LIZBETH ANN A. ABELLA

**TACLOBAN CITY-** A three-month old girl baby is among the latest persons in the region to be infected with the dreaded coronavirus disease 2019(COVID-19) as the Department of Health announces Eastern Visayas total cases to 1,144 as of Friday.

The three-month old baby girl is from Villa-real, Samar while a 21-year old pregnant woman from Motiong, also in Samar, was also inflicted of the dreaded virus, the DOH said.

Of the 61 new cases of the region, 59 of them

were locally stranded individuals (LSIs), one is a returning overseas worker from Kananga town, Leyte and a 31-year man nurse assigned at the City Health Office of Catbalogan City, also in Samar.

The said health worker and the eight other new

cases of Catbalogan are now placed at their isolation facility and all are asymptomatic, the City Health Office announced.

Meantime, three towns in Eastern Samar posted their first COVID-19 cases.

These are the towns of Llorente, Arteche, and Gen.MacArthur. Llorente and Arteche have one case each while Gen. MacArthur has two cases.

## Debris suspected from an airplane found in 2 Eastern Samar towns

**A wreckage was found ashore in a beach in Barangay Anuron, Dolores, Eastern Samar this week. Authorities are still conducting their probe on the debris. Similar metal was also found in Guiuan town, also in Eastern Samar. (JUVIMAR LIRA)**

**TACLOBAN CITY-** Two pieces of debris suspected to be from an aircraft were separately found on the beaches of Mercedes and Guiuan towns, both in Eastern Samar province.

In Mercedes, such wreckage was said to have been beached off the waters in Barangay Anuron, Juvimar Lira, a resident of the said village, said.

Lira, in a phone interview, said that the wreckage was seen in the area five days ago by some local fishermen in Anuron, which faces the Pacific Ocean.

"When I saw them, they were trying to tinker the debris, probably for profit. see Debris /page 20 ...

# Eastern Visayas offers tourists 'infinite escapes' in the new normal

TACLOBAN CITY- Holiday getaways have remained possible in Eastern Visayas despite the new normal brought by the coronavirus disease (COVID-19) pandemic.

Karen Tiopes, Department of Tourism (DOT) regional director, assured travelers and visitors that they are positioning a responsible restart for Eastern Visayas tourism, following the issuance of various guidelines on the operation of tourism enterprises in the new normal from DOT central office.

"That is why for the Eastern Visayas tourism to restart, we are positioning the region to be known as a destination with infinite

escapes to experience and offers sites and activities that are fun yet at the same time promotes safety and wellness," she said.

"By having guidelines on the operation of tourism sites, we are actually able to accomplish two things - promote wellness and help build back the confidence of our target market to travel again," Tiopes added.

According to Tiopes, they drafted a manual to promote the health and safety of guests, tourism workers, and service providers alike.

"Once people see that their safety is of utmost importance in our tourism sites, they will start to feel that there is not much to worry about. When our

target domestic markets also start to see that Eastern Visayans are safely going to their tourism sites, this will also give them the message that Eastern Visayas indeed is a safe destination and

may consider putting us in their list once they start traveling to other region again," the tourism regional director said.

With the lowering of the COVID-19 risk level in many parts of the region, Tiopes said many tourism facilities that comply with the guidelines have already reopened.

"Next in line are the tourism sites and activities. However, we have to do this with care to make sure that health and safety protocols are in place consistently followed by both service pro-

## Region has now 4 COVID-19 deaths DOH confirms death of a 14-year old girl was COVID-19 related

TACLOBAN CITY- A 14-year old girl from Calbayog City is the latest to have died due to coronavirus disease 2019(COVID-19).

This was confirmed by Dr. Exuperia Sabalberino, assistant regional director of the Department of Health (DOH), who said that the girl was first admitted at the Calbayog District Hospital last July 25 as she was suffering with fever, cough and vomiting and stayed at the health facility until August 1.

On that day, her family discharged the girl against the advice of the doctors. Hours later, she said to have suffered difficulty in breathing prompting her family to admit her at St. Camillus Hospital, also in Calbayog City.

And upon assessment, the family was advised to bring the girl to EVRMC on August 2 where swab sample was extracted from her.

Sabalberino said that the result came out that she was

positive on the evening of August 3, or hours after she died on that day at about 8:30 am.

Her family brought back the remains of the girl on August 4 to Calbayog where she was buried immediately as mandated under the protocols on burying a dead person infected of the virus.

Sabalberino said that the girl has underlying or pre-existing diseases like tuberculosis.

She also said that the health personnel of Calbayog city government is now conducting their contact tracing and further investigation as to how the girl got the virus.

With the death of the 14-year old girl, deaths due to COVID-19 in Eastern Visayas has now rose to four. Previous deaths were reported from Tarrangan, Samar province; Kananga in Leyte; and Kawayan in Biliran.

## 2 busted over shabu in Southern Leyte

TACLOBAN CITY- Two alleged illegal drug pushers were caught in two separate buy-bust operations on Tuesday (August 4) in Southern Leyte province.

In Libagon town, police arrested Richie Supangan, 39, jobless, as undercover police agent bought three pieces of plastic sachets suspected to be shabu in consideration of P2,000.

The anti-drug operation was conducted by Libagon Municipal Police led by Lieutenant Vilsasar Coliao, officer-in-charge, together with Southern Leyte Provincial Police Office-Provincial Drug Enforcement Unit (SLPPO-PDEU) led by Lieutenant Maja Beringel and Philippine Drug Enforcement Agency (PDEA) in the region.

In Maasin City, police also arrested Arwin Antoc, 27, jobless, and street level individual in the city.

Purchased from the suspect were four pieces of transparent plastic sachets containing suspected shabu, as subject of sale, in consideration of P3,000.

Confiscated from the suspect were six pieces heat-sealed plastic sachets containing suspected shabu wrapped with small transparent cellophane, one piece P1,000 used as buy-bust money and two pieces P1,000 boodle money, and a motorcycle.

The inventory of the confiscated items was done in the presence of the suspect and witnessed by barangay officials and media representatives, according to the report.

Lieutenant Colonel Mark Nalda, officer-in-charge of Maasin City Po-

lice Station, also conducted on-scene inspection.

The suspects were detained awaiting the filing of charges for violation of the Comprehensive Dangerous Drugs Act of 2002. **(RONALD O. REYES)**

## Leyeco II linemen recognized by NEA, Philreca for their hardwork and dedication

TACLOBAN CITY- Linemen from the Leyte II Electric Cooperative (Leyeco II) were recognized in appreciation of their service not only to the cooperative but among its member-consumers.

The giving of recognition to the 70 linemen of Leyeco II was initiated by the National Electrification Administration (NEA) and the Philippine Association of Rural Electric Association of Rural Electric Cooperatives (Philreca). The program was done through online last Monday (August 3) given the current situation due to the pandemic caused by coronavirus disease 2019(COVID-19).

Engr. Fernan Paul Tan, general manager of Leyeco II, said that the program recognizes the contribution of all line workers in fulfilling the sector's advocacy of improving the quality of

life of its member-consumer-owners by providing sustainable development thru rural electrification.

"The electric cooperative are striving to give importance to the services of linemen. They are the foundation upon which their pride and honor are built on," he said.

NEA Administrator Edgardo Masongsong, in the same program, also highlighted the importance of the services that the linemen are providing to their agency in line of its total electrification program.

Coinciding with the NEA's celebration of the National Electrification Awareness Month, the Linemen Appreciation Day celebration is one of the most important activities of NEA.

Masongsong thanked all the line workers for their day-to-day support to the sector, and for their perse-

verance to do their mandate despite the criticisms they are receiving whenever there are brownouts, even if they are not responsible for it.

Atty. Janeene Depay-Colingan, executive director and general manager of Philreca, expressed her gratitude for the years and decades of service of the line workers to the member-consumer-owners.

Without the linemen's contributions and sacrifices, the sector would not be able to achieve its mission, she said.

On the side of the linemen, Alex Baldisco, president of the United Linemen's Association of the Philippines (ULAP) thanked Philreca, NEA, and the Once EC-MCO Movement for appreciating their contributions.

He advised his fellow linemen to become better at what they do, to stay safe, and never to stop dreaming,

improving, and aiming for more.

Meanwhile, Jaysob Wayet, Philippine Electric Cooperatives Association of Safety and Environmental Officers (Pecaseo) president, said that the works of the linemen is one of the most risky in the whole world.

"It is not a joke to be a lineman as their work is not easy. Every time they go to work, they put their life in danger," he said.

Under the scorching heat of the sun, under the rain, or even late at night, the linemen are ever ready to serve the member-consumer-owners, Wayet added.

The party-lists Philreca, APEC, Ako Padayon and RECOBODA have filed a bill in Congress to officially recognize the first Monday of August as the Linemen Appreciation Day. **(LIZBETH ANN A. ABELLA)**

# Mayor Agda closes private school for non-compliance of health protocols on COVID-19

TACLOBAN CITY-A private college school based on Borongan City, Eastern Samar was ordered to stop its operation effective Tuesday (August 4) for its failure to follow health protocols on COVID-19.

The suspension of the Our Lady of Mercy College (OLMC) of its operation was ordered by the city government's licensing and legal offices and approved by Mayor Jose Ivan Dayan Agda.

The said school, which opened its classes last July 20, was said to have conducted face-to-face classes, non-wearing of face masks of both students and teachers while inside the campus; not practicing social distancing and allowing students to attend classes even without health certificates, among

other alleged violations of the school.

All these were in clear violations on health protocol being enforced against coronavirus disease 2019(COVID-19), the city government said on its order suspending the business license of OLMC.

Based on the notice of suspension order of the city government, it said that OLMC did not deny its alleged violations but merely declared that they have 'already' followed the protocols.

"It appears, therefore, that your compliance of the health protocols was already after the fact of your violations thereof," the order said, adding that it did not coordinate both the Commission on Higher Education and the city government before it started its face-to-face classes.

**Mayor Jose Ivan Dayan Agda**

"Therefore, in view of your violations, your business permit is hereby suspended until August 31,2020 and you are hereby directed to stop operations in view of the said suspension," it added.

Failure of the school

management not to heed the order would force the city government to take legal and administrative actions against them and the revocation of its business permit, the city officials warned.

School president Di-

osdado Obligar, however, maintained that they are compliant of all the health protocols being implemented by the government on COVID-19.

For one, the wearing of face masks among students is strictly observed inside the campus.

"But when the city personnel inspected our school last Monday, they saw two students at our school stage who were not wearing their face masks properly. They pulled down their face masks. But we are really very strict on this. We have signages inside our campus reminding our students to strictly wear face masks and observe social distancing and other health protocols,"Obligar said through a mobile phone interview.

## Lightning killed 2 men in Northern Samar

TACLOBAN CITY - Two persons died after they were hit by lightning in a town of Northern Samar last Saturday (August 1).

Police Major Arnaldo Gomba Jr., acting chief of Gamay Police Station, identified the victims as Alex Rapada, 60, a resident of Barangay Lapinig Del Sur, Lapinig Northern Samar, and Lope Morallos, 40, a resident of Brgy. Oriental, Gamay.

Gomba reported that the victims were onboard a pump boat with three others bound to Lapinig from the municipality of Laoang when in a sudden a bolt of lightning occurred hitting the victims.

The victims suffered lightning burns and were rushed for treatment. They were pronounced dead on arrival at the hospital, Gomba said.

## DPWH RO-8 chief inspects Samar 1 infra projects

CALBAYOG CITY - The chief of Department of Public Works and Highways Regional Office VIII, Nerie D. Bueno, CESO III, visited Samar First District Engineering Office (SF-DEO) for an inspection of infrastructure projects on August 1, 2020.

The regional director was accompanied by RO-8 planning and design division OIC-chief Agnes M. Baronda, maintenance division assistant chief Angelita C. Obediencia, construction division assistant chief Adelina P. Gomez, and equipment operations section chief Jay Sarmen.

Samar 1st District Engineer Alvin Ignacio, along with technical section chiefs, welcomed Bueno and her party in the evening of July 31, 2020 and assisted in the inspections the following day.

Among the projects inspected were the ongoing construction of the Calbayog Coastal Diversion Road (Packages A, B, and C), the Calbayog Diversion Road, various projects along the national road, and the newly completed COVID-19 quarantine facility located beside the COVID-19 Ligas Center in Sitio Talahib, Brgy.

Trinidad, Calbayog City.

In addition to inspecting the major projects and the condition of the road network within the district, Bueno intended to get acquainted with the DEO's employees and the project engineers to learn about the managerial styles of the heads of offices and to address issues and concerns affecting the office, particularly on project implemen-

tation.

In an exit meeting, RD Bueno challenged the section chiefs especially of the construction and maintenance sections to not be complacent but to aim for a higher overall performance rating in terms of physical and financial accomplishments - a task DE Ignacio promised to do.

## New Normal; Abnormal times

**O**rdinary individuals choose to stay at home these days. They only go out to respond to a need – like to buy what they need at home like food or medicines. And those who go out have work to do to earn a living. And they obey orders like wearing of face masks, or dlately for they are also now are required to wear face shields.

Public transport is limited. Government says these are new nor-

mal, but we say having these are abnormal sights. All these are being done to protect ourselves from being hit by corona virus that are unseen and is believed to be just in the air anywhere. This pandemic has hit already other countries and these is no hope this will vanish soon in our lives. Worse is that those affected and those who die increases and so the number of deaths increase daily.

There is only one shield we can employ to protect us from this deadly virus. PRAY!

## Graft and corruption seem to stay forever

Forty-eight years ago almost, on September 21, 1972 President Ferdinand Edralin Marcos, Sr., placed the whole country under Martial Law – a military rule on two main objectives; to stop rebellion and to create a New Society. During those times many areas in the coun-

try especially in rural areas already had a shadow government, run and controlled by the Communist Party of the Philippines/New People's Army (CPP/NPA). Government then was smeared by massive graft and corruption.

The nation heaved a sigh of relief and satisfaction because good governance ruled the country and indeed a New Society was emerging with people giving its support and cooperation. Surprisingly income of government increased impressively because people paid their taxes efficiently and whole heartedly. BUT, it did not take long – back-

sliding happened – graft and corruption got back and insurgency resurfaced. Why it happened -it needs a long comprehensive study.

-oOo-  
When President Duterte assumed office he declared that graft and corruption will be a thing of the past. He has been in power for 4 years and he only has 2 years more to go, but corruption still thrives.

PhilHealth? – DOH? Hohumm!! Graft and corruption to stay – so his promise to sweep out this ugly act now gets hollow. Di ba? So it seems hopeless. Next administration? I doubt!

## Things To Mind

DOMS PAGLIAWAN

### Resulting trash

The need for everyone to wear mask when going out elsewhere gave rise to the proliferation of masks, supplied by manufacturers, and worn by billions of people worldwide. That's every day, which means that, with billions of people wearing disposable masks, billions of these are also thrown into the garbage piles daily.

Imagine this bulk in a day, in a week, in a month, and in a year's time. This could literally create mountains of masks. But no, people are not creating pyramids out of these in just one place. These trash-turned items end up not necessarily in dumpsites all

the time, but along the sidewalks mixed with garbage piles, inside manholes clogging the drainage, along the shorelines and riverbanks, in the swamps and, finally, in the seas and ocean beds.

There in the oceans, these non-biodegradable masks float and litter like leaves or something, mistaken by marine creatures for food and are then swallowed by many, the smaller fishes eating them by bits. Unfit for food, these items eventually poison their devourers, killing the latter as a result. Do you think it's just the marine life at sea that these masks endanger? I don't think so.

Now comes the blaming spree. Who are we to blame for this catastrophe to the

environment and life forms in general? You might blame China for allegedly creating the virus. But this country, as it claims, is already off such a responsibility. Well, we might blame the consequent pandemic, for without it, there would be no need for mask-wearing. But it's already there. Perhaps, blame the manufacturers for mass producing these things. But they are merely responding to the global demand. Who else can we blame?

Aha, here's more—the improper disposal of used masks behind which we, people as users, are the ones to blame. Yes, we all are contributors to these global wastes that are littering the entire world. We don't dispose of them properly, starting from home all the way to the landfills. We just throw them wantonly without proper segregation. We don't care where fate takes them to so long as we are done using them, and we've had our desired protection.

Bear in mind that, being too light like pieces of paper, these disposable masks could easily go with

public transportation, the policy requiring its installation was implemented by law enforcers.

Then the plastic barrier for single motorcycle was imposed to separate couples riding in tandem. It was designed purportedly to protect the back-rider from getting infected by the driver. The plastic partition was designed on the assumption that the virus is airborne despite contrary findings by health authorities that the covid19 virus is transmitted through droplets. While still uncertain as to whether the virus is airborne or droplet, motorists were required to install the plastic barrier. Adverse reactions, observations and suggestions were raised by motorists and the riding public. Foremost among the observations was on the safety of the riders as the barrier could cause wind friction that may lead to accidents. But the policy was enforced anyway.

Latest directive is for passengers of public transportation to wear plastic shields on top of the mask they wear. While the mask protects the person from inhaling air where the covid19 virus is assumed to be airborne, it may have caught the virus and may be carried by the person's sa-

### Hmm... ABS-CBN Pivoting into Digital TV Transmission?

For lack of anything much to do the other day, this Facebook Browser got to read this Article on Facebook headlined – “ABS-CBN-Analog Going Full-Blast Into Digital”.

Indeed, this columnist noted the several Kapamilya channels and shows on television, but I just said to myself, this could be a well-planned maneuver of the giant ABS-CBN Broadcasting Corp., so their broadcast business would not be easily forgotten by the people.

Why? Because with my years' experience in media, and the recent cancellation of their broadcast franchise, I can understand what ABS-CBN is doing...

Through their maneuver to move over to Digital broadcasting, they are actually trying to hold on to their viewership & radio listenership, until a new president takes over Malacañang (after 2022) – hoping that the new President is “more sympathetic” to their problems and “more open” towards giving them a new broadcast franchise, as compared to you-know-who...

“Kapamilya Onlive Live Launched”  
“MANULA, Philippines – ABS-CBN is going full blast with its digital pivot as it brings more of its content to the digital space a month after being denied off a new franchise to broadcast.  
“ABS-CBN announced on Friday (July 31<sup>st</sup>) the launch of Kapamilya Onlive Live, which will provide live-streaming of new and well-viewed shows on ABS-CBN Entertainment's You Tube and Facebook pages which started last Saturday, August 1<sup>st</sup>.  
“ABS-CBN announced that it was making the pivot from broadcast to live-streaming with the launch of Kapamilya Online Live, in order to meet the Filipino audiences'

growing demand for online content.”

With Kapamilya Online Live, ABS-CBN said viewers now have a new option to view its programs outside the Kapamilya Channel on cable & satellite TV.

Not only that, this columnist also researched more about transfer from “Analog to Digital TV transmission,” which for your information, dear readers, I am quoting hereunder-

- Current television broadcasts use analog technology, which is prone to fading, snow, and ghosts.

- Digital TV reproduces crystal-clear picture & sound without fading or interference.

- Digital technology also enables TV stations to broadcast multiple channels with different programming.

- It is unfortunate, though, that older analog TVs can't receive digital transmissions.

Okay, well and good, the recent moves of ABS-CBN could be good for their Television views & their radio listeners, but if I remember Congressman Rodante Marcoleta's interpellation of ABS-CBN's President and CEO Mr. Carlo Katigbak, during the hearings of the Committee on Legislative Franchisees in Congress last July 7th their might be some problems here....(Please continue reading...)

I am quoting hereunder Cong. Marcoleta's questions asked of ABS-CBN's Mr. Katigbak—

As people are getting used to wearing masks following a relentless campaign by authorities, plastic barriers were imposed on public transportation to shield passengers from each other. Such directive was followed under pain of penalties and the banning of the public transportation that refuse to install the required plastic partitions. The order to install such plastic shields was issued notwithstanding the unclear efficacy of plastic as a barrier of the unseen virus. The authorities came out with varying statements, first, that the covid19 virus is airborne, thus, the need to set plastic shields to protect the person from infection and second, that the virus is transmitted through droplets with humans as carriers.

Assuming it is airborne, how could plastic catch the unseen airborne covid19 virus and stop it from reaching people? Did the policymaker requiring plastic partitions in public transportation assume that the virus will pass through that plastic partition and be stopped from infecting people? In the open space inside public transportation, the open area around the person is very much greater than the plastic partition.

It will not require one to be a medical expert to understand that the possibility of the virus getting directly into the person and evading the plastic partition is greater than the covid19 virus hitting and getting trapped on the plastic partition. Despite the uncertainty that the plastic partition is a useless ineffective trap inside

### Prayer for the Nation and for Those who Serve in Public Office

Pray the Holy Rosary daily for world peace and conversion of sinners (The family that prays together stays together)

God, our Father, you guide everything in wisdom and love. Accept the prayers we offer for our nation, by the wisdom of our leaders and integrity of our citizens, may harmony and justice be secured and may there be lasting prosperity and peace.

Almighty and eternal God, You know the longings of our hearts and You protect our rights in your goodness, watch over those in authority, so that people everywhere may enjoy freedom, security and peace.

We ask this through our Lord Jesus Christ, your Son, who lives and reigns with you and the Holy Spirit, one God, forever and ever, Amen. (Courtesy of Daughters of St. Paul)

Republic of the Philippines REGIONAL TRIAL COURT Branch 9 - Region 8 Bulwagan ng Katarungan Tacloban City HEIRS OF SALVACION S. JAPSON ET.AL., Plaintiffs, -versus- SONIA S. CONGRESO, ET.AL., Defendants CIVIL CASE NO. R-TAC-18-00632-CV FOR: PARTITION WITH DAMAGES

ORDER Filed by plaintiff, through counsel, is a Second Motion for Leave to Serve

Summons by Publications under Section 14 and 15, Rule 14 of the Rules of Court because allegedly defendants Erwin Silao, Maida Silao, Danilo Climaco are already residing in Metro Manila whose specific addresses are unknown, while defendant Maria Fe Silao is already residing abroad. Attached to the Motion is an Affidavit of Merit executed by Inigo Japson, Sr., one of the plaintiff in this case.

After a careful evaluation of the Motion, the Court resolves to GRANT the same. The Return of Summons dated May 21, 2019 shows that service of summons upon defendants Erwin Silao, Maida Silao, Danilo Climaco, and Ma. Fe Silao was ineffectual as defendants Erwin Silao, Maida Silao, Danilo Climaco were already residing in Manila but their specific addresses are unknown, while defendant Ma. Fe Silao is already residing in Australia but her specific address is likewise unknown. Likewise, in the October 10, 2019 Return of Summons, defendants Erwin Silao, Maida Silao, Danilo Climaco cannot be served with summons for same reasons as stated above. As to defendant Ma. Fe Silao, she is already using the name of Sr. Maria Domini, M.C. with address at Missionaries of Charity, 12 Standley Cres, Gillen NT 0870, Australia. Indeed, both the May 21, 2019 and October 10, 2019 Returns of Summons established the impossibility of personal service to the given addresses of the said defendants enough to warrant the resort to service of summons by publication under Sections 14 and 15, Rule 14 of the Rules of Court.

Sections 14 and 15, Rule 14 of the Rules of Court provide: "Section 14. Service upon defendant whose identity or whereabouts are unknown. - In any action where the defendant is designated as an unknown owner, or the like, or whenever his whereabouts are unknown and cannot be ascertained by diligent inquiry, service may, by leave of court, be effected upon him by publication in a newspaper of general circulation and in such places and for such time as the court may order.

Section 15. Extraterritorial service. - When the defendant does not reside and is not found in the Philippines, and the action affects the personal status of the plaintiff or relates to, or the subject of which is, property within the Philippines, in which the defendant has or claims a lien or interest, actual or contingent, or in which the relief demanded consists, wholly or in part, in excluding the defendant from any interest therein, or the property of the defendant has been attached within the Philippines, service may, by leave of court, be effected out of the Philippines by personal service as under section 6; or by publication in a newspaper of general circulation in such places and for such time as the court may order, in which case a copy of the summons and order of the court shall be sent by registered mail to the last known address of the defendant, or in any other manner the court may deem sufficient. Any order granting such leave shall specify a reasonable time, which shall not be less than sixty (60) days after notice, within which the defendant must answer."

WHEREFORE, in view of the foregoing, the Second Motion for Leave to Serve Summons by Publication under Sections 14 and 15, Rule

14 of the Rules of Court is GRANTED.

Accordingly, let service of summons by publication be made upon defendants Erwin Silao, Maida Silao, Danilo Climaco, and Ma. Fe Silao through a newspaper of general circulation in the locality of Tacloban City and in the provinces of Leyte and Samar, and in another newspaper of general circulation in the Philippines. The summons by publication is to be published once a week for three (3) consecutive weeks in these newspapers. Within sixty (60) days upon receipt of such notice, defendants Erwin Silao, Maida Silao, Danilo Climaco, and Ma. Fe Silao are hereby directed to file their respective Answers in connection with this case.

8. That Antonio Silao is survived by defendants EPIFANIA C. SILAO, FELICIANO SILAO and FEDELINO "FEDDY" SILAO, MARIA FE C. SILAO, CESAR C. SILAO, ANTONIO C. SILAO, JR. and RAUL C. SILAO;

Silao Sr., and Juliana Guantero Silao died intestate and they left the following properties:

a.) A parcel of land located in Brgy. Badiangay, Sta. Fe, Leyte designated as Cad. Lot No. 567 containing an area of 10,225 square meters, more or less, with an assessed value of P14,260.00 and declared for taxation purposes in the name of Gerardo Silao under Tax Declaration No. 08-35-0005-00234. A copy of said Tax Declaration is hereto attached as Annex "B";

b.) A parcel of land located in Brgy. Libertad, Palo, Leyte designated as Cad. Lot No. 7118 containing an area of 6,486 square meters, more or less, with an assessed value of P10,140.00 and declared for taxation purposes in the name of Juliana Guantero under Tax Declaration No. 08-30-0024-00240. A copy of said Tax Declaration is hereto attached as Annex "C";

c.) A parcel of land located in Brgy. Libertad, Palo, Leyte designated as Cad. Lot No. 7128 containing an area of 5,295 square meters, more or less, with an assessed value of P8,280.00 and declared for taxation purposes in the name of Juliana Guantero under Tax Declaration No. 08-30-0024-00239. A copy of said Tax Declaration is hereto attached as Annex "D";

d.) A parcel of land located in Brgy. Guindapunan, Palo, Leyte designated as Cad. Lot No. 9606 containing an area of 262 square meters, more or less, with an assessed value of P10,870.00 and declared for taxation purposes in the name of Juliana Guantero under Tax Declaration No. 08-30-0023-01072. A copy of said Tax Declaration is hereto attached as Annex "E";

10. That the foregoing properties were not yet equitably subdivided among the heirs of Spouses Gerardo Silao Sr., and Juliana Guantero Silao. The total assessed value of the properties amounts to P43,550.00;

11. That plaintiffs have been demanding the partition of the properties in order to get the rightful share of Salvacion S. Japson - their predecessor-in-interest. However, the defendants refused to heed the repeated demands for partition despite the earnest effort of the plaintiffs to settle the matter out of court;

12. That the plaintiffs resorted to barangay conciliation proceedings in order to settle the matter, but to no avail. A Certification to File Action was thereafter issued to the plaintiffs, and is hereto attached as Annex "F" and series;

13. That because of the continued refusal of the defendants to amicably partition above-described properties, the plaintiffs have suffered mental anguish and wounded feelings, which moral damage may assuage by indemnity in the sum of Fifty Thousand Pesos (P50,000.00);

14. That with the resort to the courts of the plaintiffs, the latter are likely to incur litigation expenses, which will not be less than Five Thousand Pesos (P5,000.00).

PRAYER WHEREFORE, premises considered, it is respectfully prayed of this Honorable Court to render a judgment in favor of the plaintiffs and against the defendants by: 1) Ordering the partition

of the parcels of land involved in this case into four parts to be distributed to each of the four children (or his/her heirs) of the Spouses Spouses Gerardo Silao Sr., and Juliana Guantero Silao;

2) Ordering the defendants to pay plaintiffs the amount of P50,000.00 and P5,000, representing moral damages and litigation expenses, respectively;

3) Ordering the defendants to pay attorney's fees to the Public Attorney's Office in accordance with R.A. No. 9406;

4) Granting other reliefs as may be just and equitable in the premises.

SO PRAYED. Tacloban City, February 12, 2019.

# Gov. Petilla provided the group farm implements Mamanwas practices scientific farming, productive amid COVID-19 pandemic

BURAUEN, Leyte - The members of the Mamanwa tribe, an indigenous people (IP) living in the hinterland of this town, are presently producing the agricultural products needed by the communities.

The members of the tribe are supplying the needed food items in the nearby towns, including Tacloban City, which they produce from their farms during these trying times of COVID-19 pandemic.

Leyte Governor Leopoldo Dominico Petilla had extended assistance to the tribe in 2018. The members of the Mamanwa tribe were trained in modern farming in coordination with the Technical Education and Skills Development Authority (TESDA) and other government agencies.

Fifty members of the tribe - 19 men and 31 women - have finished the training on the techniques of modern farming and

each of them earned the TESDA national certificate II.

Petilla said that alongside with the training, his office provided financial support for the organizing and registration of the group at the Department of Labor and Employment, based in Tacloban City, for them to have the legal personality and be able to transact business with any government or private entity.

The governor added that his office also extended support and provision of farm implements, agricultural tools and agricultural inputs such as fertilizers and vegetable seeds to the members of the tribe.

Joseph Banagbanag, 61, one of the members of the tribe, admitted that what they have learned from the training in modern agriculture, was the turning point for them to abandon hunting of wild animals and fruits for their daily subsistence and practice scientific

farming.

He added that their knowledge in scientific farming was also the key for the 15 members of their tribe who were formerly with the New People's Army to surrender to the folds of the law.

Banagbanag was in town, together with the other members of the Mamanwa tribe, selling their farm products.

He confided that the members of his tribe are now producing high-value crops and vegetables such as onions, asparagus, radish, cauliflowers, strawberries, lettuce, broccoli, carrots, among others.

He said that with the government assistance, they have transformed themselves from wild hunters to modern farmers producing high value crops and vegetables.

They are now within the mainstream of society and helping the government in food production programs. **(RESTITUTO A. CAYUBIT)**

Leyte Governor Leopoldo Dominico "Mic" L. Petilla visited the 'Peace and Prosperity Villag' of former rebels in Sitio Llimite, Brgy. Daja Dako San Isidro, Leyte. The farmers were given a livelihood organic farming of high value vegetables and fruit crops and 1,440 egg laying on July 29, 2020. With him were Vice Gov. Carlo Loreto, San Isidro Mayor Remedio Veloso, Dante Navarro regional director TESDA, and Zosimo de Asis, TESDA provincial director. The visit was held during the ELCAC livelihood and poverty alleviation cluster meeting held at the San Isidro municipal hall. (Gina P. Gerez)

## Man shot to death by still unidentified suspect in Samar town

TACLOBAN CITY- A 27-year man was shot and killed inside his residence in Gandara, Samar Tuesday (August 4, 2020).

Police identified the victim as Glenn Reyes, single, sidecar driver, and a resident of Barangay Adela Heights, Gandara.

The victim was shot by an unidentified gunman at around 1:45 a.m., according to the report.

Police said they were still working to determine a possible motive in the killing. **(RONALD O. REYES)**

Still, he chose not to contest the decision of the city government saying they were only doing their duties.

"I chose not to argue with them. I just followed. Anyway, they were only after the safety of the public," Obligar, who is under quarantine as he just arrived from Manila this week, said.

He added that with this move of the city government, they would further intensify on the implementation of all health protocols.

Obligar also said that the almost one month loss of classes at OLMC due to the closure order would be recovered by extending their classes until December of this year.

## Novel corona virus (nCoV) highlights health lecture

BY: ALMA C. CINCO

The district nurse Wyrlyna Bardillon held a health lecture at Salvador Central School on February 13, 2020 attended by the pupils from all grade levels.

Bardillon's discussion covered the 2019 novel corona virus acute respiratory disease, the dengue virus and Helminthiasis/Parasitism.

"As your nurse, this is my role as care provider and educator, to promote wellness enhancing strategies to prevent illness," said Bardillon.

She added that amid an outbreak of the 2019-nCoV which caused a global health emergency, holding lectures and orientation is but very essential.

The nurse likewise included in her lecture about the prevention of dengue cases and parasitism, because school children have long been exposed to these dis-

eases.

She closed her lecture saying, "I hope you are all willing to take responsibility for your own health through the extent of your own understanding of the importance of my health lecture."

"The school is thankful for your lecture which was very enlightening, useful and informative," Mrs. Alma C. Cinco, the school principal said.

The teaching staff, the pupils and the parents appreciated the nurse's lecture on promoting health education.

Bardillon discusses about nCov and other diseases pupils ought to be aware of through proper hygiene.

## The Abuyogay Elementary School: Yesterday, today, and its future

BY: MONALIT T. SAMOSA

Abuyogay Elementary School, District of Javier, Leyte is a hinterland school with total land area of 5,135 square meters. It is a multi-grade school and has a population of 89 pupils of four teachers, each handling two classes and a dedicated school head. It has six classrooms which new-

ly-repaired and one building as school head's office.

All of these, the teachers, school head, the building, the land and the pupils make their way as parts of the plan.

In terms of socio-economic status, majority of the learners belong to families whose means of livelihood of parents depend mostly on coconut and rice farming.

With the increase of price commodities in the market at present, most of the families could hardly afford to send their children to high school especially when the price of copra and rice goes down and also the loose of abaca plants on their farm.

There are times that some of the elementary school children are absent in school, they prefer to help their parents do the house hold chores, help their parents in the farm during harvest time and some do labor for money. As a result, some of the children report to classes irregularly. With this condition, low academic performance is ob-

served at the end of the school year.

With the collaboration and continuous support of the school PTA and LGU to implement the DepEd programs and projects, the school is able to achieve a very satisfactory result in line with the School Based Management. Through the active leadership of the PTA President, problems of the school are being discussed and solutions are identified to address the underlying needs of the pupils to improve performance and learning outcomes. On the other hand, the LGU immediately acts on all requests of the School Head for school improvement and priorities are given emphasis. This active involvement of the PTA and other stakeholders manifest a strong partnership with the school to attain our vision, mission and core values.

## Dacay Elementary School teachers conducted "Adopt a Family Program"

BY: NORLANIE A. CERENA

Dulag, Leyte - Dacay Elementary School teachers of Dulag North District are always supportive in all government programs and initiatives, and to show support to the Government in this time of pandemic they conducted "Adopt A Family Program" by giving rice and groceries to the chosen families in the said barangay, despite the busy schedules and crisis that we are all facing today, they still find time to help and share whatever blessings they have, because they be-

lieved that being good and to share with others is also serving God.

Dacay ES Teachers chooses five families who belonged to poorest among the poor in the said Barangay and in coordination with BLGU of Dacay and following the IATF/DOH protocol, they distributed the rice and groceries to the said families, this good deeds of teachers supporting the governments' call To Heal As One Act was much appreciated by the

Local Officials of Barangay Dacay, and the families who received rice and groceries were so thankful and surprised because according to them they can't still believe that in this time of crisis that no one is exempted of this covid-19 pandemic there are still people with benevolent hearts like the Dacay ES Teachers.

# 'Sambo' opposes use of shield as protective barriers in motorcycles; says no such ordinance in Tacloban

**Vice Mayor Jerry 'Sambo' Yaokasin**

TACLOBAN CITY- Motorcycle barrier is unnecessary and a financial burden to motorcycle owners at this time of pandemic.

Thus said City Vice Mayor Jerry 'Sambo' Yaokasin, reacting to the decision of the National Inter-Agency Task Force (IATF) and the Department of interior and Local Government (DILG) mandating all motorcycle owners to put up barrier or shield when travelling with a back rider as a protection against coronavirus disease 2019 (COVID-19).

Yaokasin said city has

no ordinance regarding the barrier policy reason why the personnel of traffic division of the city government is hesitant in issuing penalty to those who violates the mandate.

"We hope the National

IATF will not require the use of safety barrier/shield in motorcycles as long as both rider & passenger belong to the same household. A full face helmet & face mask should suffice" the city vice mayor said.

"Please don't wait for accidents to happen before we reconsider this ill-conceived policy" Yaokasin added.

Wearing a full face helmet and a face mask for both the driver and the back rider is enough protection against the virus, the official said.

Based on the policy of the national IATF, Back riding is strictly for hus-

bands and wives, common-law couples and live in partners. They also need to present IDs and at quarantine control points or to the law enforcers as proof that they are indeed couple.

In addition to the motor cycle barrier/shield, back riding couples must always wear facemask, helmet and abide by traffic rules.

The back-riding policy took effect on July 10 but was extended until recently to ensure that the motorist's compliance conforms to the safety standards set by the National Task force Against COVID-19.

The Brigada Eskwela is the National Schools Maintenance Week that aims to bring together all education stakeholders prepare public school facilities for the opening of the school year.

Brigada Eskwela Program as one of the most important programs in DepEd, the Ma-

caalang Elementary teachers together with the School Head call for the parents who wanted to volunteer in cleaning the school ground as a preparation of the 2020-2021 school year since the place is in low risk area. But protocol on social distancing were strictly observed by the parents/stakeholders while doing their tasks.

## Hmm. ABS-...

...from Page 5

"Mr. Katigbak, as regards the ABS-CBN's MIGRATION or TRANSFER from ANALOG to DIGITAL, ABS-CBN's Demonstration Permit from the National Telecommunication Commission was valid only until June 30, 2015.

"But ABS-CBN did not stop June 30, 2015, when this NTC Demonstration Permit expired in June 2015, and your Digital Programs continue until this expiration date - over 5 years ago.

"Kung susumihin yong violations ng ABS-CBN araw-araw, that would be 365 days x 5.4 equals 1,971 days.

"At 9 channels niyo, Mr. Katigbak, ang bilang po ng violations ng ABS-CBN would total 17,739 Violations; until today.

"Now, if you compute the fines and penalties that ABS-CBN has to pay the government for these violations, that would run up to billions of pesos.

"And this is beside the over Nine Million (9,000,000.00) TV Plus Black Boxes that ABS-CBN already sold at over P1,000 each - again, without the approval of the National Telecommunications Commission, since these TV Plus Black Boxes should have been given out for free to Viewers!

"This other violation also involves billions of unpaid fines and penalties due the government.

"Also, when ABS-CBN

was officially instructed not to air the Pacquiao-Mayweather Boxing Fight, ABS-CBN defied the order, and still continued broadcasting the boxing championship, and the penalties thereof still have to be paid to the government.

"So ABS-CBN's so-called "Code of Ethics" even with a retired Justice of the Supreme Court heading the "In-House Ombudsman," ABS-CBN's so-called "Code of Ethics" did not function as it should have.

"Why? Because these Code of Ethics are there for you to follow or just to ignore.

"So what happens now to the complaints of my fellow congressmen who declared these inconsistencies earlier?"

"Well at this stage, the Secretariat duly noted the topics we discussed and whatever reforms that are needed; so in coordination with our Congressional Floor Leader, these will be included during the Hearings of our Congressional Blue Ribbon Committee.

"These will include the List of Violations enumerated earlier, where computations for whatever is due the government, including penalties and fines.

But the Big Question now is - How will my questions and our discussions affect the "full-blast" pivoting of ABS-CBN into Digital broadcasting; and what effects will it have on the Kapamilya Online Live, which provides so many shows on ABS-CBN Entertainment's You Tube and

Facebook which already started last Saturday, August 1st.

So, as I usually end unanswered questions or unfinished business, here's me saying - "Abangan ang susunod na kabanata!"

## Miranda: Alangalang I New District Supervisor

BY: MA. VILLA RANES AYO

ALANGALANG, Leyte- The local government unit and school heads spearhead the installation program of Mr. Hernando R. Miranda as the new district head of Alangalang I District at Alangalang covered court, afternoon of July 27.

Though already installed last July 13 at the Schools Division Office of Leyte. The LGU and the District made a special tribute with a simple ceremony.

Present on the program was the Schools Division Superintendent Dr. Manuel P. Albaño, other Division personnel, the Local Chief Executive, Mayor Lovell Anne Yu, SB Member Vernon I. Jolbitado, the school heads and functionaries of both Alangalang I and Jaro I Districts.

The convention was limited to the maximum of 50 persons parallel to the regulations of DOH-AITF protocol on the social gatherings.

"I am very much happy and overwhelmed with the depiction of warm welcome of the LGU, school heads and teachers of Alangalang I", said Miranda.

He added that he accepted the challenge with no little alacrity and he succumbs to the principle of the best interest of the service and thus inter the portal of Alangalang I District with no regrets and contrition but with gratefulness for the opportunity and privilege to manage the people of this district.

"This is a great challenge for me especially this time of

Miranda waving his hand as he was installed as new District Head of Alangalang I.

pandemic, but we will ensure that this district will continually move forward, we will ensure that no child will be left behind, we will ensure that all children will be on-board as we start the navigation for the learning continuity," he said.

Miranda made an appeal to the LGU, school heads, teachers and other stakeholders to support his advocacy and forge the way to cooperation rather than confrontation.

He also enjoined everyone to his pilgrimage of unification rather than fragmentation because according to him, the latter is a certain route to failure.

the wind if not properly packaged and segregated. And once they're blown by the wind, we don't know where else they will land. One thing is for sure—they will pollute our surroundings: the land, the air, the water—and eventually threaten our collective health, our lives as a whole.

As the pandemic lingers

in many parts of the world, this problem of used mask proliferation will continue, with billions of them being junked every day. Before we drown in their massive quantity, before we poison marine life with them, before we contaminate the environment, before it's finally too late, we might as well do our part by ensuring that we dispose of them properly.

## "There's more to a handkerchief than meets the eye" (Panyo ni Juan)

BY: GALIZA BIDUA

"A symbol of love and protection and an accessory for hygiene purposes."

A handkerchief has all these characteristics. A thousands of years ago, the history of the handkerchief, or "hankie" to some people, is woven through many centuries and countries, representing cultural trends and social customs of people all over the world. It is kind to the environment and is very handy to carry around with you.

The word "kerchief," a cloth worn on the head, came first and later "hand" was added to represent a cloth used for hygiene. Formal use of the word handkerchief first started in 14th century France. The term comes from the French words "couvrir-chef" which means "to cover" and "head". The English democratized the handkerchief, making it available in every classes of society.

Handkerchiefs were typically just a square piece of cotton. Men and women have distinct handkerchief. Men's handkerchiefs were white and are bigger. They usually just placed it inside the pocket. On the other

hand, women have colorful hankies and placed them inside a bag or a purse. The children's hankies were very bright, colorful, and were designed with cartoon characters and people from storybooks and movies.

Recognizing the role of handkerchiefs on the proper personal hygiene of students, Alangalang I Central School launched an activity called "Panyo ni Juan" as part of the culmination activities of the Nutrition Month on July 31.

In this program, the students brought hankies to school for them to be reminded of the importance of handkerchiefs for their health. Since not all have handkerchiefs handy, the teachers have solicited a fund in order to buy hankies and distributed them to the students.

A hankie may seem like a simple piece of cloth to you but dig deeper and you will soon find out that "there's really more to a handkerchief than meets the eye."

# Three teachers promoted through "NEW DOORS"

BY: EDGARDO ESPINA ALIZAR

Dr. Ronelo-Al K. Firmo orienting the master teachers 'qualifiers on their deployment

Salvador Central School was promoted from master teacher 1 to master teacher 2. The open ranking system

Three Tanauan III teacher applicants availed of the transparent, objective and ranking system of the Department of Education (DepEd)-Leyte Division through "Nurturing Employees Welfare thru the Division's Objective Open Ranking System (NEW DOORS) for master teachers' promotion this school year 2019-2020.

Shery B. Bud-oy of San Isidro Elementary School and Jo Ann V. Meniano of Calsadahay Elementary School were promoted from teacher III to master teacher I.

Evelyn M. Esoy-Dico of

allowed the promoted applicants to see for themselves the evaluative assessment of their documents by different committees before they underwent an interview and examination.

The promoted applicants earned the required number of points and they were included in the Registry of Qualified Applicants (RQA).

The "NEW DOORS" was institutionalized in July 2017 through the leadership and initiative of Dr. Ronelo-Al K. Firmo.

Brgy. Mahait, Calubian, Leyte

Sir/Madam

This refers to your agricultural land covered by the Comprehensive Agrarian Reform Program (CARP) pursuant to Republic Act (R.A.) No. 6657, as amended by R.A. No. 9700, particularly described as follows:

OCT/TCT No.	: <b>OCT-P-2623</b>
TD No.	: <b>08-09-0042-00075</b>
Lot No.	: <b>2-A, B, C, D, E, G and H</b>
Approved Survey No.	: <b>Psd-08-041067 (AR)</b>
Area per OCT/TCT/TD No. (has)	: <b>2.9536 Has.</b>
Area acquired per ASP	: <b>2.2700 Has.</b>
Location	: <b>Brgy. Patag, Calubian, Leyte</b>

Please be informed that out of the total area indicated in the aforesaid title of Tax Declaration an area of **2.2700** hectares is subject to immediate acquisition and distribution to qualified agrarian reform beneficiaries (ARBs) under ( ) Voluntary Offer to Sell ( x ) Compulsory Acquisition.

On the basis of the value determined by the Land Bank of the Philippines (LBP) per attached Memorandum of Valuation (MOV) and Land Valuation Worksheet (LVW), the compensation for your landholding amounts to **ONE HUNDRED FORTY-SEVEN THOUSAND SEVEN HUNDRED EIGHTY SEVEN PESOS AND 15/100 (Php 147,787.15)** covering **2.2700** hectares, including improvements thereon, if any.

We have already requested the LBP, with address at: Sagkahan Street, Tacloban City to deposit in your name the said amount, in cash and bonds. The release of payments shall be effected or may be withdrawn upon your submission of all documents required by LBP on the release of claims.

Please accomplish the attached CARPER LAD Form 53 (Landowner's Reply to NLVA) within thirty (30) days upon receipt of this Notice and return it to the DAR Provincial Office.

In case you reject the compensation offered for your property or fail to reply to this notice within thirty (30) days from receipt thereof, we shall advise the Department of Agrarian Reform Adjudication Board (DARAB), with address at DAR Regional Office Compound, Sto. Niño Extension Tacloban City to conduct summary administrative proceedings on the matter. In the event that you subsequently accept the value as computed by the LBP based on existing valuation guidelines, you should manifest in writing with respect to such acceptance of the original value, or jointly with LBP manifest in writing with respect to the recomputed value by the LBP, with the DARAB or the regular court.

The DAR shall take immediate possession of the property upon issuance of a Certification of Deposit (COD) by LBP and the concomitant transfer of the title to the landholding in the name of the Republic of the Philippines.

Very truly yours,

**(Sgd.) RENATO G. BADILLA, MPMRD**

I told them not to touch it and instead report it authorities," the 33-year old businessman said.

He said the item should be turn over to proper authorities for them to conduct investigation to really determine on the wreckage found on the shore.

On Thursday (August 6), local police together with personnel from the Philippine Drug Enforcement Agency, Civil Aviation Authority of the Philippines (CAAP), and local police came to the area to inspect the debris.

There was no illegal contraband found by the PDEA while the CAAP has not yet determine if the debris was from an airplane or from what part of an aircraft.

CAAP regional office based in the city has yet to issue a statement on this matter.

But Lira said that the debris was heavy as it took about 10 men to flip it over as he estimated that it could be around over 100 kilo-

grams in weight and 3 x 4 meters in width. Some Chinese or Japanese characters were seen on the debris, he added.

Meanwhile, another similar debris was also in the waters in Brgy. Taytay, Guiuan, report reaching the regional headquarters of the Philippine National Police, said.

The said debris was found floating last July 27 by Nicanor Gagarin, 46 and resident of said village.

The item was said to have been secured by the Guiuan police. **(JOEY A. GABIETA)**

The return of LSIs to the region has been attributed of its increasing number of COVID-19 cases.

**DPWH Eastern Samar turns over 'We Heal as One' center to Borongan city government**

**BORONGAN CITY-** The Department of Public Works and Highways Eastern Samar District Engineering Office has recently turned over the newly-constructed quarantine facility in Songco, Borongan City.

DPWH Eastern Samar Project Engineer Ismael Menzon Jr. said that City Mayor Jose Ivan Dayan Agda signed the acceptance letter of the mentioned project which commenced the turn-over of the project to the Borongan city government.

District Engineer Manolo A. Rojas said in an interview that the LGU Borongan has now the full control,

management and maintenance of the WE HEAL AS ONE CENTER.

"I am thankful to Mayor Agda for a good partnership in the realization of this project. I am hopeful that this quarantine facility will help Borongan and Eastern Samar in our fight against this COVID-19 pandemic. And this might provide a comfortable place for isolation to our future COVID-19 patients," added DE Rojas.

The turn-over was held last July 14 of this year.

In addition, two representatives from Tingog party-list visited the site on July 15, 2020 to conduct an

ocular inspection to the condition of the facility and they expressed their satisfaction for the final output and fast construction of the said project. Tingog party-list also took a big part in putting up the fund for the said quarantine facility.

After the successful construction of the WE HEAL AS ONE CENTER, the Department of Public Works and Highways is planning to request more quarantine facilities to be installed in different municipalities in Eastern Samar. **(PR)**

viders and guests," she said.

For their first assessment, Tiopes and her team visited Calbayog City sites in collaboration with the Calbayog City Tourism Office to see how their health and safety manual is adopted and implemented by the local government unit (LGU).

"One challenge we have faced though is the level of willingness of our target tourists to travel again at this time. That is why we will initially target local tourists - Eastern Visayans traveling around Eastern Visayas. However, for now, many of our LGUs who have already opened up

some of their tourism sites only allow their local community to initially visit their sites," Tiopes said.

The tourism industry has been one, if not the most affected industries when COVID-19 struck, according to the tourism official.

"The need to follow health and safety protocols remain paramount, however, we also have to nurture back our economy - open up businesses, resume the operation of tourism sites, bring back jobs, continue the livelihood that were temporarily stopped as a result of impositions made to put to a minimum the spread of the virus," Tiopes added.

# Calbayog City to slowly reopen its top three tourist destinations

TACLOBAN CITY-

The city government of Calbayog will re-open to public its tourist destinations once the Department of Environment and Natural Resources (DENR) are completed its study on new carrying capacities of their sites.

This was disclosed by its tourism officer, Ronald Ricafort Jr., who added that they asked the DENR to study the new carrying capacities of their top three most visited destinations.

These are the Calbayog Zip Line and Malajog Ridge Nature Park, Bangon Falls, and the Tarangban Falls.

These destinations were closed by the city government in March 15 due to corona virus disease 2019 (COVID-19) problem.

The zipline is located in the vicinity of Malajog Beach, one of

The city government developed the place into a park in 2015 by

constructing a concrete trail to make it easy for guests to trek to the ridge where they can have a breathtaking view and see wild plants, rare birds, really preserved nature.

Bangon and Tarangban Falls located in Barangay Tinaplacan are the other two most visited tourist attractions in the city due to their

rapid waters.

"We are looking at mid- August to open the falls and zipline," Ricafort said.

He added that aside from the DENR, they will also base their decision to reopen their tourist destinations on the recommendation and result of the assessment conducted by the

regional office of the Department of Tourism (DOT).

Guinauan Elementary School (GES) is one of the complete elementary schools in Tabontabon District, Tabontabon, Leyte.

Last school year, we had a total enrolment of 136 from Kindergarten up to Grade VI.

In as much as we, the teaching force of GES, would like to give quality education to our pupils, we cannot do otherwise because of limited resources. We know for a fact that nowadays we have to compete with the fast changing world.

Children are exposed to different gadgets and social media apps. With this, we have to make some innovations to improve and aid our teaching styles / techniques so that children would enjoy going to school and be more interested to learn.

In connection with this, we, including the PTA officers and parents of GES, decided to come up with a fundraising in the form of a popularity contest.

Whoever will get the highest amount of money or funds among the boys and girls will be declared as the

King and Queen of Hearts 2020.

Each grade level will

have two candidates, one girl and one boy. This two will be their representatives. The first canvassing was held last December 20, 2019 and the second canvassing was held last February 3, 2020. The Coronation Day was held last February 14, 2020.

The total amount that was raised during this fundraising campaign was about P42,000. With this, three days after the last canvassing, we were able to purchase 8 sets of 32 inches flat screen television sets.

Now, these television sets were already installed in every classroom of GES, ready for the face-to-face instruction this coming January 2021.

# Pedal-operated hygiene facilities for the safety of the learners, teachers, and the community

BY: ROSENDA H. VILLAMOR

ALANGALANG, Leyte- The primary concern of the Department of Education (DepEd) in this time of pandemic is the welfare of learners, teachers, and the community as well. Its aim is to make learning possible despite the public health situation and the safety of both the internal and external stakeholders.

One way to achieve the aim of ensuring health and

Implementation of SBM-WINS (School Based Management-WASH in School) Program. This memorandum is in compliance with DepEd Order No. 10, s. 2016 about the Policy Guidelines for the Comprehensive WASH

safety of individuals who will be entering the school premises is to encourage the school leaders and teachers for the provision of improvised handwashing facility to be placed near the entrance gate.

And it was confirmed last July 28 by the District Nurse, Mrs. Janet N. Prudente, that 100% of the schools in Alangalang I District already have the improvised hygiene facilities.

This is also an answer to the Division Memorandum No. 228, s. 2020, dated April 24, 2020, and signed by Dr. Manuel P. Albaladejo, the Schools Division Superintendent, which is about the Comprehensive

in school (WinS) Program for the promotion of correct hygiene and sanitation practices among school children and set the students for clean environment and school to keep learners safe and healthy.

As stated by DepEd Secretary Leonor M. Briones, in her official statement dated June 8, 2020, "We are updating our policies, realigning our finances, and collaborating with our partners so that our goals of providing quality education and protecting the safety and health of our constituents will be achieved."

ilies could hardly afford to send their children to high school especially when the price of copra and rice goes down and also the loss of abaca plants on their farm.

There are times that some of the elementary school children are absent in school as they prefer to help their parents do the house hold chores, help their parents in the farm during harvest time and some do labor for money. As a result, some of the children report to classes irregularly. With this condition, low academic performance is observed at the end of the school year.

With the collaboration and continuous support of the school PTA (Parents-Teachers Association) and local government unit to implement the DepEd (Department of Education)

programs and projects, the school is able to achieve a very satisfactory result in line with the school-based management.

Through the active leadership of the PTA president, problems of the school are being discussed and solutions are identified to address the underlying needs of the pupils to improve performance and learning outcomes.

On the other hand, the LGU immediately acts on all requests of the school head for school improvement and priorities are given emphasis. This active involvement of the PTA and other stakeholders manifest a strong partnership with the school to attain our vision, mission and core values.

# 151 new 'Matikas' privates reinforce E. Visayas

CAMP LUKBAN, Catbalogan City – The 8th Infantry (Stormtroopers) Division, Philippine Army produced another 151 new soldiers during the closing ceremony of Candidate Soldier Course 'Matikas' Class 633 - 2020 at the 8ID Grandstand on August 4, 2020.

The ceremony was graced by Lord Byron P. Torrecarion, Regional Director, Office of the Civil Defense, Regional Office VIII, as the Guest of Honor and Speaker who also led the ceremonial entrustment of firearms together with senior military officers and partner stakeholders.

Out of the 190 original strength of the class, only 151 successfully hurdled the six months rigorous training.

Graduating from the course is not a piece of cake as new soldiers were properly nurtured with the basic skills and knowledge of soldiery in order

to develop their character worthy to become members of the Armed Forces.

Among them, 102 were from Samar, 37 from Leyte, six from Mindanao, two from Luzon, two from Cebu, one from Iloilo, and one from Negros Occidental. Sixty of them were college graduates, 40 were college undergraduates and 51 were high school graduates with skills training from Technical Education and Skills Development Authority (TESDA).

The newly enlisted privates will provide a

much-needed boost in the fight against the CPP-NPA Terrorists (CNTs) in Eastern Visayas who have been disturbing the peace and development of the region.

Director Torrecarion said that the hardships experienced by the soldiers while training have molded them to become responsible and professional soldiers of the people.

"You are now Stormtroopers, as such more people will look to you for strength, support, and solution to their problems. And those behind you are the ones who cannot defend themselves. They are your families, they are the weak and the oppressed. They are your neighbors and your friends, they are the Filipino people."

Major General Pio Q. Diñoso III PA, Commander, 8ID, extended his profound congratulations to the proud parents who have given their all-out support and entrusted their sons to 8ID.

"Sa mga magulang, kapamilya at mga kaibigan na nanunuod ngayon sa kani-kaniyang bahay, hin-

di niyo man masasaksihan ng personal ang ating mga bagong sundalo, sinisigurado ko sa inyo na ang inyong anak o kapatid ay isa nang malakas, matikas at magiting na lalaki na may direksyon sa buhay. Maraming salamat at ipinagkatiwala ninyo sila sa amin at nawa'y patuloy ninyo silang gabayan at suportahan dito sa pinili nilang propesyon at makapagsilbi sa bayan. Kayo mismo bilang kanilang kapamilya ang katuwang namin sa pagsusulong ng mga programa ng Hukbong Katihan para sa pagkamit ng ating minimithing kapayapaan tungo sa matiwasay at maunlad na komunidad."

He also stressed to the new soldiers that their enlistment in the AFP is now the beginning of their true service to the government.

"Remember to always strive to become stronger, smarter and better Stormtroopers. Mabuhay ang Candidate Soldier Course 'Matikas' Class 633-2020! Mabuhay ang Team 8ID! Mabuhay tayong lahat!" (PR)
