# Archbishop Du appeals to public: get jabs

JOEY A. GABIETA

**TACLOBAN CITY-** Archbishop John Du of the Archdiocese of Palo appealed to the public to get the vaccine against coronavirus disease (COVID-19).

The prelate made this call during his homily as he presided the Pontifical Mass on Wednesday (June 30) for this city's 132nd annual fiesta at the Santo

Niño Church.

Archbishop Du disclosed that he has already completed the two doses though he did not reveal when he received the vaccine except to say that he got it through the help of Tacloban City Mayor Alfred Romualdez.

"Don't be afraid to get the vaccine. I am done with my second dose, thanks to the city government, of Mayor Romualdez," he said.

"Of course, we believe in God but God said that we will help you but you have to help yourself also. Don't see Archbishop/page 3...

## HRET junks motion for reconsideration filed against Rep. Javier

TACLOBAN CITY – The motion for reconsideration filed by former congressman Henry Ong at the House of Representatives Electoral Tribunal (HRET) against incumbent Representative Lolita Javier of Leyte's second congressional district was denied due to lack of merit.

This was decision of the body to the motion for reconsideration filed by Ong in March 29, 2021 after the HRET in a resolution dated February 11, 2021 voted 8-0 in favor of Javier for insufficiency of evidence.

The notice from HRET issued through Resolution No. 21-075 dated May 20, 2021 was released to the media last week.

The tribunal noted that in the motion for reconsideration Ong continues to accuse Javier of making an untruthful declaration in her certificate of candi-

dacy (COC) that she was a registered voter when in fact, the Election Registration Board (ERB) had yet to rule on her application for registration when she filed her certificate of candidacy.

However, the tribunal said Ong's motion for reconsideration was lacking of merit.

Javier filed her application for voter registration in September 7, 2018 and got approved on October 25, 2018. She filed her COC on October 17, 2018 eight days before her application for voter registration was approved.

"The prescribed form of the Commission on Elections (Comelec) for COCs even bears an option for the candidates to declare 'I will be a registered voter' – a fact which is mentioned and admitted by the petitioner in his pleadings," the resolution states.

## Eastern Samar town can now run its own pharmacy under 'Botika ng Bayan' program of the DOH

TACLOBAN CITY – The town of Can-avid in Eastern Samar is soon to have its own pharmacy for easy access of medicine supplies among its constituents.

Mayor Gil Norman Germino expressed his gratitude to the Department of Health (DOH) for granting his request saying the creation of a pharmacy to be run by the municipal government will be beneficial to his people who will be needing their medicine needs.

By approving the re-

quest, DOH Regional Director Dr. Exuperia Sabalberino said that the LGU has granted the application as they have qualified for such program.

The request of Can-avid to have its own pharmacy is in line with the DOH's 'FOURmula One Plus Botika ng Bayan (F1+BNB)' program.

F1 Plus BNB mainly targets government primary health facilities including the Rural Health Units (RHUs) and Health Centers (HCs) in order to upgrade pharmacy services at the

primary care level and become government operated pharmacies.

"In support of this endeavor, we would like to inform you that we are ready to deploy a licensed pharmacists under the Pharmacists Deployment Program and Administrative Assistant III (Pharmacy Assistant) to your health facility which is one of our commitment to help you in the implementation of the said program," Sabalberino said.

The deployment of a pharmacist from the DOH-8 will run for few years of the implementation or will depend to the availability of fund.

Can-avid has 20 villages with more than 20,000 population.

Other areas in the region with Botika ng Bayan are Catbalogan City and Daram town both in Samar, Arteche in Eastern Samar, and San Antonio in Northern Samar, Maasin City and the towns of Limasawa, San Francisco and Hinundayan all in Southern Leyte, and MacArthur and Hilongos, and Baybay City in Leyte.

## Police trainee dead after 'graduation run' at PNP-8 training center

TACLOBAN CITY- A police trainee died just after he and other trainees were having their graduation run at the Regional Training Center based in San Jose district, this city, on Wednesday (June 30).

Kit Adrian Balais was declared dead at 1:30 pm by his attending physician at the Leyte Provincial Hospital, based in Palo town, Leyte.

Based on the report reaching the regional headquarter of the Philippine National Police (PNP), also

in Palo, Leyte, Balais and other police trainees were having their 21K graduation run which started at 5:25 am and ended at 7:50 am.

Four other trainees, Alro Melvin Ardivilla, Japhet Sulibaga, Neil John Barcellano and Mark Joseph Petagara also collapsed and became unconscious.

A school nurse initially conducted assessment to the five police trainees who were immediately brought to the Regional Health Service, located inside the regional police headquarter,

for immediate medical attention, and later transferred to the Leyte Provincial Hospital.

However, Balais was declared dead by Dr. Evelyn Mejia at 1:30 pm with other police trainees still confined at the hospital for treatment.

Investigation is still underway as to what could be the immediate cause of the death of Balais, who was a native of Barugo, town, also in Leyte.

Around P1.2 million was allocated for the CAMP, wherein 257 workers in private establishments benefited from the said program.

Each received a one-time financial aid equivalent to P5,000. The allocation is pursuant to the Bayanihan to Recover as One Act (Bayanihan 2).

Meantime, a check, amounting to P243,750,

was handed over to barangay chairwoman Melba Villalino, on behalf of the 50 TUPAD worker-beneficiaries of Brgy. 89 during the ceremonial payout held at the City Engineer's Office (CEO) Gym.

The beneficiaries will be receiving a total salary of P4,875— for their 15-day community maintenance work—which was funded through the efforts of the Majority Floor Leader and Leyte 1st District Representative Martin Romualdez and Tingog party-list Rep.

Yedda Romualdez.

Also present during the turnover of wages was PESO Manager Emilia Cruz together with representatives from the Department of Tourism and Tingog Sinirangan party-list.

## NHA reports of 90 percent completion of Yolanda housing projects in the region

TACLOBAN CITY-The National Housing Authority(NHA) here in the region said that they are on target of finishing the mandated delivery of more than 63,000 housing units intended for families who totally lost their houses when Super Typhoon 'Yolanda' pummeled the region almost eight years ago.

Constancio Antiniero, NHA regional manager, said that as of Tuesday (June 29), out of the 63,343 housing units requirements, about 52,165 have been constructed of which 41,967 are fully completed with the remaining 10,198 housing units in 'different stages of completion.'

"We can say that here in Eastern Visayas, we are around 85 to 90 percent of completion out of our mandated target of 63,343 housing units," he said in a phone interview.

"The commitment of the NHA is we will be completing all the Yolanda housing projects before the end of present administration," Antiniero said.

He, however, said that the pandemic caused by coronavirus disease (COVID-19) has somehow affected their performance.

"We just experienced a slowdown in our project

because of the pandemic which resulted to localized lockdowns and the transport of logistics has affected," Antiniero said.

He said that these housing units are being turned over to the local government units once the projects are completed and ready for occupancy.

In Tacloban City, for example, out of the requirement housing units of 15,058 units, 13,528 are already completed, the NHA official said.

The housing projects in the city are spread on 17 locations which are all at the northern portion of the city, considered to be the ground zero of Yolanda's wrath.

He also said that of these housing units, 12,024 are occupied by the beneficiaries as identified by the City Housing Board which is chaired by Mayor Alfred Romualdez.

Antiniero said that while the housing units are completed, there are still housing units that remain unoccupied.

These could be due to lack of water supply or the housing board of the locality are still in the process of identifying real beneficiaries to avoid any possible duplicity of beneficiaries, he said. **(JOEY A. GABIETA)**

say that God will take care of me; He will protect me. If you are exposing yourself to danger and you are not careful, the Lord will say that you are careless," Du added.

He particularly asked the medical workers and frontliners, those with existing illnesses, and seniors to get the vaccine.

"Have faith. Our government is working very hard for our own welfare; for our own good. We have to cooperate," Archbishop Du said.

Tacloban City has been experiencing a surge of COVID-19 for the past weeks now with its current case now stand at 3,851 with 47 new cases as reported by the Department of Health (DOH) on Wednesday.

Mayor Romualdez has repeatedly called the Taclobanons to always follow all the minimum health protocols as the best way to fight the infection.

He insisted that no form of quarantine could help slow down the infection if the public will not follow the protocols being imposed by the DOH.

"It (boils down to) discipline of our people," Romualdez said.

Meantime, Ormoc City has received the Gamaleya Sputnik V vaccines on Thursday (July 1), the only local government unit in the region to be provided with such vaccine.

The Department of Health (DOH) in the region said that it was the national task force against COVID-19 which identified Ormoc to be the recipient of the 2,400 doses of Gamaleya Sputnik V.

Ormoc City was also the only local government unit in the region to receive 1,170 doses of Pfizer last June 22.

Jelyn Lopez Malibago, DOH regional information officer, said that the Russian-manufactured vaccine will be administered for A1 to A3 or for the frontliners, senior citizens and with comorbidities.

Ormoc City Mayor Richard Gomez earlier expressed his gratitude to the DOH for providing them additional vaccines other than the Sinovac and AstraZeneca.

"They have seen our preparation and inoculation structure as well-laid out," he said in a statement.

Based on the DOH, 14,842 individuals in Ormoc City have been inoculated of which 3,383 of them receiving the second doses.

The city, just like in some areas in the region, is seeing a spike of COVID-19 cases.

At present, 1,681 total COVID-19 cases with 11 new cases logged on Thursday. The city posted 30 deaths due to COVID-19 complications.

Meantime, the total COVID-19 cases of the region has breached the 30,000 mark on Thursday since the start of the pandemic last year with 268 fresh cases as reported by the DOH.

As of Friday(July2), the region has now 30,571 total cases of 27,809 considered as recovered and 2,372 as active cases.

The total deaths of the region since the start of the pandemic is now at 390.

## Road concreting in Brgy. Bagong Sabang San Jose, Northern Samar now completed

CATARMAN, Northern Samar--To provide better access road to the local residents, the Department of Public Works and Highways Northern Samar First District Engineering Office has now completed the concreting project in Brgy. Bagong Sabang in the municipality of San Jose Northern Samar.

Said project amounting to P4.8-million is a road concreting of 0.334 lane kilometer of PCCP (w=3.05m, thk. =230mm) which includes Grouted Riprap of 123.02m length on the left side and Concrete lined Canal of 70.01m length on left side.

Prior to the realization of the project, local residents were experiencing difficulties in passing through the road section especially

mento na malaking tulong samin,bukod sa maganda na, mas napabilis na ang aming pagpunta sa bayan" Brgy. Chairman Montano C. Haylo said.

With the completion of said project, residents can now utilize and experience a more conducive travel going to the town proper and its adjacent barangays.

Farmers residing in the said area are now able to deliver and transport their farm products faster and hassle-free. The village has a population of more than 500 residents with farming as their main livelihood.

Its implementation started last March 23, 2021 and was completed June 2021, one month ahead of schedule.

# Necropolitics

In the post-Marcos era, a new political strategy emerged, which is rather tragic but eventually proved itself to be highly effective—that's the obvious utilization of a "sacrificial Lamb" whose demise touches the hearts of sentimental Filipinos into voting the recipient political aspirants into victory.

Its observation has been widespread in social media lately, and people call it necro-politics. Accordingly, in the past decades, Filipinos had been easily hooked by it, soft-hearted as they are. They mourn for the dead, and as a result of their sympathy for the bereaved, they would give their support especially in the form of votes.

Unknown to people, the political technicians behind this strategy were just riding on the "sacrificial lamb" and at the same time exploiting their sentimental tendency. And so, over the next de-

cadecades, the strategy had been repeated and recycled, apparently on purpose based on situational events.

Of late, however, when the politicians using this modus surfaced again utilizing the late President Noynoy Aquino for the purpose, many netizens reacted, especially when they learned that several days before he died, he was surprisingly abandoned and neglected, with no medical support, without medical personnel attending to him, which is rather surprising for a former head of state to experience.

In a way, we owe it to social media that information nowadays could be free-flowing for good. We get to know several sides of stories, not just dictated by scripted narratives that faceless people feed our minds with. Gone are the days when emotions merely dictated our votes. This time, we have to rely on reason, using our minds to carefully assess facts.

## Why we miss the patron!

Ever wonder why people miss the fiesta?

For what it's worth, the fiesta of old had become a dreaded thing of new. The IATF (Inter-Agency Task Force for the Recovery of COVID -19) together with

the Local Government Unit had made executive orders banning and even outlawing the said staple event. Fines ranging from Php. 2,500 (approximately 50 US Dollars) per person and Php. 5,000.00 per

household. The gathering or congregating of individuals is deemed illegal. The innate inclination of men to be sociable are curtailed due to the on-going Pandemic. Spreading the virus had become the culprit of the non-abating nor down trending of the COVID 19 cases.

However, Tacloban our highly urbanized city, a home to thousands of us, had unceremoniously allowed the Fiesta of Sr. Sot. Niño just passed its fest day. Except for the sentimental *Prusisyon*, the on-line Fundemic and a few other events, it was rather uneventful. The dull and simple mundane day passed.

Ever wonder why people miss the fiesta?

The reason lies in the vivid old memories of laughter, fun, amazing events which came about on the days leading to the fiesta. The answer lies in the relatives and friends sharing a sumptuous meal and looking back the past together. The people miss the fiestas because of the colors it brings, the shopping opportunities, and the business opportunities. The conspicuous absence of high caliber entertainment and the awe inspiring trade fairs and the supposed political aspirants creating events to

DOST Usec.Guevara's  
apprehensions answered

Early last week, DOST Usec Rowena Guevara, in a press statement when asked what keeps the Philippines from joining in the manufacture of Covid - 19 vaccines challenge, her quick response was that "We do not have the (appropriate) Technology" for such an undertaking. On the hindsight, she, however she did not mention about four company's who could be sources of the vaccine-making technology.

The four pharmaceutical firms now identified as Glovax Biotech, United Laboratories, Inc., (U.L.),

IG/IP Biotech, and Dr. Zen Biotech, Inc. Of these, Glovax Biotech looks to start its "fill and finish" operations for vaccine manufacturing by October next year according to Mr. Giovanni Alingog, President and Chairman. His firm has just signed a \$7.5 billion agreement with a South Korean vaccine manufacturer Bubiologics for the local production of Covid - 19 vaccines. Filipino tycoon Manuel V. Pangilinan pledged financial support as start capital. The vaccine manufacturing laboratories will be located in Clark, Pampanga.

Commentary

Faith needed for miracles  
to happen

WE have to be clear about this point. For miracles to happen, especially the most important one which is our own salvation that involves the forgiveness of our sins, faith is needed. This was dramatized in that gospel episode where Christ was presented with a paralytic lying on a stretcher. (cfr. Mt 9,1-8)

"When Jesus saw their faith," the gospel narrates, "he said to the paralytic, 'Courage, child, your sins are forgiven.'" Christ said this before he went to cure the man of his paralysis. He cured the man to prove to the unbelieving Jews that he was truly the Redeemer, and as such can do extraor-

Meanwhile, U. L. may begin its own 'Fill and Finish' operations by 2023 once the partnership is concluded per report of the Department of Trade and Industry (DTI). The firm plans to export vaccines to other Asian countries.

For its part, IG/IP has interests in the production of Covid - 19 vaccines, as well as Influenza multivalent vaccines and pneumococcal polyvalent vaccines. It plans to enter into an MOU with the Board of Investments and with the National Development Company "for investment facilitation".

The 4th firm, Dr. Zen Biotech, expects production of second generation recombinant vaccine for Covid - 19, monoclonal antibodies and general injectables with the "project cost at \$20 million each for the first and phases."

This firm, operational in 2022, 'fill and finish' laboratories shall be located in First Bulacan Industrial

see DOST /page 7 ...

dinary cures. And he cured the man precisely because of their faith, that is, their belief that Christ was truly the expected Redeemer.

Nowadays, many people claim that miracles do not happen anymore. They say miracles only took place in the distant past, the time of the gospel when Christ went around in the land of Judea and Galilee. But now, miracles are considered obsolete, if not an anomaly.

This is like saying that Christ, the son of God who became man, has ceased intervening in our lives, that he was purely a historical man, subject to time and space, and that after death, he is simply no more, completely wrapped in the spiritual world, if ever that exists, and that he has no immediate and tangible impact on our lives.

The problem we have is that we lack faith. It is this deficiency that disables us to see a deeper and richer reality that is beyond what we simply see, touch and understand. It is this deficiency that prevents us from asking for some miracles in some difficult situations we can find ourselves in, and from experiencing them.

Remember that time when Christ was pursued

by two blind men (cfr Mt 9,27-31). They shouted, "Lord, have pity on us." But Christ asked them if they have faith. "Do you believe that I can do this?" "Yes, Lord," they immediately replied. Then Christ told them, "Let it be done to you according to your faith." And they were cured.

In all the other miraculous cures narrated in the gospel, faith plays a very crucial role. The woman who was cured of her hemorrhage was also commended by Christ because of her faith. "Be of good heart, daughter, your faith has made you whole..." (Mt 9,22)

The same with the blind man, Bartimaeus, and the father of the possessed boy who in his great distress told our Lord earnestly, "I believe, but help my unbelief."

Besides the lack of faith, many of us have come to associate miracles with big, extraordinary things. Unless a blind man sees again, or a lame starts to walk, or a dead rises to life again, people nowadays say there can be no miracles taking place.

It is faith that lets us enter into the spiritual and supernatural world and see many miracles around. It brings us to share in God's wisdom and power. Remember those stirring words of Christ: "If you have faith as a grain of mustard seed, you shall say to this mountain, Remove from there, and it shall remove, and nothing shall be impossible to you." ((Mt 17,20)

Without faith, in spite of our keenest intelligence, we will miss much of the more important aspects of our life as we would only be restricted to the here and now, the material and the temporal.

**Seen to boost awareness among public importance to the environment**

## Bamboo nursery demo farm to be constructed in Palo town

TACLOBAN CITY-A 200 square meter bamboo nursery demo farm that will showcase different bamboo species and propagation facilities is to rise at the CENRO Palo compound in Barangay Candahug, Palo, Leyte.

The establishment of the bamboo nursery demo farm came about after the Community Environment and Natural Resources Office of Palo and the MacArthur Iron Projects Corporation (MIPC) entered into a memorandum of understanding in support of the Enhanced National Greening Program (ENGP) of the Department of Environment and Natural Resources (DENR).

Based on the agreement, CENRO Palo will provide the construction area, technical assistance, and administer the operations of the nursery with the MIPC to provide funds for the establishment of the nursery, purchase of equipment and planting materials, and tap technical experts to assist in nursery operations.

“Our bamboo nursery demo farm will serve as training ground for our upland farmers and ENGP partners in Region 8. Its presence will increase the awareness of the community about the numerous benefits of bamboo, especially as an alternative to wood to increase forest cover”, CENRO Crisosto-

mo Badeo said.

DENR Regional Executive Director Tirso P. Parian, Jr. is grateful for the support of the MIPC in this endeavor.

“Our partnership with MIPC is true to our “Tayo ang Kalikasan” advocacy. This is one of the many ways in which the different organizations can contribute in our efforts to protect our environment and natural resources,” he said.

DENR Secretary Roy A. Cimatu earlier has expressed his aim to increase the production of bamboo to serve as an alternative for

wood as it is considered to reduce the need for timber resources, help in carbon sequestration, biodiversity conservation, and rehabilitation of degraded lands.

Considered as an important commodity under the ENGP, the bamboo nursery is expected to help DENR here in the region accomplish its targeted bamboo plantation under said program.

This year, DENR 8 is set to produce 39,768 seedlings of bamboo and establish a total of 195 hectares bamboo plantation. **(RESTITUTO A. CAYUBIT)**

## USAID launches P1.6 billion project to promote clean energy in the Philippines

MANILA- The U.S. government, through the U.S. Agency for International Development (USAID), launched on June 28 its flagship project to support a more competitive, secure, and resilient Philippine energy sector.

The five-year, P1.6-billion (\$34 million) Energy Secure Philippines (ESP) project will promote the country's key energy sector priorities and support its climate mitigation goals.

U.S. Embassy Chargé d'Affaires John Law joined USAID Philippines Acting Mission Director Sean Calahan and Philippine Department of Energy (DOE) Secretary Alfonso Cusi for a virtual Memorandum of

Understanding signing.

Also present to witness the event was Energy Regulatory Commission Chairperson Agnes VST Devanadera.

Through the ESP Project, the U.S. will work with Philippine government and private sector partners to improve the performance and efficiency of energy utilities, deploy renewable energy systems, enhance competition in the power sector, and address energy sector cybersecurity.

The U.S. government will also mobilize more than P36 billion (\$740 million) *see USAID /page 12 ...*

get mileage.

Ever wonder why people miss the fiesta?

It is because, Fiesta is a barometer of verve, a measure of life. A chance to show hospitality, an opportunity to give love and find love.

Indeed, we missed these things a few days back. And now we must go back to the usual stress inducing news of Covid 19 count, political squabbles and changing protocols. This is the life we had and is having, here and now.

We miss the fiesta so much and we pray it will come back to us.

## Barangay road in Allen N. Samar now completed

CATARMAN, Northern Samar-The Department of Public Works and Highways Northern Samar First District Engineering Office has now completed the P1.4-million road concreting project in Brgy. Guinarawayan, Allen Northern Samar.

The project includes road concreting and opening of 0.299 lane kilometer length of PCCP (w=2.00m, thk=230mm), with concrete head walls

of 149.5 m length on the right side.

The completion of

the project will provide smooth travel leading to the mountain side with overlooking view to the sea. This road improvement will boost to the growth of local economy.

The said project was started last March 17, 2021 and completed on April 30, 2021 under DPWH General Ap-

propriation Act of 2021. **(ANALIZA A. PABIA, PIO ALTERNATE)**

## Top cop in Southern Leyte dies due to COVID-19 complications

TACLOBAN CITY-The chief of police of Saint Bernard in Southern Leyte died due to coronavirus disease(COVID-19) complications last June 30.

This was confirmed by the Southern Leyte Provincial Police Office (SLPPO) in a post on its social media account.

Police Lt. Mario Lumayno, 48, died at around 11 pm on June 30 while confined in a hospital in Sogod town, also in Southern Leyte, the report said.

His remains were cremated and now at their residence in Sogod.

Lumayno assumed his post last Feb. 20, 2020.

Accordingly, he first experienced flu-like symptoms on June 23 and was swabbed on June 27 with the positive result coming out the next day.

The entire police station of Saint Bernard, composed of around 40 police and non-uniformed personnel, was placed under lockdown on June 25 upon the recommendation of Dr. Karen Villanueva.

“In behalf of SLPPO, we would like to extend our deepest condolences to the bereaved family of PLT. Lumayno. SLPPO assures to extend whatever assistance it can to ease up the burden,” Police Col. Dante

Novicio, police provincial director, said in a statement.

Novicio renewed his appeal to the public to refrain from attending mass gatherings to avoid contracting the virus.

“We would also like to encourage the public to join the vaccination efforts of the government,” he said.

Novicio has yet to announce who will take the post vacated by Lumayno.

Saint Bernard has 178 total COVID-19 cases of which 53 are considered as active and with three deaths.

THAT as published in an earlier issue of this Column, the PDP-Laban Secretary-General Atty. Melvin Matibag announced that “the President's term in the PDP-Laban is only good for Two (2) years”?

THAT this is the reason for the scheduled PDP-Laban NATIONAL ASSEMBLY on 17 July

# E. Visayas dev't council to set up online project monitoring tool

TACLOBAN CITY – The Regional Development Council (RDC) is eyeing the creation of an online Eastern Visayas project monitoring system (PMS) for a more convenient way to check the status of government projects in the region.

National Economic Development Authority (NEDA) regional director Bonifacio Uy said in a phone interview Thursday that members of the small group on the creation of the PMS met on June 3 to discuss plans on setting up the web-based system within six months.

Data will mainly be used by members of the Regional Project Monitoring Committee, the RDC's project monitoring arm responsible for the monitoring and evaluation of priority programs and projects implemented in the region, particularly those that are encountering implementation bottlenecks and projects that are worthy of replication.

Currently, national government agencies based in Eastern Visayas have been submitting project status reports by sending hard copies to NEDA, which is the RDC secretariat. The data is then encoded by NEDA staff to be shared with RDC members.

“The RDC in Region 8

is currently exploring the creation of its own PMS system to serve as a venue for more participative monitoring and evaluation system. Eventually, the system is envisioned to improve the transparency and accountability in the implementation of government programs and projects, and ensure easy public access to information on the accomplishments of the government,” Uy said.

Patterned after the PMS system established by the RDC in Region 4-A (Cala-barzon), the region is eyeing to set up the process within six months using web files of the model region for configuration and customization, as a starting point in developing the Region 8 PMS.

RDC Region 4-A launched its PMS in 2016 as a web-based application for the submission of regional project monitoring and evaluation system reports of agencies.

# Rep. Noel says he is willing to extend support on Rep. Romualdez possible VP candidacy

TACLOBAN CITY- An Waray party-list Rep. Florencio ‘Bem’ Noel has expressed his support on the possible vice presidency run of Leyte Rep.Ferdinand Martin Romualdez.

He, however, was quick to stress that he would only support Romualdez if there is no other candidate for the vice presidency whose roots is from the region.

Romualdez was earlier named by President Rodrigo Duterte as his vice president candidate though he has an apparent change of heart saying he might just consider the possibility of running the second highest elective post in the country in next year’s elections.

“(Rep. Romualdez) is qualified to run and is a lawyer. If nobody else from our region runs for the vice presidency, I will support

him,” Noel said.

“I guess we should be happy someone is running and taking the cudgels for Region 8. I am pretty sure that the (people in) Eastern Visayas want to see it happen,” he said.

Noel is considered not to be a political ally of Rep. Romualdez as the

**Rep. Florencio ‘Bem’ Noel**

latter’s wife, Yedda, belongs to the Tingog party-list, fiercest political rival of An Waray party-list among voters in Eastern Visayas.

The An Waray party-list solon said that political differences should be set aside for the sake of the region’s interest.

“That has been always the case of An Waray; region’s interest first before anything else.

Meantime, Rep. Noel said that he would be glad also support on the possible run of Leyte Rep. Lucy Torres Gomez for a Senate seat.

“I will volunteer myself to be her campaign manager. I’m a fan of hers, she knows that,” he said.

He, however, said that he would not asked the lady

solon to run for senator saying that decision should come from her.

“That decision should come from the person who is running and not from me,” Noel said.

Torres Gomez, whose name figures high in different survey among possible Senate contenders, have yet to decide whether she would as a senator.

Earlier, her husband, Ormoc City Mayor Richard Gomez announced that while he would take the congressional post to be vacated by his wife, the lady solon would take his mayoralty post in next year’s elections.(**JOEY A. GABIETA/LIZBETH ABEL-LA**)

## DPWH celebrates its 123<sup>rd</sup> founding anniversary

NSSDEO, BARANGAY BURABUD, LAOANG, Northern Samar- The Department of Public Works and Highways (DPWH) celebrated its 123rd founding anniversary on June 23, 2021 with the theme "DPWH @ 123: Matatag na Imprastruktura, Laban sa Pandemya".

Hosted by Andro V. Santiago, OIC Director of Stakeholders Relations Service (SRS), a virtual program was held at the Central Office in Port Area, Manila.

In connection to the said celebration, the Northern Samar Second District Engineering Office (NSSDEO) spearheaded by Assistant District Engineer Charlito S. Carlobos attended the virtual program.

Together with ADE Carlobos were Administrative Section Chief Elvira Dones, HRMO Ma. Amparo Mariam Dapug, Procurement Unit Head Engr. Joseph Romance, PIO Unit Head Rey Orsua and some of NSSDEO employees.

The whole DPWH family participated in the on-line affair which includes thanksgiving mass, turn-over of commemorative painting, awarding of loyalty awardees and awarding of retirees.

An audio-visual presentation of the Department's accomplishments under the "Build, Build, Build" Program and anniversary message by Sec. Mark A. Villar were also part of the program.

Hanalyn Piang, president of DPWH Employees Union, led the presentation of Kalasag ng Kawani Award to Sec. Villar.

"Ang parangal na ito ay pagkilala sa matagumpay na pamumuno ni Sec. Villar para maibigay ang

kinakailangang tulong para sa lahat ng empleyado ng kagawaran sa kabila ng pandemya," said Piang.

Human Resource and Administrative Services (HRAS) Director Michael Villafranca organized the awarding of certificate of recognition and loyalty awards to 240 employees with 40 years in service and awarding of compulsory retirees.

In his message, Sec. Villar bade goodbye and extended his gratitude to his employees for their cooperation, saying it is his last time to speak in a DPWH Anniversary.

Sec. Villar also promised that he is always around for the DPWH Family.

He also said that the

DPWH had been at the forefront of saving lives by addressing the shortage in healthcare facilities by putting up modular hospitals, isolation and quarantine facilities and dormitories for healthcare workers.

"We dedicate this day to honor the men and women frontliners who continue save and serve our Kaba-

bayans," Secretary Villar said.

"We are confident that the "Build, Build, Build" Program will be able to deliver short and long-term impact from generating jobs to produce goods and services more efficiently. Let us continue to walk the path that we are walking on now, you will always have my support," Sec. Villar added.

Lastly, Dir. Santiago acknowledged everyone who supported the virtual anniversary program in coordination with social affair committee headed by Usec. Ardeliza Medenilla who organized the anniversary celebration.

## EVSU ranks high on survey among state universities and colleges in the region

TACLOBAN CITY- The Eastern Visayas State University (EVSU) has secured a 2nd place finish among the SUCs (state universities and colleges) in the region based on a recent published 2021 Philippine University Ranking.

In a statement on its official social media account, EVSU claimed that it has become a 'trailblazer of academic excellence in the region and beyond, amidst the global pandemic.'

It considered the pandemic caused by coronavirus disease (COVID-19) to be the watershed in these trying times since trans-

action is done online and digital visibility propels a knack for the institution to address the needs and concerns of the students.

UNIRANK, the leading international higher education directory and search engine featuring reviews and rankings of over 13,800 officially recognized Universities and Colleges in 200 countries, recently presented the 2021 Philip-

pine University Ranking of 232 Philippine Higher Education Institutions.

It ranked the institutions with the following criteria: being chartered, licensed, or accredited by the appropriate higher education-related organization; offering at least four-year undergraduate degrees (bachelor degrees) or post graduate degrees

## Region 8 embarks on 1M malunggay trees planting spree

TACLOBAN CITY – Eastern Visayas launched on Thursday (July 1) the planting of 1 million malunggay (moringa oleifera) trees as one of the highlights of the 2021 Nutrition Month celebration this July.

National Nutrition Council (NNC) regional nutrition program coordinator Catalino Dotollo, Jr. said the initiative supports this year's theme "Malnutrisyon patuloy na labanan, First 1000 days tutukan!" focusing on efforts on the first 1,000 days of life as the strategic intervention to prevent stunting and obesity.

The first 1,000 days cover the pregnancy period and the child's first two years of life and is also called the "golden window of opportunity" during which delivery of health, nutrition, and early learning interventions will result in optimum physical and brain development.

The NNC led the malunggay-planting activity at the Government Center in Palo town.

"Planting 1 million trees is realistic in the entire region. We also urge all government offices to take part by planting malunggay in vacant spaces within the premises of their offices," Dotollo said in a phone interview.

The NNC official said the initiative will also help decrease the proportion of anemia among our vulnerable population such as adolescent women, pregnant and lactating women.

Malunggay can also be used in various dietary supplementation programs.

"Malunggay is a viable and easy to propagate homegrown vegetable. It is a very good source of various minerals such as iron, calcium, potassium, zinc, magnesium, and copper. It is also rich in vitamins B such as folic acid, pyridoxine, and nicotinic acid, A, C and E," Dotollo added.

Regional Development Council-Social Development Committee (RDC-

SDC) chair George Colorado, regional director of the Commission on Higher Education, proposed the activity for inclusion in the 2021 Regional Nutrition Month plan as a major region-wide activity.

The RDC-SDC issued a memorandum enjoining all members of the committee to support the 1 million malunggay planting initiative.

Likewise, the Department of the Interior and Local Government in Region 8 will release a separate issuance enjoining all local governments to support the initiative, according to Dotollo.
