Sec. Tugade issued an order to hasten the project

DZR's new passenger terminal to finish by early 2022

ROEL T. AMAZONA/ JOEY A. GABIETA

TACLOBAN CITY- The construction of the passenger terminal building of the Daniel Z. Romualdez (DZR) Airport is expected to be completed soon than originally planned.

This after Transportations Sec. Arthur Tugade directed the contractor MAC Builders to hasten its construction ahead of its target completion of 540 days or more than a year.

Tugade, who visited the DZR Airport last November 28, asked the contractor to instead finish the construction of the passenger terminal building to just 270 days or around nine months.

It was learned that MAC Builders agreed to this request of Tugade who said that the project is a 'prime importance' not only to the people of

Leyte, where the airport is located, but to the rest of Eastern Visayas.

The construction of the facility started last Tuesday (Dec.1) with a funding cost of P699.16 million and with a revised work schedule, it is expected to be operational by second quarter of 2022.

Tacloban City Mayor Alfred Romualdez expressed his elation on the directive of Sec. Tugade to hasten the construction of the passenger terminal building as this could accommodate more passengers.

According to the city mayor, the improvement of

Mayor Romualdez says Tacloban COVID-19 now under control

as the COVID-19 cases of Tacloban appear to be declining saying its daily cases report now average less than 10 cases.

"We see that the numbers are going down based on the report of our contact tracers. We now average between one to four cases. That's a very good sign considering that we are a highly urbanized city with a dense population," the city mayor said.

Last August 29, Tacloban posted its highest ever

Tacloban City Mayor Alfred Romualdez claims that the coronavirus disease (COVID-19) in the city is now under control with its cases seeing a decline. 101-man from Samar gets COVID-19 virus

TACLOBAN CITY- A 101-year old man from San Jorge town in Samar province was among the new patients from Eastern Visayas due to coronavirus disease (COVID-19).

Villar receives donation from Chinese youth organization

Senator Cynthia A. Villar has received from a Chinese youth organization donations for her relief efforts during the Covid-19 pandemic.

The donations by Philippine Fujian General Youth Association, Inc., headed by its President James Go, consisted of almost 4,000 bowls of instant noodles

Villar would in turn distribute the donations to local government units (LGUs), frontliners and the people in the communities in support of the government’s fight against the novel coronavirus.

The senator, who has been leading the efforts of the Villar SIPAG to help alleviate the suffering of those affected by the pandemic, thanked the group for their support.

Villar and her family have been helping the national government enhance

its capabilities and responsiveness to the ongoing health crisis.

Aside from food supply, they have been donating

nated laboratory freezer, biological refrigerator, autoclave sterilizer and pass-box and ventilator to Las Piñas General Hospital and Satellite Trauma Center (LPGH & STC) to further boosts its capabilities dealing with the current health crisis.

The hospital has opened its COVID-19 testing facility.

Three buildings that the family built were also donated by the Villar family for the hospital extension facilities, temporary housing for healthcare workers and/or quarantine facility.

The said buildings are the Las Piñas Drug Abuse Treatment and Rehabilitation Center, Vice Mayors’ League of the Philippines (VMLP) and the Provincial Board Members’ League (PBML) buildings – all located in Barangay Ilaya, Las Pinas City. **(PR)**

NGCP donates over P 37 million to provinces hit by Super Typhoon Rolly and Typhoon Ulysses

Following the passage of destructive triple typhoons, including the world’s strongest typhoon for 2020, Typhoon Rolly (international name Goni), National Grid Corporation of the Philippines (NGCP) commenced relief and restoration efforts to hard-hit provinces in Luzon.

Over P37 million worth of grocery packs and t-shirts are being distributed to provinces hard hit by super Typhoon Rolly in the Southern Tagalog and Bicol Regions, and to flooded areas in the Cagayan Region and National Capital Region in the aftermath of Typhoon Ulysses.

“Many families and communities in the Southern Tagalog and Bicol regions were displaced by the passage of three strong tropical cyclones over the past few weeks. Many others were inundated by massive floods brought about by Ulysses in the Cagayan Region and in the NCR. As a Filipino corporation operating across the country, we felt that it was necessary to go beyond our line of business and help those badly affected. More than just restoring

vital power transmission services, we wanted to do more and extend relief to these areas,” said NGCP.

Thousands of sacks of rice and t-shirts, as well as tens of thousands of canned goods, bottled drinking water, noodles and other food items were distributed to about 100,000 families through local government units.

Simultaneous with relief operations were restoration activities for the power transmission lines affected by the typhoons.

NGCP deployed 4 choppers and over 1,000 personnel working in shifts, when weather and safety conditions permit, to expedite restoration works.

NGCP was able to restore transmission services to all areas affected, ahead of schedule.

NGCP is a Filipino-led, privately owned company in charge of operating, maintaining, and developing the country’s power grid, led by majority shareholders and Vice Chairman of the Board Henry Sy, Jr. and Co-Vice Chairman Robert Coyoito, Jr. **(PR)**

daily COVID-19 cases with 100.

But despite of the improving condition of Tacloban in terms of the number of persons getting the COVID-19 infection, Mayor Romualdez said that this should not give the people to be complacent.

He reminded the city residents to always observe and practice the mandatory health protocols like wearing of face mask and face shield and social distancing.

“We (have to) keep reminding our people to (observe) social distancing; wear face masks until the vaccine become available,” Romualdez said.

The city mayor said that Tacloban has been identified to be among the

priority areas once the vaccine becomes available.

Based on the report of the regional office of the Department of Health (DOH) last Tuesday (Dec.1), out of the 47 new cases of the region, seven were from Tacloban City.

For the entire month, Tacloban has posted 135 cases, which was comparatively lower compared to the month of October which was 158 cases.

In total, Tacloban, the regional and commercial capital of Eastern Visayas, posted 1,066 COVID-19 cases of which 16 of them have died.

At present, the city has 43 active cases.

Tacloban is among the seven areas in the country still under general community quarantine (GCQ) as announced by Pres. Rodrigo Duterte. The status will last until the end of the month.

the DZR Airport has been in the pipelines for decades but for some reason was not fully realized.

"I am happy that (Sec. Tugade) has ordered for the fast completion of the project. If the DZR Airport will modernize, this will not only benefit Tacloban City but the rest of Eastern Visayas," he said.

During this time of

pandemic, the daily flights at the DZR Airport has drastically reduced from its previous 14 daily flights to just five flights a day.

The Tacloban Airport, located in San Jose District, is considered among the country's busiest airports accommodating millions of passengers.

When Tacloban was pummeled by Super Typhoon 'Yolanda,' the said airport sustained major damages.

For good health and easy transportation, DOH supports biking

The Department of Health here in Eastern Visayas has thrown its support on biking or cycling not only as a way of transportation but as a form of exercise during this time of pandemic. Among the bike enthusiasts is Leyte Vice Gov. Carlo Loreto who shepherd in the passage of an ordinance mandating all local government units in the province to have their own bike lanes. (Photo VG Loreto FB)

TACLOBAN CITY – Biking is good for the health and so the Department of Health (DOH) here in the region is throwing its support for the people to go on biking.

Biking became one of the favorite pastimes to some after the country was placed in a quarantine due to the coronavirus disease (COVID-19) pandemic.

And due to limited public transport during this time of pandemic, bicycles became a mode of transportation among some people.

Dr. Marc Steven Capungcol, head of the epidemiology and surveillance unit of the DOH-8, said that biking or cycling is a form of an aerobic exercise that is good to avoid heart and lung diseases.

This can also help a person from other serious diseases which includes some type of cancers, depression, diabetes, obesity, and arthritis, he added.

"This will also help in reducing the number of commuters riding public transport that ensure physi-

cal distancing is observed," Capungcol said.

To ensure safety of bikers and cyclists while they are on the road, Capungcol said that the health department urges local government units to create bicycle lanes which separates them from motor vehicles.

The health department also reminds bikers and cyclists of their responsibility in using the road safely.

"Bikers and cyclists must always be alert, avoid drinking liquors, don't see For good /page 8 ...

Criminalizing red-tagging

After a series of three senate hearings on the red-tagging issue, Committee Chair Sen. Panfilo Lacson came up with the idea of criminalizing it, which means that those who will try to link the Makabayan Bloc and its fronts with the CPP/NPA will be prosecuted in court and meted with appropriate penalties.

Such pronouncement of the good senator was greeted with heated comments and reactions on social media. Many are shocked and doubting if the senator is still in his old self as a law enforcer. As a former PNP Chief, he is expected by the Filipino people to be knowledgeable enough on how the government's enemies operate, including their mastery of denials, propaganda, distortion of laws, infiltrations, and the like. And therefore, they expect him to make decisions that are favorable with the government which he represents, and that pays for his salary.

But with the deliberations and actions made, observers find him to be more friendly, accommo-

dating, and defending the accused while sounding mean and unfriendly towards the witnesses whom the majority of people are siding with. Should his proposed law pursue, then, it will not just protect the Makabayan Bloc and its fronts, but those who are indeed linked with the CPP will be able to operate freely without fear of being identified as organizers, as recruiters, etc. of the leftist groups.

Criminalizing red-tagging is good because it will put the random critics to silence, teaching them to be rather responsible with their accusations. But it should not just include other people who are doing red-tagging; it must also cover individuals and groups that are red-tagging themselves through their own words such as their speeches in rallies, through their own actions and subversive activities, and through their associations with CPP/NPA figures and organizations.

And witnesses proving these things should be allowed, without being sued right away in court. Otherwise, that anti-redtagging law will just protect the terrorists while weakening the government all the more in its fight against the latter.

The willingness to suffer

IF we really want to truly love, we should be willing to suffer for the others out of love for God and for all souls. We need to realize that the willingness to suffer is the ultimate proof that our love is genuine. Love should not just be matter of goodwill, of benevolence, of doing some good to others. It has to go all the way to an eagerness to suffer for the

others.

This is what Christ has done for us and has commanded us to do. Being both God and man, Christ should be seen by us as the epitome of true love which is the very essence of God that is also meant for us since we are supposed to be God's image and likeness.

In showing us that love where the willingness to

suffer is highlighted, St. Paul made this description of Christ: "Have this mind among yourselves, which is yours in Christ Jesus, who, though he was in the form of God, did not count equality with God a thing to be grasped.

"Rather, he emptied himself, by taking the form of a servant, being born in the likeness of men. And being found in human form, he humbled himself by becoming obedient to the point of death, even death on a cross." (Phil 2,5-8)

We have to be willing to suffer the way Christ suffered for all of us. That is what true love is. No wonder that Christ himself said: "Greater love has no one than this: to lay down one's life for one's friends." (Jn 15,13)

No wonder also that as St. Peter said in his first Let-

ter, "He (Christ) did not retaliate when he was insulted, nor threaten revenge when he suffered. He left his case in the hands of God, who always judges fairly." (2,23)

We have to learn to restrain our urge to make revenge whenever we are offended in some way by others.

It is this willingness to suffer that would show how, like Christ, we can go all the way to giving ourselves completely to everyone, irrespective of how they are. That is also why Christ commanded us, as an integral component of true love, that we even love our enemies.

In true love, the lover goes all the way to identifying himself with the beloved with the view of

A lowly weed “Tawa-Tawa” against C-19?

One common backyard and secondary forest weed popularly known as “Tawa-Tawa” has been gaining attention among Filipino researchers in their quest to find an antidote of the dreaded pandemic Nouvelle Corona Virus or Covid-19.

For us who are into science, this lowly weed is called *Euphorbia hirta*, a semi-prostrate growing plant, having branched semi-succulent body (thallus) bearing opposite ob-ovate to sub lanceolate

leaves, with greenish to yellow-brown floral parts borne near axis or base of matured leaves. At this point, the weed is being studied as an adjunctive/support treatment for mild to moderate cases of the coronavirus.

According to DOST Secretary Fortunato dela Peña, “The R & D on Tawa-Tawa was added as one of the research initiatives being funded by the DOST in its effort to help the national government fight COVID-19, along

Andres Bonifacio had the last laugh

Just a trivia in MS Word program, if you type Rizal it is accepted as a word, scribbling Bonifacio its considered a typo error in spelling and MS Word will suggest changing it to Boniface.

In the recently concluded Bonifacio day the country celebrated the birthday of a real hero. He was confrontational, macho, fighter and contemporary of Jose Rizal. With the emphasis on the last phrase. It's in this vein Rado Gatchalian made it clear in his letter to the leading national broadsheet that there should be no competition between Gat Andres Bonifacio and Gat Jose Rizal. Rightfully so, both gentlemen had endured and fought for principled patriotism Filipinos nowadays can no longer surpass or even emulate in the littlest rigor possible. Some even cannot attend Flag Ceremonies even if it is mandated by law that public officials and employees must participate (Flag and Heraldic Law) That however is for another column.

The two heroes and clearly champions of Kayumangí cause can stand side by side and no amount of intrigues or comparison can make the two loathing at each other's neck. They are after all allies and specially Gat Andres, a fan of Gat Jose. As history books would tell us the capture of Rizal made Bonifacio's resolve to start a revolution strong and airtight from doubts.

Historians would also make it evidently clear to us, the most basic contrast between the two (Gat Andres Bonifacio and Gat Jose Rizal) was that for the former, he advocated for total independence from the clouts of colonial

with those on virgin coconut oil and *lagundi*.” This was after the Department of Health (DOH) ethics review board has approved the R & D project on *tawa-tawa*.

Rural folks in the Visayas have long accepted *tawa-tawa* as an herbal plant – entire plant (otherwise the upper/terminal part of branches/plant) after washing and thoroughly boiled and its decoction is drank.

Indeed, should the results of the R & D work be positive for the weeds potentials as cure for the coronavirus, would put the Philippines among other countries deeply involved in identifying the possible cure for COVID-19.

subjugation. Rizal on the other hand was battling for reform. It was certainly an ideological clash. Because the premise which Bonifacio banks on was that we are worthy of self-rule as Filipinos and to make it fair, Rizal was also for this but he was a pragmatist, he rather goes for reform first by the expose he can reveal to Mother Spain After, all Rizal is saying that the revolution is ill-timed and Filipinos are outnumbered by way of the tallies of combatants and firepower. Moving on Rizal was put into the firing squad, a public execution with Filipino soldiers as Guardia Civil and Bonifacio was executed by order of Emilio Aguinaldo. The two suffered the same fate, killed by the hands of their own Filipino brothers whose cause and independence they vow to forward and fight.

But summing it all up, Gat Andres had the last laugh, we are independent from Spain, America and at times we are independent from other parties, from our own brothers and fathers if we count our political ideology. Gat Andres was triumphant after all. Self-rule came into fruition and reforms was proven to be a lesser concept, independence was achieved.

It may have been an impossible dream that time but Gat Andres may be glad to know that the

‘Di lang `to “Away Babae,” condi “Dumot Engcanto”!

Hmmm, ordinarily, this columnist would dismiss this as just another ‘Away Babae,’ but since one of ladies is a Doctora from Leyte, many or our kababayans would like to read this.

You know what caught this Columnist's attention about this so-called “feud” among two women? T’was an Article he read while surfing the internet.

The news read “Public Attorney's Office (PAO) Chief Perside Rueda-Acosta loud-mouthed former Health Secretary, now Iloilo congressista Dra. Janette Loreto-Garin for belittling the claims of deaths due to Anti-Dengue vaccine Dengvaxia.

Atty. Rueda-Acosta loudly asked the smiling Dra. Garin “What's so funny about it?” Garin reportedly shied away from the confrontation.

Atty. Acosta continued her tirade in tagalog, which went as follows, as interpreted by reporters present - “That's funny? If people die, do you laugh at them? If people ideals he fought and died for came in to being and even if at times the same is abused, it's my belief that that's better than not having freedom at all.

It may be sad but I need to say that there were lesser known resistance personalities that stood up against the atrocities of foreign invaders from Hispanic, Americans and Japanese colonialists. The vivid example for these are they who gallantly fought in Balangiga, Negros and Maguindanao or elsewhere. All the while the famous heroes fought and their exploits recorded in which historians and scholars dwell on them in depth studies, there were Filipinos offering the ultimate sacrifices.

Still, summing it all up, this we know is true, Gat Andres Bonifacio had the

file complaints about being victimized, would you laugh at them?”

“Is that funny? Is the loss of life funny? What would you do to the dead, sing for them?”

“This did not happen in other countries; as only in the Philippines did they vaccinate over a million people.

“The Anti-Dengue Vaccination Program was a nationwide project during the administration of former President Benigno Aquino III; and more than 830,000 persons, including children, and over 12,000 police officers were vaccinated with Dengvaxia under the program.

However, the program did not turn out as planned, and Sanofi Pasteur issued a formal statement declaring that their Dengvaxia Vaccine “may cause an increased risk of hospitalization for dengue, and severe dengue to individuals who have not been previously infected by the dengue virus.”

After the Sanofi Vaccines were pulled out in December 2017, the Public Attorney's Office (PAO) conducted its own investigation on persons who reportedly died be-

cause of Dengvaxia.

Their investigative medical findings reported that “all bodies they examined had similar internal bleeding signs; cranial bleeding, and enlarged organs!”

Meanwhile, the Public Attorney's Office (PAO) is set to file before the Department of Justice (DOJ) against former Health Secretary Janette Loreto-Garin, Health Secretary Francisco Duque III and several other government officials for the death of 101 school children who were inoculated with Dengvaxia.

Representatives of the drug manufacturer Sanofi Pasteur Pharmaceuticals also face charges of multiple counts of reckless imprudence, resulting in homicide and frustrated homicide

PAO Chief Persida Rueda-Acosta said charges of violation of Republic Act 9745, known as the Anti-Torture Act, will also be filed against Garin, Duque and others.

Atty. Rueda-Acosta said that “this Anti-Torture Law is non-bailable, so we hope that these respondents would be jailed for the torture and deaths of the children, after they were injected with Dengvaxia vaccines under the terms of Dr. Duque and Dra. Garin at the Health Department..

On the other hand, Garin declared that “the revival of the Dengvaxia issue, which came as Acosta's Public Attorney's Office filed fresh cases against her and other former and incumbent Department of Health officials, was a mere public relations stunt by people opposing vaccines, or the so-called “Anti-Vaxxers.”

Ex-NPA rebel asserts Makabayan bloc as front of the CPP-NPA-NDF

TACLOBAN CITY - A former rebel who was arrested by government forces in Tolosa town had executed a statement attesting that the Makabayan bloc in Lower House are front of the Communist Party of the Philippine-New People's Army-National Democratic Front (CPP-NPA-NDF).

Alma Gabin, aka Ka Ela/Joy, 35, who is now under custody of government forces in Northern Samar province sent a 4-page statement to the on-going Senate inquiry headed by Senator Panfilo Lacson.

In a video message, Gabin said that when she learned about the on-going Senate inquiry, she decided to write a statement on her experience while she was a member of the NPA.

"Gusto ko lang pong ipaabot na ito ay buluntaryo kong ginawa, wala pong humingi sa akin na gumawa ng statement doon sa mga sinasabi ng mga former rebels,"she said.

Gabin, before she was arrested by government forces, was the education deputy secretary of Eastern Visayas Regional Party Committee of the CPP.

She was also the secretary of Leyte Party Committee, founding member of Anak ng Bayan party-list (Kabataan party-list) and once its 5th nominee during the 2013 election.

Gabin was arrested in Tolosa town, on June 8 along with her partner Alden Dagohoy by combined forces of the 802nd Infantry Brigade, Leyte Police Provincial Office, Tacloban City Police Office, and Tolosa Municipal Police Station.

They were arrested due to frustrated murder charges filed in Laoang, Northern Samar

Gabin said that as member of the communist group, her basic work is to educate and spread the propaganda work of the organization, and organizing in both schools and community. She was a student of University of the Philippine Tacloban Visayas Campus when she was recruited by the communist group.

Prior to the statement she forwarded to the Senate, Gabin also released a statement in September supporting to the National Task Force to End Local Communist Armed Con-

flict (NTF-ELCAC).

In the said statement, she stated that the Kabataan and Makabayan Bloc party-list are all CPP-led.

"Their tasks falls under the CPPs civil bureaucracy work whose goal is to destroy the Philippine government from within," she said.

This tasks includes proposing appropriate bills in favor to the CPP program, accessing congressional funds/budgets to fund the CPP program both in the cities and countryside, and alliance work and organizing of non-Makabayan congressmen and staffs.

"Itong statement ay karanasan ko po at wala pong nagpilit sa akin," she stressed on her video message to the Senate panel.

In his public address, Monday evening, President Rodrigo Duterte said that the government is not red-tagging the left-leaning Makabayan group as front organization of the CPP, describing them as communists.

Makabayan has six lawmakers currently seating in Congress, namely, Bayan Muna, Act Teachers, Gabriela, and Kabataan party-lists.

Leyte maintains MGCQ status for the month of December

PALO, Leyte – The province of Leyte is still under the modified general community quarantine (MGCQ) for the entire month of December.

Governor Leopoldo Dominico Petilla said that Leyte maintains the MGCQ classification for the month of December to combat or control the spread of the coronavirus disease (COVID-19).

Petilla, however, clarified that the MGCQ status for this entire month "may be shortened or extended depending on the recommendation of the Provincial IATF COVID-19, without prejudice to declaration of localized Enhanced Community Quarantine in local areas."

The governor explained that President Rodrigo Duterte in his announcement last November 30 on December quarantine classifications did not include

Leyte as one of the areas for GCQ.

President Duterte after his meeting with members of the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF-EID) made an announcement that the National Capital Region (NCR), Iloilo City, Batangas, Tacloban City, Iligan, Lanao del Sur, Davao City and Davao del Norte are under the GCQ.

The announcement of President Duterte added that the rest of the country is under MGCQ.

Petilla said that what the province has done for the MGCQ implementation of last month will just be carried out for this month.

He added that maintaining the MGCQ status of Leyte will have a positive impact on his province as it will help in the fast-economic recovery during the COVID-19 pandemic.

The governor added that the mechanisms that had been in place by the local government before will ensure that the economic activities will not be hampered while authorities continue to fight the spread of COVID-19 virus.

drive when tired and sleepy, and avoid texting and using mobile phone while biking or cycling,” Capungcol said.

In the region, among the local government units that enacted biking ordinance are the provinces of Leyte and Eastern Samar.

Eastern Samar has enacted the Bike Ordinance of the province in October that aims to promote health consciousness among its residents.

The ordinance requires all towns across the province to have their bike

lanes dedicated to all bikers and bike enthusiasts must always wear protective gear or safety equipment when doing the activity.

In Leyte province, the Bike Lane Ordinance of 2020, approved last month, mandates that all bike lane designs and sidewalks must comply with the design standard by the Department of Transportation and the Department of Public Works and Highways must also take account for the safety, social distancing measures, operating speed, volume and composition of traffic and the carriageway width of the road.

39 have recovered from the dreaded virus.

Meantime, the number of persons who died due to complications caused by coronavirus disease (COVID-19) in the region has now reached to 94.

On Thursday (Dec.3), health officials confirmed three new deaths from Samar provinces: an 80-year old man from San Antonio town in Northern Samar; an 86-year old woman from Villareal town in Samar; and a 37-year old man from Balangiga, Eastern Samar.

The two COVID-19 patients from Northern Samar and Samar provinces both died on November 30 while

the one from Eastern Samar died on Dec.2. He was said to be an employee of the local government unit.

Meantime, Balangiga Mayor Randy Graza issued an executive order on Wednesday declaring a border lockdown to end until Dec.16.

The measure aim to prevent further spread of COVID-19 in the historic town.

With the border lockdown imposed, only few would be allowed to enter the town like the governor and vice governor and members of the provincial board; and medical and humanitarian cases, among others.

Businessmen would

only be allowed to purchase their goods outside the town only once a week but need to secure a travel pass.

The town has recorded 15 COVID-19 cases.

In Baybay City, Mayor Jose Carlos Cari reported that among their new cases involved two medical health worker and a teacher who are now at their isolation facility.

The city mayor said that Baybay has now 57 total COVID-19 cases.

But despite of its increasing number, Cari assured his people that the increasing number of COVID-19 cases in the city is due to their extensive contact tracing activity wherein all close

contacts of positive persons are being swabbed.

He said that unlike some local government units, not all close contacts are being swabbed and were just quarantine for 14 days.

“(Our) situation here in Baybay is manageable and under control,” Cari said.

Meantime, the DOH reported that Eastern Visayas’ total COVID-19 cases now reached to 8,881 with 42 new cases.

The new cases were from Leyte with 35; three each from Samar and Eastern Samar; and one from Northern Samar. **(JOEY A. GABIETA/LIZBETH ANN A.ABELLA)**

5 jail personnel and one inmate of the Ormoc City Jail tested positive of COVID-19

ORMOC CITY- Five jail personnel and one inmate at the City Jail here were tested to be positive of the coronavirus disease (COVID-19).

This was disclosed by city jail warden Major Bernardino Edgar Cadmus who said that these individuals were swabbed on November 30 and December 1.

Cadmus said all the 39 personnel of the facility were swabbed of which five of them turned positive with the result released last Thursday (Dec.3).

The lone detainee who was tested of COVID-19 is a 33-year old man who is facing a murder case and been detained for more than four years.

He was said to be doing some errands which include assisting the jail nurse. Last Nov.26, he was said to be have experienced fever.

All six are now at the jail’s isolation facility located in Barangay Alta Vista.

Nine detainees also underwent swabbing and

three of them said to have experienced slight fever. All of them were also transferred to the isolation home at the jail that is accredited by the city.

One of the five personnel who tested positive had fever during the time when swab samples were taken and became well before the results came out.

All of them are now asymptomatic and a jail duty nurse monitors their condition, according to the jail warden.

Camus said inmates showing symptoms were prioritized to undergo the swabbing.

The swabbing of jail personnel and inmates were done as a requirement prior to a jail activity that was held last November 28 which includes a re-echo of the seminar he attended in the region.

“The jail stopped accepting visitors since March 20, 2020. Since then, change of guards is made every 21 days. The incoming jail guards are required to undergo rapid

test a day before reporting to duty based on the local government unit protocol”, Camus said.

Electronic dalaw or E-dalaw has been set up instead to continue connecting the family and the prisoners in monitoring their cases and hearings.

The rapid test is the final requisite upon reporting for work. To ensure safety, health documents issued to each personnel prior to duty are also scrutinized by the regional Covid Task Force from the regional jail headed by Lt. Col. Mary Joyce Abar, the warden said.

The detention has been practicing the standard protocols of physical distancing and proper wearing of masks though.

Regular disinfection at detention facility has become more intense now starting on November 28. All inmates were provided with alcohol, masks and hand towels. Prison’s indoor activities were quickly deferred.

Amid gloom of COVID-19

Eastern Samar town unveils Christmas village competition

TACLOBAN CITY - Eleven villages from the town of Dolores in Eastern Samar are competing for the best entry for the “Balay ha Barangay” a Christmas village competition.

All Christmas-themed entries are displayed at the town plaza.

Residents of the municipality had constructed replica houses that are made 20 percent from recycled materials and other materials that can be found in their community, employing their creativity for their aesthetic pleasing.

The house replicas represents a Christmas village are well lighted with Christmas lights and adorned with different types of Christmas decorations.

“This Balay ha Barangay is a competition,” said town councilor Jorald Rivera who chairs the committee on culture and the arts, and tourism, trade, and industry.

Those who will win will receive P1 million for the first prize; P700,000 for the second prize, and P500,000 for the third prize.

“But they will not receive money as prize. Instead it is a project of their choice worth the amount that they have won which will be given to them,” Rivera clarified.

Holding a Christmas village competition is a way for the local government

unit headed by their mayor Shonny Niño Carpeso to provide the residents enjoyment to lessen their burden on the effect of the coronavirus disease (COVID-19) pandemic and at the same time celebrate the spirit of Christmas even in this difficult time.

“Our theme for this celebration is “Renewed Hope for a Brighter Tomorrow,” so at least even in this most trying times, we will be celebrating Christmas

amidst this uncertainty of the situation brought by COVID-19,” Rivera said.

“People will see the positivity that we still have reasons to celebrate, to be thankful and to look forward and feel the spirit of this yuletide season. This glittering display will somehow forge a strong image to us that there is hope,” he added.

To ensure that the COVID-19 protocols are followed, the LGU had laid down precautionary measures during the planning.

Limited number of guests or onlookers or at least 50 people are allowed to enter the plaza at the same time will be allowed to see the village at a particular and they must maintain proper physical distancing and wear masks and face shields.

“There are also caretakers who are guarding each house to ensure that the proper protocols are observed because our main purpose here is not to spread the virus but to instill hope and put a smile on the faces of our people despite of what we are going through,” Rivera said.

The Christmas village will be on display until the celebration of Three Kings.

Dolores town has three cases of COVID-19 which were all recorded in August.

“*Section 16, Rule 14 (on Summons) of the Rules of Court (as amended) provides:*
Section 16. Service upon defendant whose identity or whereabouts are unknown. – In any action where the defendant is designated as an unknown owner, or the like, or whenever his or her whereabouts are unknown and cannot be ascertained by diligent inquiry, within ninety (90) calendars days from the commencement of the action, service may, by leave of court, be effected upon him or her by publication in a newspaper of general circulation and in such places and for such time as the court may order.
Any order granting such leave shall specify a reasonable time, which shall not be less than sixty (60) calendars days after notice, within which the defendant must answer.”
“*Since petitioner could not be personally served with summons despite diligent efforts to locate his whereabouts, respondent sought and was granted leave of court to effect service of summons upon him by publication in a newspaper of general circulation. Thus, petitioner was properly served with summons by publication.*” (Santos, Jr. vs. PNO Exploration Corporation, G.R. No. 170943, September 23, 2008)
On July 5, 2020, Plaintiff Republic of the Philippines, represented by the Department of Public Works and Highways (DPWH) through the Office of the Solicitor General filed an Ex-Parte Motion for Leave of Court to Serve Summons by Publication.
The Motion is anchored on the ground that per Sheriff’s Return of Service, despite diligent efforts to serve Summons to herein Defendant, attempts proved futile.
On October 2, 2020 videoconferencing hearing, the Ex-Parte Motion for Leave of Court to Serve Summons by Publication with Manifestation and Motion to Admit was submitted for the resolution of the Court.
Notably, attached to the Motion is an Affidavit executed by Director Nerie D. Bueno, Regional Director, Department of Public Works and Highways, Region 8, Palo, Leyte stating among others the diligent efforts the Office has exerted to give notice to herein Defendant as there is no occupant in the subject property nor it has solicited useful information that could possibly help in locating the same Defendant.
Noteworthy is the factual narration deduced from the Affidavit and the documents found on record is hereto enumerated as follows:
1. In March 2017 prior to the filing of the Complaint, team members of the DPWH RO VIII, HRTEP Office went to the area subject of the appropriation to locate

the said owner- no occupant was observed. Upon inquiry with random residents near the said property, no useful information has been solicited which could possibly help them in locating Defendants;
2. In the Sheriff’s Return of Service dated July 18, 2019, Sheriff Danilo Obediencia certified that he made an attempt to serve Summons to herein Defendant at the address given in the Complaint but was not served as no one knows the identity of herein Defendant; and
3. In the same return, it revealed that on July 16, 2018, Hon. Leo S. Bahin, Punong Barangay of Barangay 87, San Jose, Tacloban City, the given address of the Defendant issued a Certification that per recent survey conducted by the Barangay Service Point Officer (BSPO), Defendant Canuto Abres is not a resident of the said Barangay.
Gleaning from these narration, the Court is convinced that, indeed, herein Plaintiff made diligent efforts to give notice to herein Defendant even before the Court took efforts to effect valid service of Summons to the same Defendant, but all of which proved to no avail.
Hence, the Court finds Section 16, Rule 14 of the Rules of Court (as amended) favorably availing in this instance:
“*Section 16. Service upon defendant whose identity or whereabouts are unknown. – In any action where the defendant is designated as an unknown owner, or the like, or whenever his or her whereabouts are unknown and cannot be ascertained by diligent inquiry, within ninety (90) calendar days from the commencement of the action, service may, by leave of court, be effected upon him or her by publication in a newspaper of general circulation and in such places and for such time as the court may order.*
Any order granting such leave shall specify a reasonable time, which shall not be less than sixty (60) calendar days after notice, within which the defendant must answer.”
This matter is abundant in jurisprudential anchored, as in the case of Santos, Jr. vs. PNO Exploration Corporation (G.R. No. 170943, September 23, 2008), the Court ruled:
“**Section 14, Rule 14 (on Summons) of the Rules of Court provides:**
SEC. 14. Service upon defendant whose identity or whereabouts are unknown. In any action where the defendant is designated as an unknown owner, or the like, or whenever his whereabouts are unknown and cannot be ascertained by diligent inquiry, service may, by leave of court, be effected upon him by publication in a newspaper of general circulation and in such places and for such times as the court may order. (Underscoring supplied)
Since petitioner could not be personally served with summons despite diligent efforts to locate his whereabouts, respondent sought and was granted leave of court to effect service of summons upon him by publication in a newspaper of general circulation. Thus, petitioner was properly served with summons by publication.” (Santos, Jr. vs. PNO Exploration Corporation, G.R., No. 170943, September 23, 2008)
Moreso, that the requirement of the Rule in attaching thereto an Affidavit stating the

meritorious grounds of having exerted diligent efforts of effecting personal service of Summons was duly complied by the Plaintiff in this case.
WHEREFORE, premises considered, the **Motion for Leave to Issue Summons by Publication** is hereby **GRANTED**.
Thus, let **Summons** be published once week for three (3) consecutive weeks in a newspaper of general circulation in Tacloban City and in the Province of Leyte. Likewise, let a copy of the summons and this Order be furnished to Defendant **CANUTO ARBES** by registered mail to his last known address, all at the expense of Plaintiff.
Defendant Canuto Arbes is hereby ordered to file his Answer within Sixty (60) calendar days after notice thereof.

Residents are still required to wear face shields while riding public transportation or whether inside any enclosed establishment within the city.

However, certain protocols or measures may be modified accordingly depending on the current situation of the city. The movement of the residents in Tacloban shall be limited to accessing essential goods and services and for work in the offices or industries permitted to operate by the IATF. The provision for the mandatory use of QR code under scan system shall continue to take effect. As of Friday, Tacloban has 1,066 total cases of COVID of which 16 of them have died and 43 active cases. (LIZBETH ANN A. ABELLA)

Rep. Noel says he is hopeful that Yolanda survivors still at danger zones will be relocated as promised by Human Settlements Sec. del Rosario

TACLOBAN CITY- Rep. Florencio ‘Bem’ Noel of the An Waray party-list group said that he remains confident that families who remain settled in areas described as danger zones would be relocated to safer housing projects promised to them by the government. Noel made this assertion after he questioned Sec. Eduardo del Rosario of the Department of Human Settlements during his confirmation by the Commission on Appointments. According to the solon, he made it known to del Rosario of his dismay that there are still thousands of families who lost their houses due to the onslaught of super typhoon ‘Yolanda’ living in areas now considered as danger zones. “He made a promise that he will deliver. We will charge him for that,” Noel said.

Rep. Florencio ‘Bem’ Noel’

Rep. Noel admitted that considering that the national government through del Rosario’s office will be fully occupied in providing housing units to families displaced due to the war in Marawi City and the series of typhoons like in Bicol Region, Yolanda survivors might be neglected. “While I understand that they will provide housing units to Bicol (for families who lost their houses due to typhoon Rolly), An Waray will always remain to sup-

porting our own Warays who until now have yet to receive their own housing unit seven years after Yolanda’s onslaught,” the solon said. Here in Tacloban, the city government under Mayor Alfred Romualdez has also called on the National Housing Authority (NHA) to turn over the completed housing units located in the different resettlement sites to the city government so these could be occupied by families still living in danger zones. As of October 28 records of the City Housing and Community Development Office, out of the 12,793 housing units constructed by the NHA, 11,173 were awarded and of which 7,170 were said to be actually occupied by the beneficiaries. 25 parents of child laborers in Maasin City receive starter kits from DOLE

MAASIN CITY- In a simple ceremony held at the Maasin City gym lobby, the Department of Labor and Employment (DOLE) turned-over starter kits to 25 parents of child laborers. Dahlia Gabriela, Labor Extension Officer II, said the distribution of starter kit tools and materials is under the Child Labor Prevention and Elimination Program (CLPEP) of DOLE with an allocation of P371,800 for Maasin City alone, Gabriela said. “DOLE appropriated around P699,000 for Southern Leyte province,” she added. The identification of

beneficiaries was based on DOLE’s data collected from the survey and evaluated by their office, it was learned. The starter kits include livelihood package for food processing, carpentry, welding, vulcanizing and sewing, Gabriela said. In behalf of DOLE, Gabriela quoted Provincial Director Marites Z. Viñas who was grateful for LGU’s support in all of their programs, in which Maasin City is an accredited partner. The CLPEP is aimed to take away children from child labor activities particularly in its worst forms. The program also contributes to the Philippine

Program Against Child Labor as one of the national interventions for preventing or eliminating child labor throughout the country. The turnover ceremony held on November 18, 2020 was attended by DOLE PD Viñas, Mayor Nacional V. Mercado, Ms. Gabriela, and other DOLE and city officials and personnel. (Idl/rgc/PIA8-SoLeyte)

The willingness... ...from Page 4

giving the beloved what is objectively good for both of the lover and the beloved. There is a kind of unification between the two that is based on what is objectively good for both. We have to train ourselves to develop this kind of love. And we can use the usual conditions, concerns and circumstances in our daily dealings with others to develop that kind of love. Whenever some

differences and conflicts occur among ourselves, we should be willing to suffer for the others, bearing their burdens, even if we also try to sort out and settle these differences and conflicts as peacefully and charitably as possible. This willingness to suffer should be an active thing,

not a passive one, waiting for suffering to come. We have to look for the opportunities to suffer. That would be a real proof that we are truly in love. What is more, such attitude would help us in protecting ourselves from temptations, sins and all other forms of evil!
