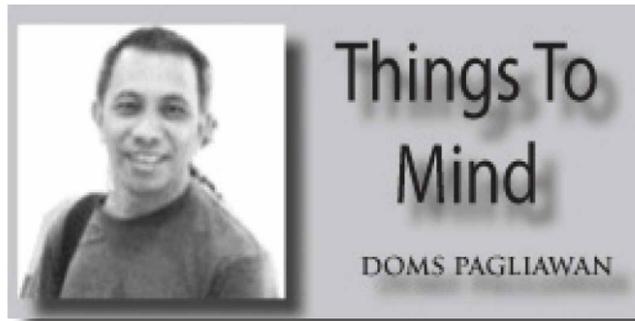

We have to find ways and strategies to turn good intentions and nice words into action. We cannot deny that we, in general, are notorious in being good only in the former but bad in the latter.

For this, we first have to ask for the grace of God, which requires us to be humble. That's because without humility we will always think that with our own effort and powers alone, we can achieve this union between intention and words, on the one hand, and the action, on the other. This will never happen. We need God's grace always.

And even if that grace is given gratuitously and abundantly at that, we need to ask for it just the same to inculcate in our mind that things depend first on God before they depend on us. Yes, things depend on God 100%, even as they also depend on us 100%. But the proper priority should always be observed.

Insofar as things depend on us, we obviously need to train ourselves to be consistent with our intentions and words. So with God's grace, let us practice and cultivate the habit of being true to our good intentions and nice words, until it becomes

A global headache

It is so alarming how pollution rapidly accumulates worldwide. We don't have to count days, or weeks, to see it proliferate. It's per split of a second, or even lesser. And we are not talking about bits and pieces of pollutants; these are massive and colossal, unfathomable to the human mind.

Every second, clouds of black fumes are emitted into the air from innumerable factories, small and gigantic ships, land-based vehicles, and flying aircrafts. All these fumes rise to the atmosphere and join the clouds above. We can

only speculate, as ordinary folks, where else these air pollutants go. One thing is for sure—it mixes with the air we breathe as it spreads around the world.

On land, meanwhile, massive volumes of pollutants likewise pile up in the form of garbage. These trashes vary in sizes, shapes, and chemical compositions. Among these are plastic materials that do not easily decay, besides being toxic and hazardous. Not all of these are solid; some are liquid. The sewages being dumped in designated landfills and wastelands are flooding those areas.

"Philippines' lofty stake in climate action"

Part I: A Climate Change Expert's Outlook

In this Column, I am yielding to an article printed in the PhilStar November 27, 2018, found to have relevance to our country whose high-risk geographical location has been host to yearly visiting natural calamities, e.g. typhoon, sea surges, global-warming, and you name it!

The article, whose title I have adopted, was written by Prof. Vinod Thomas, visiting professor, Asian Institute of Management and author of Climate Change and Natural Disasters. Herein excerpted are his insights supporting the title of his timely, relevant article on climate change issue in the Philippines. Thus, he said: "2018 was a preview of the damages in both rich and poor countries from storms and global warming, heatwaves being aggravated by runaway global warming. The crucial question for 2019 and beyond is whether carbon emissions

worldwide will be reduced to avert scientific projections of even more colossal damages – especially in Southeast Asia that is the front and end of climate catastrophes. For economies like the Philippines with small carbon footprint, the priority might be climate

The used water that comes from households and establishments via networks of pipes is largely pumped out to be absorbed by dry land.

If we turn our eyes to the oceans, we can moreover observe massive pollution. It either turns the sea black, or covers the surface like an ocean of trash. Much of these ocean pollutants came from nearby lands. They were carried down to the sea by floodwaters, by way of erosions, or by human activities that took to the oceans for waste disposal. Solid or liquid, these pollutants are ending up at seas, their lowest-level destination.

Had they been some sort of decorations, these pollutants would prove attractive enough as they could potentially adorn the skies, land areas, and ocean surfaces. But, no, they are far from being decorative. They are, in fact, agents of destruction and death.

Any tax due shall first be paid before any business or undertaking is fully terminated.

For the purposes hereof, termination shall mean that business operations are stopped completely. Any change in ownership, management and/or name of the business shall not constitute termination as herein contemplated. Unless stated otherwise, assumption of the business by any new owner or manager or re-registration of the same business under a new name will only be considered by the LGU concerned for record purposes in the course of the renewal of the permit or license to operate the business.

The Municipal Treasurer shall see to it that the payment of taxes of a business is not avoided by simulating the termination or retirement thereof. For this purpose, the following procedural guidelines shall be strictly followed:

(a) The Municipal Treasurer shall assign every application for the termination or retirement of business to an inspector in his office who shall go to address of the business on record to verify if it is really not operating. If the inspector finds that the business is simply placed under a new name, manager and/or new owner, the Municipal Treasurer shall recommend to the Municipal Mayor the disapproval of the application of the termination or retirement of said business;

(b) Accordingly, the business continues to become liable for the payment of all taxes, fees, and charges imposed thereon under existing local tax ordinance; and

(c) In addition, in the case of a new owner to whom the business was transferred by sale or other form of conveyance, said new owner shall be liable to pay the tax or fee for the business and shall secure a new Mayor's permit therefore.

(2) In case it is found that the retirement or termination of the business is legitimate and the tax paid during the current year be less than the tax due for the current year based on the gross sales or receipts, the difference in the amount of the tax shall be paid before the business is considered officially retired or terminated.

(3) The permit issued to a business retiring or terminating its operation shall be surrendered to the Local Treasurer who shall forthwith cancel the same and record such cancellation in his books.

[The PIL technique makes use of easily verifiable indicators as means for determining gross sales. It is based on logical assumptions that do not require monitoring of business establishments nor financial audit and complicated computation. The indicators can be in the form of estimated daily sales/gross receipts, average number of customers, estimates of inventories, inventory turnover and mark-ups, space occupied, occupancy rates, and others. The indicators will also depend on the nature of the business. DOH recognizes LGUs, offices for implementing the no-smoking policy

PALO, Leyte - The Department of Health (DOH) in the region presented awards to local government units and government agencies that strictly implements the no-smoking policy.

For this year's Red Orchid Award, 22 government offices, three hospitals, and seven local government units were given the recognition by the DOH for their strict implementation of the 100-percent tobacco-free environment.

"This serves as an inspiration and reminder to all to continue working for the betterment for the community members," DOH Regional Director Minerva Molon said in her message during the awarding ceremony held Friday (December 7).

Among the awardees for government offices were the local health insurance offices of the Philippine Health Insurance Corp. in the cities of Tacloban, Ormoc, Maasin, Borongan, Calbayog and Catbalogan and the municipality of Naval; Bureau of Jail Management and Penology 8 and the district jails in Naval, Catarman, Burauen, San Juan, Carigara; city jails in Baybay City, Borongan City, Ormoc City (female and male dorm) and the municipal jails in Palo and Palompon.

For the government hospitals, Red Orchid Awardees were the Allen District Hospital in Allen town; Northern Samar Provincial Hospital; and

Arteche town Mayor Roland Boie Evardone was proud of their achievement given by the DOH to their town, the only municipality in the region to receive the Red Orchid Award.

"The campaign became successful because of the support of the people and I am very much thankful, proud and happy for the people of Arteche because we are able to sustain the anti-smoking ordinance," the town mayor said.

The municipal council of Arteche enacted the ordinance banning the selling and distribution of cigarette in the town in March 6, 2017.

"Technically, smoking

in the entire town of Arteche is ban because we don't have smoking areas and we prohibit selling. If there are people who are into smoking they must do it inside the premises of their house," Mayor Evardone added.

The DOH Red Orchid Award is an annual search for the 100 percent tobacco-free environment, given to those who positively respond by creating policies and implement to achieve the 100 percent smoke-free environment.

Tobacco use has been recognized as the major contributor in cardiovascular diseases, chronic obstructive pulmonary disease (COPD), diabetes and Cancer.

Red Orchid is the highest award given in this particular search followed by the second highest award, the Pink Orchid, and the third the White Orchid.

For the Pink Orchid, which is given to LGUs who are able to achieve less than 90 percent of tobacco-free environment, the award was given to the Northern Samar provincial capitol. **(ROEL T. AMAZONA)**

automatic or instinctive to us to turn our intentions and words into concrete deeds.

Yes, we cannot deny that this ideal can be difficult and that in its pursuit, we can suffer a lot of failures. But we should just go on, getting up after every fall, no matter how many times we fall. God's grace has a way of repairing and healing things.

Our aim should be that our words are good as done. Of course, given our human condition, this may not happen all the time. Just the same, we just have to continue aiming at that ideal. Let's take comfort at the thought that what is impossible to us is always possible with God. That is why we need to ask continually for God's grace, so that our failures and frustrations can have their fulfillment in God's hand!

In Northern Samar**Village chairman killed; councilor wounded in an ambush staged by motorcycle-riding suspects**

CATARMAN, Northern Samar - A barangay chairman was killed while his councilor was wounded when they were fired upon by motorcycle-riding suspects in Lope de Vega town, this province, on Thursday afternoon.

Killed due to bullet wounds he sustained was Edwin Teopinto, 44, village chairman of Bugho of said town. He sustained five gunshot wounds.

His companion, Benadio Laurian, 34, councilor of their village, survived the ambush though he sustained gunshot wounds.

The two, on board a

motorcycle driven by Laurian, was cruising along Brgy. Bayho, 10 kms away from the town proper, when the motorcycle-riding suspects suddenly appeared and fired at them at about 2:50 pm.

SPO3 Marlon Hipe, municipal executive senior officer of the Lope de Vega police station, said that Teopinto died on the spot due to the five gunshot wounds he sustained while Laurian was hit on his right shoulder and right leg and is now recuperating at the Northern Samar Provincial Hospital (NSPH) in Catarman.

The two has just at-

tended a Christmas party tendered by the municipal government for town barangay officials and on their way home when they were ambushed by still unidentified suspects.

The authorities are still investigating the incident to establish the motive of the suspects who immediately fled after the incident.

Police Superintendent Rafael Tayaban, community relations officer of the Northern Samar Police Provincial Office, called on the possible witnesses to report to the police so they could arrest the perpetrators. **(RACHEL V. ARNAIZ)**

DPWH-ESDEO turns over multi-purpose building at Songco Elementary School in Borongan City

BORONGAN CITY- The Department of Public Works and Highways Eastern Samar District Engineering Office (ESDEO) inaugurated and turned over a new multi-purpose building in Songco Elementary School to school principal Norieta Alpez and the rest of the teaching staff on November 15, 2018.

Construction of the multi-purpose building (MPB) started on March 5, 2018 and completed on July 17, 2018. The building has a dimension of 15m by 20m.

The project cost of the building amounts to P 2,475, 000 funded under the local fund for building and other structures of the General Appropriations Act for this year.

In behalf of DPWH-ESDEO, Assistant District Engineer Rudyard Lim attended the turn-over of the multipurpose building.

Alpez's, her acceptance speech, expressed her gratitude for the materialization of the multi-purpose building.

"We have been yearning for so long for this covered court to come into existence. It has long been our dream to have a facility like this. We gladly accept this, and ensure you that we will utilize this in its proper purpose. And we will maintain this facility," the school principal said.

A teacher of Songco Elementary School said that finding a venue for their graduation was always their problem and that they have to incur rental expenses because of it.

But now, they expect to conduct their 2019 graduation rites in their new MPB inside of their very own Songco Elementary School.

Rep. Ben Evardone, Mayor Maria Fe Abunda, among others, graced the said event.

Rep. Evardone, in a message he conveyed during the turn-over ceremony, encouraged the students to study well to have a brighter future.

"You should study diligently for it will serve as your stepping stone in achieving a brighter future," the solon said.

In an interview, assistant district engineer Lim stressed the value of having educational facilities like an MPB to nurture a student's potential.

"A school must not only have a classroom but also other facilities that will hone a child's potential. A school becomes an institution conducive to learning if it can provide well-built classrooms and facilities for outdoor activities where students can learn, enjoy, and develop their multiple intelligence," he said. **(ESDEO PIO Staff Quiteria Baleña)**

Key Samar infra projects halted due to NPA presence

TACLOBAN CITY -- The presence of New People's Army (NPA) in Northern Samar has discouraged contractors from implementing multi-million infrastructure projects meant for impoverished and conflict-stricken communities, a regional official of the Office of the Presidential Adviser on the Peace Process (OPAPP) confirmed on Thursday (December 6).

Imelda Bonifacio, OPAPP program manager for Eastern Visayas, said construction firms have abandoned at least three projects for fear of NPA's extortion activities and being caught in the crossfire between government troops and armed rebels.

Citing reports from the Philippine Army, communist rebels have asked contractors to allocate 10 percent of the project cost to the NPA movement or else face the consequence of attacks.

"The mere report of their presence discourages implementers to pursue the projects. These areas are critical and they are scared of being a victim of crossfires as there are continuing operations in these areas," Bonifacio said.

On Monday, the Regional Development Council (RDC) has identified three terminated Payapa at Masaganang Pamayanan (PAMANA) infrastructure projects in Samar provinces funded under the 2016 budget of OPAPP.

These are the P71-

million bridge construction in Motiong, Samar; P114.7-million box culvert construction in Las Navas, Northern Samar; and P192-million road construction also in Las Navas town.

Other than the prevailing peace and order situation, aggravating the project implementation concern is the absence of access roads, subcontracting issues, unworkable ground conditions, and lack of manpower and equipment.

Top officials in Eastern Visayas have elevated to Cabinet secretaries the discussion on delayed and terminated infrastructure projects meant for impoverished and conflict-stricken areas on Samar Island.

Members of the RDC, Regional Peace and Order Council and the Regional Disaster Risk Reduction Management Council deferred on Monday the approval of the proposed transfer of implementation of delayed projects from the Department of Public Works and Highways (DPWH) to the Philippine Army.

In a joint meeting at the city hall here, RDC co-chair Roy Bernard Fiel said the "best option" to resolve the issue is for DPWH Secretary Mark Villar, Department of National Defense (DND) Secretary Delfin Lorenzana, and the new Presidential Adviser on the Peace Process to talk about implementation arrange-

ments.

Lorenzana, who joined the meeting here, vowed to talk to Villar on the process of transferring the implementation of infrastructure projects.

"It is easier for the Army to carry out terminated and not yet started projects. We are willing to accept projects in problematic areas," he said.

About five PAMANA projects intended for 2018 have yet to start.

Based on RDC records, these are the P63.63-million farm-to-market road in Mapanas, Northern Samar; P36.44-million bridge in Mapanas town; P98.5-million road connecting Lope de Vega and Silvino Lobos towns in Northern Samar; P197-million road in Las Navas, Northern Samar; and P9.6-million Villa Conzolo farm-to-market road in Jaro, Leyte.

Brig. Gen. Ramon Evan Ruiz, commander of the Army's 53rd Engineering Brigade, said the projects can be undertaken by two engineering battalions but their implementation will be scheduled and on selective basis only due to limitations in equipment and personnel.

"The recurrent problems such as road right of way, access road, delinquent contractors are to be addressed first by local governments and national government agencies

prior to the transfer,” Ruiz said.

The engineering brigade will also check the program of works to determine if the remaining funds are enough to finish the projects and if cost estimate is responsive to the current prices of materials, maintenance, rental of equipment, and labor.

Ruiz also appealed to speed up the execution of agreement between the DPWH and Department of National Defense to implement terminated projects.

DPWH Regional Director Nerie Bueno said passing the responsibility to another agency will further delay the actual construction due to the tedious process of doing so.

“We understand the need to fast-track these projects, but terminating

a project and giving it to another entity will take at least six months,” Bueno told council officials.

She added that some projects labeled by the RDC as not yet started have already been bid out and awarded to winning contractors with good track records.

The RDC’s discussions on delayed PAMANA projects have started in the second quarter of this year. Earlier, the body already passed two resolutions to help expedite the project and conduct problem solving sessions.

PAMANA is the national government’s convergence program that extends development interventions to isolated, hard-to-reach and conflict-affected communities, ensuring that they are not left behind.

Film using Samar's top attractions as a backdrop expected to further boost the province's tourism industry

TACLOBAN CITY – Several tourist attractions of Samar was used as backdrops on a film that was shot entirely in the province.

The film, 'Kahit Ayaw Mo Na,' which tells a story of three girls, Joey, Mikee and Ally who were all drawn to Samar, is now showing in over 100 theaters across the country.

The film is primarily produced by Viva Films and Blu Art Productions with the Spark Samar as co-producer.

The film stars some of the country fast-emerging young actors, namely, Empress Schuck, Kristel Fulgar, and Andrea Brilantes.

The film was shot at the Olot River in Paranas town with the Extreme Torpedo boat ride given exposure; the Sohoton Cave, the Basiao Cave where mat are weave by women of Basiao village, the 16th century St

Michael the Archangel Church, all in Basey town; the rock formation of Marabut; San Juan by the Bay, Lulugayan Falls in Calbiga and the San Juanico Bridge.

The film on Samar is the latest campaign of the provincial government under Governor Sharee Ann Tan to further promote the tourism industry of the province.

The 'Spark Samar' campaign aim to help alleviate the living condition of the people where these sites are located. These remote villages are mostly affected with insurgency problem and high poverty incidence.

"The main objective of the film is to present through cinematic language the under-discovered Samar Province to attract more inbound tourists, locally and internationally. Thus better the livelihood opportunity for the community organizations managing the dif-

ferent tourist spots in the province," a statement from the provincial tourism office of Samar said.

"In this time of the digital world laced with social networking sites and platforms, cinema is still a very powerful medium for education and information, a potent tool in showcasing the beauty of Samar not only to the millennial but to the other generations as well," it added.

Some of the province's officials like Vice Governor Stephen James Tan and Calbiga Mayor Luzviminda Nacario, where most of the scenes were taken, made a Tessie Tomas, who is from Catbalogan City, was supposed to portray the character portrayed by Nacario who played as a grandmother to one of the characters of the movie.

Kahit Ayaw Mo Na is also the title of This BAND which is the official soundtrack of the film. **(ROEL T. AMAZONA)**

LTFRB-8: A remarkable 2018

PALO, Leyte-With the promise of a genuine quality service to the general riding public in Eastern Visayas, the regional office of the Land Transportation Franchising and Regulatory Board (LTFRB) under the leadership of Director Gualberto N. Gualberto, has made several achievements for this year.

With the help as well of LTFRB's competent employees, the office was able to come up with up-to-date and reliable programs.

For one, the anti-colour campaign of the LTFRB, carried out by its courageous law enforcement officers, was actively and strictly implemented in the region as they apprehended public utility vehicles operating without a franchise.

In the process, they were able to ensure the safety of the general riding public.

Another flagship program of the LTFRB-8 is the Pantawid Pasada Program targeting PUV drive-operators as they were given a

Dir. Gualberto N. Gualberto

fuel subsidy worth P5,000 redeemable only at participating gasoline stations in the region.

The first tranche of fuel card distribution started last August 28, 2018 and at present, 529 cards have already been distributed or a 71% completion rate.

Aside from the aforementioned programs, the LTFRB has also started this year the Public Utility Vehicle Modernization Program (PUVMP) wherein 60 new well-equipped E-jeepneys have been giving a safe transport for the riding public all over the region.

Lastly, the LTFRB is

actively conducting the PUV Driver's Academy for PUV drivers all over the region every Thursdays and Fridays, giving lectures on the different modules for the betterment of our drivers.

Aside from these programs, the LTFRB has been giving aid to the public, through our help desk during holidays like on the observance of the All Saints' Day and All Souls' Day.

Another milestone of the LTFRB-8 for the year was the acquisition of a lot intended for impounded vehicles.

The Local Public Transport Route Plan (LPTRP) capacity building attended by different local government unit offices was held with the aim of teaching them on the route planning.

The general riding public could expect that the LTFRB in the region would continue in undertaking activities and enforcement of necessary laws to ensure their safety. **(PR)**

Top E. Visayas bodies seek return of unspent 'Yolanda' funds

ORMOC CITY-- The top three policy-making bodies in Eastern Visayas approved on Monday(Dec.3) a resolution asking the central government to reallocate the P729.67 million unused 'Yolanda' funds that had been returned to the National Treasury.

Members of the Regional Development Council (RDC), Regional Peace and Or-

der Council, and the Regional Disaster Risk Reduction Management Council unanimously endorsed the proposal presented by the National Economic and Development Authority (NEDA).

NEDA Regional Director Bonifacio Uy is optimistic that the main offices of the Department of Budget and Management (DBM) and NEDA will con-

sider the proposal since there are still many post-Yolanda unfunded projects.

The unspent budget is under the 2016 "Yolanda" Recovery and Reconstruction Program that "remained untapped and were not released until the expiration of the validity of the funds last Dec. 31, 2017," Uy said during the quarterly Regional Project Monitoring Committee

meeting.

The 2016 allocation was released late in 2016 or early 2017, giving the agencies less time to procure and obligate the funds within the year.

The consolidated unspent budget came from the calamity fund, National Disaster Risk Reduction and Management Fund, quick response fund, automatic and supplemental appropriation, realignments and savings, and regular agency funds, among others.

These funds were not utilized as some agencies encountered issues in the procurement of "Yolanda" projects, such as processing of documents and usufruct agreement, according to NEDA.

Of the nine agencies and universities with unspent outlay, the top three with returned allocations are the Department of Social Welfare and Development (P493.2 million), the Department of Agriculture (P114.14 million), and the Visayas State University (P80.05 million).

Others on the list are the Department of Public Works and Highways (P26.24 million), the Department of Health (P7.9 million), the Department of the Interior and Local Government (P4.34 million), the Leyte Normal University (P3.6 million), the Professional Regulation Commission (P178,745), and the Northwest Samar State University (P1,111).

In a letter, Presidential Assistant for Special Concerns Wendel Avisado recommended the use of the funds as subsidy for individual water service connections in all relocation sites, as proposed by the Local Water Utilities Authority.

"The subsidy is highly recommended as it is crucial in the sustainability and livability of the resettlement sites and is beyond the coverage of the regular national government subsidy to the agency," Avisado said in his letter to the NEDA regional office here.

The P495-million water system project will only cover the exten-

sion of water distribution pipes, develop two new sources in the city's northern villages, set up and repair old pumping stations, set up a new reservoir, upgrade the existing reservoir, and rehabilitate the city's water pipes.

More than 14,000 families transferred to the northern part of the city will benefit from this water connection project.

Since the super typhoon struck in 2013, some P146.2 billion had already been released for post-disaster recovery in all affected areas in central Philippines. About 46 percent of the funds or P67.1 billion was intended for Eastern Visayas.

In the second quarter of 2018, the RDC in Eastern Visayas and NEDA Board Regional Development Committee for the Visayas passed a separate resolution requesting the Office of the President to facilitate the reallocation of reverted post-disaster funds.
