Bad weather blame for the mishap

1 dead, 15 survived in a sea incident in Ormoc wharf

JOEY A. GABIETA

TACLOBAN CITY- A vessel loaded with cargos and manned by 16 crew members capsized at the vicinity of the wharf in Ormoc City around 1 am Saturday (Sept. 25).

The MV Lite Ferry 3 was close to the city port when it sank due to strong waves, reports from the Coast Guard said.

Coast Guard commander for Eastern Visayas Angel Viliran said that the vessel was from Mandaue Ouano wharf in Cebu and loaded with no passengers except its crew members and skippered by Captain Carlos Rosolada.

The Coast Guard immediately conducted its search and rescue operations to the distressed vessel.

Viliran said that all crew members were immediately rescued and survived except for Raquel Alo, 33, see 1 dead /page 3 ...

SEA MISHAP. A female crew of the MV Lite Ferry 3 died while 15 others survived in a sea tragedy off the waters of the Ormoc City wharf last Saturday early morning. The vessel was from Cebu and was only loaded with its crew members and cargos.

Tacloban City Mayor Alfred Romualdez expressed his gratitude to the 90 residents of the city who completed a 15-day training on food processing under the Community Livelihood and Extension Program (CLEP) of the city government held last Sept.23. Aside from receiving certificates of completion and starting kits, the beneficiaries of the program also received P5,000 financial assistance from the city mayor.

RTRMF grad landed number two in this year's physician licensure exam

TOP NOTCHER. For the second time, Dickson Laude once again topped a licensure board examination. The 32-year old Talalora, Samar native placed second in this year's physician board examination, a fate he has achieved earlier when he also landed number three for the nursing licensure examination.

TACLOBAN CITY- Dickson Laude only hope to pass this year's medical board examinations.

But fate has other plans for him as he landed number two instead with a rating of 87.67 percent.

Acing a board examinations is actually nothing new to the 32-year old new doctor as he also landed number three when he took the nursing board licensure examination in 2009.

Laude, eldest son among three broods of a police officer, both took the Nursing

and Medicine at the Remedios Trinidad Romualdez Medical Foundation (RTRMF), based this city.

"A classmate of mine called me at around 6:30 pm last Friday to inform me that I landed number two in our board examinations. Of course, I was so ecstatic and praised God," he said in a phone interview.

All he wanted, he stressed, was pass the examinations as he admitted that he had some fear of not passing the exam.

Naval LGU launches electronic consultation program in Higatagan Island

TACLOBAN CITY – The local government unit of Naval in Biliran has launched the e-konsulta program in Higatagan Island providing free consultation to the residents in the comfort of their homes as a way to prevent the spread of coronavirus disease (COVID-19).

The electronic consultation program is in partnership with the Rural Health Unit of the municipality headed by Dr. Ralph Bueno.

“This program is a first time in our province,” Mayor Gerard Espina said, after the program was launched in Higatagan Island.

“I think this will become a game changer in providing basic health services to the people not only in our town but in the entire province,” he added.

The Naval town mayor said that with the program, residents of the

island would no longer need to travel for about an hour via boat ride to the town proper for a medical consultation.

Residents who benefited the e-consultation has no problem in getting a medicine since there is a ‘Botika sa Barangay’ Program in the island that was earlier opened by the local government.

At least 10 residents in the island were provided health services during the initial run.

The LGU and RHU also implemented the program as a way to decongest hospitals and health centers and to limit the face-to-face interaction between patients and doctors especially in this time that cases of Covid-19 continues to increase, Espina said.

Espina added that after launching it in Higatagan, the public will be provided schedule per barangay of the e-Konsulta. (ROEL T. AMAZONA)

E. Visayas regional trade fair exceeds sales target

TACLOBAN CITY – The first face-to-face Eastern Visayas regional trade fair held this pandemic has surpassed its sales target, benefitting 41 micro, small and medium enterprises (MSMEs) in the region, the Department of Trade and Industry (DTI) reported on Wednesday (Sept.22).

The Bahandi Food and Fashion Fair from Sept. 16 to 19 at the Robinsons Place here has generated P1.73 million sales, exceeding the P1.5 million projected sales, DTI Eastern Visayas regional director Celerina Bato said.

One of the major factors is the location of the venue near the local government’s vaccination site inside the mall.

“There were 1,000 individuals who were vaccinated each day. After their vaccination, people tend to drop by the trade fair,” Bato told the

(Photo courtesy of DTI Region 8)

Philippine News Agency (PNA).

Some of the new products featured in the sales event include marinated milkfish and kueking – an embutido (Filipino style meatloaf) roll made of shrimp, crab, and fish.

More seafood products were available than in the previous fairs.

To further boost sales, there was also a live online selling event on the second day through the DTI Region 8 Facebook page.

“Promotion through Facebook resulted to more people visiting the trade fair. National government agencies have invited buyers, such as owners of restaurants and stores to check the local products,” Bato added.

The official said this year’s Bahandi trade fair also paves way for assisted former rebels in Samar to “promote their products, improve on it and increase their capacity to do business as means of livelihood and support a sustainable change in their lives.”

The DTI is upbeat that in the succeeding fairs this year, more local entrepreneurs assisted by its various programs will participate in marketing events, especially those who launched their business during the pandemic.

The DTI will hold the Bahandi trade fair every month until December, giving all government

Sen. Lacson closes door for any possible united opposition in next year’s presidential derby

TACLOBAN CITY- Senator Panfilo ‘Ping’ Lacson has practically shut down any possibility of having a united opposition relative to next year’s presidential elections.

In an interview, Lacson, the standard-bearer of Partido Para sa Demokratikong Reporma, described as ‘very slim’ of a having a single candidate from the opposition considering that several aspirants have already formalized their intention to run for President.

“We did gave it a chance but it’s almost impossible since we already launched our candidacy and other candidates also announced their plans for the highest position(s) in the country,” he said on Saturday during a brief media interview.

“It’s a very slim,” Lacson added.

Lacson and his running-mate, Senate President Tito Sotto was in

Leyte and met with Governor Leopoldo Dominico Petilla together with former Energy Sec. Carlos Jericho Petilla and his wife Palo Mayor Frances Ann Petilla.

Talks of having a united opposition persists with the filing of certificates of candidacy will start on October 1 to 8.

Vice President Leni Robredo is making an effort to have a single candidate against the administration’s candidates to ensure their poll victory.

Aside from Lacson, other presidential aspirants who have already formally declared their bids were Manila Mayor Isko Moreno and Sen. Manny Pacquiao.

Also expected to make their bids are former senator Bongbong Marcos and even presidential daughter and Davao Mayor Sara Duterte.

Meantime, the Lacson-Sotto tandem is es-

NO UNITED OPPOSITION. So says Senator Panfilo ‘Ping’ Lacson amid continuing talks of effort to have a united opposition against the bets of the administration. Lacson, together with Senate President ito Sotto, was in Leyte last Saturday and held a consultative meeting with Gov. Leopoldo Dominico Petilla, former Energy Sec. Carlos Jericho Petilla and his wife, Palo Mayor Frances Ann Petilla. (LIZBETH ANN A. ABELLA)

pousing for all the provinces, municipalities, cities down to the villages to have an equitable budget shares.

“Budget reform is one of our priority. Budget should be shared (as the) national government has the bulk

of the budget. Local government unit chiefs knows the need and priorities and should not be dictated by the national government. There is a big disconnection, the reason why there are unused budget from

the national budget” Lacson said.

Sotto said that their team have been espousing Budget Reform Advocacy on Village Empowerment, (BRAVE) since 2016.

However, since they are in the legislative branch of the government, it was never fully implemented.

Sotto added that the budget, the people’s money, should reach the villages.

“There should be a reform in budget use,” he stressed.

DSWD Region 8 releases P75.39-M grants to poor families

TACLOBAN CITY – The Department of Social Welfare and Development (DSWD) has already released P75.39 million under the unconditional cash transfer (UCT) program for poor families in Eastern Visayas.

The distribution for the 2020 UCT grants, which started in August, has already benefited 20,942 recipients from the region's six provinces.

"This is a one-time payment for 12 months of 2020. Each beneficiary gets P300 monthly or a total of P3,600 for the entire year," said DSWD Eastern Visayas regional information officer Abelardo Bibat in a phone interview on Thursday.

The DSWD has identified 91,691 beneficiaries of the UCT program in the region's six provinces affected by price hikes due to the implementation of the Tax Reform for Acceleration and Inclusion (TRAIN) Law.

The region has an allocation of P330.08 million for UCT last year.

Bibat said the Landbank of the Philippines, local government units, and village officials are partners of DSWD regional office in distributing

FINANCIAL AID. A beneficiary receives a cash grant from the Department of Social Welfare and Development (DSWD) in this undated photo. cash cards to the beneficiaries of the UCT list in the region.

UCT cash card contains the 2020 cash grant of beneficiaries.

"There has been cash distribution in 2018 and 2019, but in 2020 the release has been delayed due to movement restrictions," he added.

Those who haven't received yet are asked to wait for local government announcements on the distribution schedule.

The DSWD is eyeing to complete the release of 2020 UCT funds, according to Bibat.

The program, also

known, as Tax Reform Cash Transfer (TRAIN) project is a cash subsidy provided for under the TRAIN law to help poor Filipinos cushion the adverse economic impact of the law.

The UCT refers to the social welfare benefit under the TRAIN in the amount of P200 per month in 2018; and P300 per month in 2019 and 2020.

UCT program aims to protect and improve the lives of the poor and vulnerable by providing welfare programs without any conditions upon the receivers' action.

(SARWELL Q. MENIANO/PNA)

They are running based on their 'excellent' track records, says Lacson and Sotto

TACLOBAN CITY – Surveys does not bothers them, at least for now.

This was disclosed by Senator Panfilo 'Ping' Lacson and his running-mate, Senate President Tito Sotto when asked on their standing on surveys among presidential and vice presidential candidates relative to the 2022 presidential elections.

The two were in Leyte to pay a courtesy visit to Governor Leopoldo Dominico Petilla last Saturday in Palo. Also present was former Energy Secretary, Carlos Jericho 'Icot' Petilla and his wife, Mayor Frances Ann Petilla.

The two officials, who were the first to announce their plan to run as president and vice-president in

next year elections, said that it is still too early.

They said that they will focus on presenting themselves based on their performance as senators and their track records, to include their works outside the Senate.

"Now that I am a senator, I am trying to serve the people in whatever capacity. We don't find na iba kami and concern namin first and foremost how to present ourselves to the electorate," Lacson said.

On the latest SWS survey, Lacson ranks sixth among the names of possible leading contenders for the presidency.

"We have a well-planned program for the government. We have our track record, if I may say so, excellent track record in gov-

ernment, in public service. We offer it to the people" Sen. Sotto said.

"We don't really mind who else is running. As a matter of fact, we will probably use the survey as a guide at the proper time," he added.

Sotto said that it is too early to react on survey results during this time because names on the list are not yet the final candidates for the forthcoming elections.

"The people don't know yet who is running. After the substitution, the survey will be a good guide, hindi ibig sabihin na yun ang lumabas sa survey, yun ang mangyayari," he said.

"It will give you a good perspective on how the voters are will decide," he added.

The filling of certificates

Soldier drowned while practicing swimming in Eastern Samar

TACLOBAN CITY- A soldier was reportedly died due to drowning in a river in Oras town, Eastern Samar on Sunday (Sept.26) night.

Based on the report of the Oras municipal police station, Private First Class Mark Anthony Castillo, 29, and member of the 52nd Infantry Battalion, went to the

river in Barangay Batang at around 7:20 in the morning to practice swimming.

But witnesses said that the soldier, who was from Bobon, Northern Samar, was later found dead with his lifeless body seen floating and immediately recovered by village police (barangay tanods) and his colleagues.

The victim was brought

to Oras Doctors Hospital but was declared dead on arrival by his attending physician, Dr. Mary Joy Antonnette Edep.

The remains of the Castillo was brought to 52nd IB headquarter which is based in Barangay Dao, also in Oras, for his family to claim.

(JOEY A. GABIETA)

1 dead...

...from Page 1

who was identified to be the pursuer of the vessel.

Her body was found under the cargoes.

Some of the survivors were brought to a hospital while others, to include the vessel captain, were brought to the Coast Guard office in Ormoc City.

Accordingly, the ship capsize after it tilted as it lost its balance as the cargos shifted due to the strong winds.

But Viliran said that they will be conducting further investigation on this incident as he ordered his personnel to secure the area for any possible oil spill.

It was learned that the vessel was carrying 4,000 liters of diesel fuel.

In a statement, the ship-

ping company confirmed the incident.

It said that they are in close contact with the Coast Guard in Ormoc City for further probe on the incident.

"At the moment, the vessel is partially submerged in the water. The company,

together with the Coast Guard is still trying to investigate the cause of the incident," it said.

"To our valued shippers and customers, we will be deploying a replacement vessel starting tomorrow to take the Cebu City to Ormoc City route," it added.

PNP in the region marks the 120th police anniversary

PBGEN ROMMEL BERNARDO A. CABAGNOT

PALO, Leyte- The Police Regional Office in the region under the leadership of PB/Gen. Rommel Bernardo Cabagnot observed the 120th Police Service Anniversary (PSA) celebration on Monday highlighted with the giving of awards and commendations to several police officers.

The event, held at the grounds of the Camp Ruperto Kangleon, the regional headquarter, was attended by former police regional director and now the chief of the directorial staff, Lt. Gen. Dionardo Carlos.

Cabagnot lead in the giving of awards to the 22 awardees.

"My congratulations to all our deserving personnel and unit awardees. Thank you for your dedication and hard work in your field of expertise. Your Team PRO 8 family is indeed so proud

of what you have become. Keep going in pursuit of excellence," he said.

Among the awardees was Col. Epe Rillo who received the 'Medalya ng Kasanayan' as he was adjudged as best senior police commissioned officer for administration and Col. Arnel Apud, the police provincial director for Northern Samar.

The Leyte Police Provincial Office was awarded as the best in the provincial level while the Tacloban City Police Office was adjudged as the best in the city category.

Non-lasting

While the rest of established, conventional vaccines could serve their purpose for years and even decades, those that they call COVID-19 vaccines have their efficacy that could only last for months—six months to be exact. Next to that, one would have to get a booster shot, whose repeated necessity could perhaps prolong for life.

Generally, vaccines aim to provide protection afforded by natural infections but without the risks of serious illness or death. A good vaccine enables someone to avoid infections despite his/her exposure to the virus. And its effect is usually long-term so as to really provide the necessary protection for individuals who are at risk to dreaded viruses.

If we examine the existing, common vaccines, we will notice that they had been designed to last long. Measles shots, for example, are effective for life. Chickenpox immunization protects one from ten to twenty years, while tetanus jabs could last for a decade or more. But when it comes to COVID-19 vaccines, their efficacy does not even last for a year.

Good if these are just affordable vaccines, easy to get without lining up for hours in the midst of huge crowds, and without sickening side effects!

Can you imagine the bother it gives as a result? You think you are already fit for work and travel without the risk of getting seriously ill just because you have been vaccinated. In fact, some are so happy they would have their pictures taken that they have hurdled this process, only to find out it will be good-as-useless in just a matter of six months! What is this? A scheme to fool people and put them under control while their money is being drained for said vaccine?

It's really disheartening to know how they developed these vaccines. If other vaccines can be made without needing indefinitely repeated boosters, if they can be designed to last for life almost, why can't they do it with these COVID-19 vaccines? You know, it only reinforces the conspiracy theory that this pandemic and its vaccination scheme are nothing but a hoax meant to take total control of people for a world order of some sort. This must be explained well.

Deplorable display of hubris

In Greek Mythology Daedalus, his father, warns that if Icarus will fly close to the Sun, he would melt those wings. Icarus, feeling the high of flying and

unmindful of Daedalus warning, his wings melted and he meets his death by drowning in the sea. Such was the tale of hubris in Greek Mythology.

Hubris, in Greek tragedy, is the excessive pride towards or defiance of the gods, leading to nemesis. The overbearing pride leads humans to follow paths or projects which leads to certain self-destruction.

Then again, some policemen whose hubris is in abundance, had its brothers and sisters in the organization get mud. The killing caught on cam of a 52-year-old woman and

the alleged accidental killing of one Autistic fellow muddled the already dirty face of the organization.

These among others are just a few of the numerous cases of abuse and documented killing that is beyond whitewash. The murder happening in our very eyes as it was caught on cam. The whole world is its witness. Those hapless individuals are being murdered thousands of times every single day. Every reply is a harrowing murder taking place, unfolding in our very eyes.

The saddest thing here

see Deplorable/page 5 ...

Commentary

FR. ROY CIMAGALA

God can call us in a surprise

THAT'S true! God can call us in a surprise. But that's not because of God who wants to surprise us. Rather, it is because of us. To be sure, everyone is called by God because we are supposed to be like him and to be with him, sharing in his life and in his work.

Insofar as God is concerned, our calling or vocation has already been made from all eternity. But insofar as we are concerned, yes, our vocation can come as a surprise, because we have been ignoring this basic aspect of our life and may have been living a rather colorful life until God's irrepressible intervention jolts us.

We all need to remind ourselves of this basic truth. All of us have a vocation. We have to sharpen that sense and make it the directing and shaping principle of our life.

Vocation is not only for a few, and for some special part of our life. It is for all of us, since as creatures and children of God, our relation with him is never broken. Our life will always be a life with him, whether we are aware of it or not.

God continues to be with us, and while respecting our freedom always, he calls us to him, for it is him, more than us, who directs and shapes our life. This is the essence of vocation—God calling us to share his life and activity with us, since we are his image and likeness.

Let's always remember that God created us

for a purpose. He did not create us just to leave us on our own. He created us to participate in his life and in his love which is the essence of God.

God can manifest this vocation to us in some dramatic way, often involving drastic changes in the recipients. God can enter into our lives and make his will more felt by us in some special way. Though we cannot help it, we should try our best not to be surprised by these possibilities.

Consider St. Paul, St. Augustine, the apostles themselves, and the patriarchs and prophets like Abraham, Moses, Jonas, Jeremiah, etc. Consider St. Edith Stein, and our very own St. Lorenzo Ruiz and St. Pedro Calungsod.

Their stories are full of drama and suspense.

Deplorable...

...from Page 4

is that it's not only Zinampan, Nuezca and the rest of the murderous ilk that is accountable every single police officer you see in the street or wherever is seen as a killer. Those furtive glances which people threw at these men in uniform are laced with the cyanide of mistrust, even if these officers and men are just law-abiding, loving, and kind as everyone else.

Two years back, I was heavily involved as a speaker for Police trainees at the PNP Training Center in San Jose, I had the opportune chance of discussing their tenets of accountability, responsibility, and respect for life. Spearheaded by the Couples' for Christ and me

St. Paul received his vocation while on a mad campaign to arrest the early Christians. St. Augustine, though gifted intellectually, had a colourful past. The apostles were mainly simple people, mostly fishermen.

St. Edith was an intelligent Jewish agnostic before her conversion. And our own Filipino saints were catechists doing some domestic work for some priests. All had their defects, and sins, and yet they became and are great saints.

Nothing is impossible with God, and with our trust and faith in him, we can also do what is impossible with God.

We have to feel at home with the idea, nay, the truth that all of us have a vocation. Let's not play blind and deaf. God's call is actually quite loud enough. And when we are given a special vocation, let's not be afraid, but rather go for it at full throttle.

Ok, we may hesitate at first, we can have doubts, but if we are honest, we will soon see there's nothing to be afraid about. God takes care of everything. All he needs is that we trust him, that we have faith in him, and that we try our best to cooperate.

from the Brotherhood of Christian Businessmen and Professionals we talked lengthily on these vital values. I am hoping I made my mark.

But being given these bitter dose of sad, harrowing events where policemen executes civilians who cannot even defend themselves from superior force armed and dangerous men who happen to be tasked with the duty of maintaining peace and order is downright deplorable.

But what leads these humans to shed their humanity and descend to the pit of animal behavior? That would be the proper question that should be answered by the policy-makers and high-ranking officers of the police.

Yes, as Zinampan once posted on his Facebook

High-Powered Objective

(S&T Enhanced Nations Have Edge)

DR. PACIENTE CORDERO, JR.

D A boasts corn farmers and industry

It may seem early to rejoice, but definitely something is "cooking" in the Department of Agriculture kitchen. The D A recipe should be palatable to our lowly corn farmers and a shot-in-the-arm for the country's Corn Industry.

Accordingly, "The Department of Agriculture (DA) is crafting a strategic and robust corn industry development roadmap which will address both the challenges and opportunities of the sector." To quote D A secretary Dr. William Dar he said that "Guided by the roadmap, our 'One-

DA Family', through the national corn program, will work doubly hard to increase the average yield per hectare and attain cost-efficiencies in the corn-feed-meat value chain, making it more competitive".

The following statistics show that the average annual yield of **yellow corn** is 4.18 metric tons per hectare, but when combined with **white corn**, the total average yield is reduced to merely 3.18 metric tons per hectare. This is in contrast to the average yield of **hybrid corn** is at least 8 metric tons per hectare.

Letters should be as brief as possible, and sent with the writer's name, signature, address and phone numbers (if any) to:
"Letter to the Editor",
Leyte Samar Daily Express.
They may be edited for length and clarity

Account the sin of one is not the sin of all, Nuezca Zinampan said is not the entire PNP. Right now, I would also say he is not PNP. But in all, these facts are indisputable there is a need to reform, look into the workings of the psyche of these men. Check their Hubris, make some decisive actions that can somehow bring back the fading trust of the people. For the hundreds of thousands that the organization is composed of, there lies a few misguided elements that throw mud rather in alarming regularity. How can we stop all these?

Pray the Holy Rosary daily for world peace and conversion of sinners (The family that prays together stays together)

Prayer for the Nation and for Those who Serve in Public Office

God, our Father, you guide everything in wisdom and love. Accept the prayers we offer for our nation, by the wisdom of our leaders and integrity of our citizens, may harmony and justice be secured and may there be lasting prosperity and peace.

Almighty and eternal God, You know the longings of our hearts and You protect our rights in your goodness, watch over those in authority, so that people everywhere may enjoy freedom, security and peace.

We ask this through our Lord Jesus Christ, your Son, who lives and reigns with you and the Holy Spirit, one God, forever and ever, Amen. (Courtesy of Daughters of St. Paul)

D A finally says that "The roadmap is therefore envisioned to be wholly owned by the industry, and responsive to the aspirations of corn farmers and industry stakeholders who are dependent on this major commodity as a source of livelihood, employment, and income."

I dare say that the D A's proposed roadmap would be beneficial to the Region 8 corn farms as other idle farmlands could be converted into cornfields (possibly using hybrid corn) to boast yield. As of now, the known corn producing regions are Cagayan Valley, Northern Mindanao, and SOCCSKSARGEN. Also, it is a known fact, that the Bisayans in Regions 6, 7, and 8 are corn-eating mammals – owing to their sturdy physique. That there are value-added food prepared from corn only known among the Bisayans are plus factors with the anticipated increase in corn production in the Visayan regions. One welcomed assistance is to provide hybrid certified corn seeds, fertilizer, start-up capital, mechanical farm equipment.

Adapting the New Learning Modality: Castilla Elementary School ensures learning continue even at home

BY: JASON DACILLO

Castilla Elementary School Palo 1 District is now ready for year 2 implementation of Printed-modular distance modality.

Castilla Elementary School of Palo I District headed by our great school leader, our very own School Head Lois Abigail B. Parado and through the uncompromising efforts of our dynamic and ever supportive District-in-Charge Dr. Melfe Grace A. Sanchez with the endless support of our barangay chairman Hon. Beatriz P. Dacillo and its barangay council and to the highly competent and deeply motivated teachers of Castilla Elementary School successfully open Oplan Balik Eskwela for the S.Y. 2021-2022 and its year 2 implementation of modular distance learning modality as a mode to address the very challenging learning modalities applicable during this time of pandemic.

Since face-to-face classes are not yet allowed in most part of Division of Leyte, Castilla Elementary School together with other schools of Palo 1 District implement the printed modular distance modality.

Based on the Learner Enrollment and Survey Forms (LESFs) distributed during the enrollment period of all the alternative learning modalities offered by the Department of Education (DepEd) this school year, most student prefer to use "printed modular" distance learning option.

Castilla ES adapt and equipped with this changes and to address this new normal learning by shift-

ing to distance or modular learning.

With this strategy, we can ensure learning continuity. These concerns are not for teachers alone but also with the collaboration of all DepEd forces teaching staff as well as the learners and stakeholders.

The Oplan Balik Eskwela and the implementation of our second year modular distance learning modalities was graced by our School Head Lois Abigail B. Parado. Castilla Elementary School was very ready to start the distance learning modality and successfully followed the safety protocol set by the local IATF.

In behalf of Castilla Elementary School Palo 1 District I extend my heartfelt gratitude to our stakeholders and to those who in one way or another who extend their benevolence of whatever nature.

Words are inadequate to express our gratitude to all. Rest assured that through your undying support will give rise to a positive implication to all teachers to do good and better in this discharging our duties and responsibilities as a public servant.

Kudos to our Leaders! Castilla Elementary School of Palo 1 District is now ready to start and serve our clientele with these distance learning modality in our municipality.

(Note: The author is a Teacher III of Castilla Elementary School of Palo 1 District)

**LIST OF DELINQUENT REAL PROPERTY OWNERS: PRIOR YEARS
AS OF DECEMBER 31, 2020.**

By virtue of Section 254 of Republic Act No. 7160, otherwise known as the Local Government Code of 1991, the undersigned hereby give notices that unless the tax and penalties are paid within a considerable period of time, the delinquent real property listed below will be **sold for public auction** and the title to the property will be vested in the purchaser, subject however to the right of the declared owner of the property or any person having legal interest therein, to redeem the property within one (1) year from the date of sale. Personal property may likewise be distrained to effect payment. However, at any time before the distraint of personal property, payment of the tax with surcharges, interest and penalties maybe made in accordance with Section 255 of the Local Government Code.

ment-assisted MSMEs the chance to showcase their products inside the mall.

Holding four trade fairs will help ensure compliance with minimum public health standards, Bato said.

Bahandi, the local term for wealth, is a regular trade fair organized by the DTI in malls based in the National Capital Region and Tacloban City.

The last face-to-face Bahandi trade fair was in 2019 at SM Megamall in Mandaluyong City.

Village placed under 14-days lockdown due to increasing COVID-19 cases

TACLOBAN CITY – A village in Tarangan town in Samar was placed under lockdown for 14 days which started last Saturday (Sept.25) due to its increasing number of coronavirus disease (COVID-19).

Placed under lockdown by Mayor Arnel Tan was Barangay Cambatutay Nuevo which has at present has nine active COVID-19 cases with one death.

“There is an increasing trend of positivity rate every generation of close contacts in the area and an apparent negligence on following of the minimum standard health protocols in the locality,” the town mayor said.

For 14-days, village officials who are not identified as close contacts need to follow the minimum health protocols and those who are considered as close contacts and infected are to be attended or quarantined.

Each household in the village will have one member who will be allowed to go out of their house for the purpose of buying essential needs and for livelihood purposes.

Those who are allowed to go out need to present a quarantine pass to the person in authority.

The LGU will also provide food packs to the affected residents to ensure that their needs are properly provided.

The mayor added that policemen are also deployed in the area to enforce order and those who will violate and apprehended will be penalized.

Leyte Governor Leopoldo Dominico 'Mic' L. Petilla expressed his elation with the approval of the provincial development physical framework plan for 2019-2029 by Human Settlements and Urban Development Sec. Eduardo del Rosario. The governor gave his praise to the personnel of the provincial planning and development which is headed by Corazon Alvero during a virtual presentation of the program last Sept. 14 held at the New Governor's Office at the Government Center, Candahug, Palo. The governor also approved for the release of P120 million for the construction of three evacuation centers. (GINA P. GERREZ)

He directed both PDEA and PNP Gov. Petilla calls for continued greyhound operations in all Leyte jails

TACLOBAN CITY – The conduct of greyhound operation in various jails in Leyte province should be continued, according to Leyte Governor Leopoldo Dominico Petilla during the joint Provincial Peace and Order Council and Provincial Anti-Drug Abuse Council meeting.

Petilla has ordered the provincial administrator's office to coordinate with the Leyte Police Provincial Office (LPPO) and the Philippine Drug Enforcement Agency (PDEA) on this campaign.

"Let us make this as a regular activity to conduct surprise inspection in all jails in the province because during the previous operations, there were contrabands that were confiscated during the operations," the governor said.

LPPO and PDEA officials who attended the meeting reported to Petilla that they did not stop in conducting greyhound operations.

They added that they will consider the order of the governor to ensure that illegal drug operations inside

jails could be prevented.

During the joint meeting, the LPPO reported that of the 130 police operations conducted from January 1 to August 31, a total of 146 persons were arrested while two died during the operations.

They also confiscated a total of 329.35 grams of shabu, and 20.26 grams of marijuana, with a total street value of more than P2.319 million.

They were also able to file 281 cases in court.

Meanwhile, based on the record of PDEA, they were able to conduct a total of 35 buy-bust operations in the province from July 1 until September.

During these operations, 40 drug personalities were arrested who were in possession of combined 17.197 grams of shabu and 5.3657 grams of marijuana.

Three of the arrested illegal drug personalities were considered as high-value targets.

Moreover, on the 1,393 villages of the province, 1,022 are affected by illegal drug operations with 371 are non-affected.

Of the affected village, 929 are already declared as drug cleared villages while 93 remains uncleared, PDEA said.

In fact, he fined one of the subjects of the examination, internal medicine, difficult as questions of the said subject were not among he encountered during his review.

Laude, a native of Talalora town in Samar where his father serves as deputy police officer, was among the 36 successful board examinees from their school. They were 44 who took the examinations.

Laude said that he would take a break for a while then take his residency.

From there, Laude said, he would decide where he would practice his profession whom he said he only took upon the proddings of some of his friends.

The newly-minted doctor worked as a nurse in Saudi Arabia for two years until he returned to the country in 2015 where he volunteered with the Philippine Red Cross, doing medical works in areas still recovering from the onslaught of Super Typhoon "Yolanda" that hit Eastern Visayas in 2013.

His father, Police Executive Master Sergeant Danny Laude, was happy and proud of the achievement of his only son.

"He is really a good son and religious person. He gave Bibles to me and to my wife and I entrusted my ATM card to him so he could buy all his school needs," he said.

His wife, Marita, works at the Talalora municipal government with his sisters Daphe, 27, working as a social welfare officer, and Diane, 25, who practicing her work in the field of information technology. (JOEY A. GABIETA)

NSSDEO employees organize send-off party for Engr. Montubig

NSSDEO, Brgy. Burabud, Laoang, Northern Samar- As gratitude and honor for the retiring chief of the Construction Section, the Northern Samar Second District Engineer Office (NSSDEO) employees led by District Engineer David P. Adongay, Jr. prepared a send-off party for Engr. Nilo B. Montubig on September 13, 2021 at the NSSDEO Multipurpose Hall.

Engr. Montubig rendered government service thru the Department of Public Works and Highways for 42 years. He started working at the then Ministry of Public Highways on October 1, 1979 as Junior Civil Engineer with a starting salary of P24.00 per day.

He also became Geodetic Engineer, Senior Civil Engineer, Supv. Civil Engineer, Engineer II and Engineer III. And later, he became the chief of Construction Section.

Together with DE Adongay and Assistant DE Charlito Carlobos, all DEO section chiefs and unit heads delivered their complimentary messages for Engr. Montubig. Then, a plaque of recognition was presented to him in acknowledgement of his meritorious service to the Department for a period of 42 years.

In his message, Engr. Montubig expressed his thanks for the teamwork and support shown to him during his time as the chief of the

Construction Section. He likewise conveyed his gratitude to the NSSDEO management for the trust and support extended to him in his whole stint with the agency.

"During my time, noong bago palang ako, naexperience ko din na mapagalitan ng boss ko. Kaya ang advice ko kung sino man ang pumalit sa posisyon ko, gawin ng mabuti ang trabaho at sundin ang mga proseso at ang mandato ng departamento," Engr. Montubig said.

The affair winded-up with the employees accolades and well wishes for the retiring official. (REY M. ORSUA, INFORMATION OFFICER/PR)
